Right of Way Items

Right of Way-Route FAI 101-2(2)

37. There are presented two additional sheets of the General Property Parcel Map on Route FAI 101-2(2), from Netcong to Denville; together with memorandum from Mr. F.L. Gerard which has been approved by Mr. Giffin and Mr. Fritzsche.
On November 26, 1956, the Bureau of Public Roads approved this project for Federal Participation. On April 30, 1957, three sheets of the Property Plan were approved and authority was granted to set up the sum of $6,600,000 (the estimated cost of right of way on this entire project.) It is recommended that these two additional sheets be approved subject to such changes as may be necessary in order to conform with the construction plans as finally adopted and approved, and that authority be granted to negotiate for the acquisition of the necessary right of way.

38. There is presented an additiona sheet of the General Property Parcel Map on Route FAL 101-2-(2), Netcong to Denville; together with memorandum from Mr. F.L. Gerard, which has been approved by Mr. Giffin and Mr. Fritzsche.
On November 26, 1956, the Bureau of Public Roads approved this project for Federal Participation. Five (5) sheets of the property plan were previously approved and authority was granted to set up the sum of $6,600,000 (the estimated cost of right of way on this entire project.) It is recommended that this additional sheet be approved subject to such changes as may be necessary in order to conform with the construction plans as finally adopted and approved, and that authority be granted to negotiate for the acquisition of the necessary right of way. (May 7, 1957)

Right of Way-Route 29 Freeway

39. There is presented purchase agreement on Route 29 Freeway, Section 13, from Aberfeldy Drive to Calhoun Street; Parcel 30, Arthur J. Lichtenberg & Wife, consideration $2,250. Approval is recommended. (May 1, 1957)

Right of Way-Blue Star Drive

40. There is presented a report in the matter of acquisition of prperty from Leo Bieszczak. In 1955 an appeal was authorized from a condemnation commissioners award in the sum of $40,000 at which time the acquisition from the Bieszczak property was designated as Blue Star Drive, Section 1, Parcel R29. It was subsequently determined not to acquire this property on Blue Star Drive, but to acquire it in connection with Route 29 (1927), Section 4Widening, Route U.S. 22 (1953), Mountainside to Somerset County Line, on which plan the parcel is now designated as Parcel 91. Continued negotiations have resulted in the execution of deed and agreement covering Parcel 91 in the sum of $8,700 (State to construct a 25 ft. wide bituminous paved driveway and relocate and connect water main and water meter.) Because of the controversial elements involved in this case and to avoid the cost of litigation, it is recommended that the agreement be approved and that the appeal previously authorized on Blue Star Drive, Section 1, Parcel R29 be discontinued.
(May 1, 1957)

Right of Way-Blue Star Drive

41. There is presented a report in the matter of acquisition of property from Fanny Picut. In 1954 an appeal was authorized from condemnation commissioners award in the sum of $60,000 at which time the acquisition from the Picut Property was designated as Blue Star Drive, Section 1, Parcel R28. It was subsequently determined not to acquire this property on Blue Star Drive, but to acquire it in connection with Route 29 (1927), Section 4 Widening, Route U.S. 22 (1953), Mountainside to Somerset County Line, on which plan the parcel is now designated as Parcel 89. Continued negotiations resulted in the execution of deed and agreement covering Parcel 89 in the sum of $18,500 (State to construct a 25' wide bituminous paved driveway.) Because of the controversial elements involved; the possible claim for interest over a three-year period; and the cost of further litigation, it is recommended that the agreement be approved and that the appeal previously authorized on Blue Star Drive, Section 1, Parcel R28 be discontinued. 55. There is presented again the matter of acquisition of property on Route 4, Sections 4F & 5C Widening, Route 208 (1953) to Route 17, Parcel 18, Suburban Auto Sales, Inc. An appeal was previously authorized from a condemnation commissioners' award in the sum of $57,000 plus interest from the date of entry, 8/30/55. Continued negotiations have resulted in the execution of an agreement in the sum of $53,500. In order to avoid the expense of further litigation, it is recommened that this agreement be approved and that the appeal previously authorized be discontinued upon delivery of deed and approval of title. (May 13, 1957)

Right of Way-Route 17 Widening

56. There is presented again the matter of acquisition of property on Route 17, Section 9 Widening, New York State Line to Franklin Turnpike, Parcel 50, North Jersey "U" Drive Company. Condemnation proceedings were previously authorized, at which time the owner's demands were unknown. During negotiations a controversy arose over the proposed channel relocation. This matter has been settled by the owner relocating the channel to the satisfaction of the State. An agreement has now been executed and submitted in the sum of $8,500 plus the conveyance of Parcel 40X on Route 2 (1927), Section 7. (The estimated value of Parcel 40X is $25.) It is recommended that this agreement be approved and that condemnation proceedings previously authorized be discontinued upon delivery of deed and approval of title. (May 9, 1957)

57. There is presented again the matter of acquisition of property on Route 17, Section 9 Widening, New York State Line to Franklin Turnpike; Parcel 105. An agreement in the sum of $150 was previously approved with Giacomino Veltri & wife. The completion of the title search revealed this property to be owned by Cities Service Oil Co. Negotiations with this company have resulted in the execution of an agreement in the sum of $250. It is recommended that this agreementbe approved and that the previous action be rescinded. (May 9, 1957)

Right of Way-Rt. 25 (1927), U.S. 130(1953)

58. There is presented again the matter of acquisition of property on Route 25(1927), Section 31, Route U.S. 130 (1953), Kaighn Avenue to Union School House Road; Parcel 10, Michael S. Kouvata and wife. Condemnation proceedings were previously authorized at which time the owners were demanding $1,500. Continued negotiations have resulted in the execution of an agreement in the sum of $800. It is recommended that this agreement be approved and that condemnation proceedings previously authorized be discontinued upon delivery of deed and approval of title. (May 9, 1957)

Right of Way-Route 29A(1927). Rt.29 (1953)

59. There is presented again the matter of condemnation of lands on Route 29A(1927), Section 4, Route 29 (1953), from One Mile North of Byram to Kingwood Station, Parcels 9A,9B & 9C, Frank W. Bohren & wife. An appeal was previously authorized from a condemnation commissioners' award of $5,650 plus interest. Continued negotiations have resulted in the execution of an agreement in the sum of $4,500. In order to avoid the cost of further litigation and the payment of interest, it is recommended that this agreement be approved and that the appeal, previously authorized, be discontinued upon delivery of deed and approval of title. (May 13, 1957)

Bri.
Right of Way-Route 37,Island Hgts.-Seaside Hgts.

60. There is presented again the matter of acquisition of property on Route 37, Island Heights to Seaside Heights Bridge over Barnegat Bay & Approaches; Parcel R2, George Benas & wife. Condemnation proceedings were previously authorized at which time the owners were demanding $60,000. The condemnation commissioners were sworn in but no testimony was presented because the attorney for the owners requested a conference to effect a possible settlement. As a result of this discussion, an agreement was executed in the sum of $35,000 - owner to vacate the premises by November 1, 1957. (cont'd)

(cont'd)

Because of the uncertainty of litigation and in order to avoid the payment of interest, it is recommended that this agreement be approved and that condemnation proceedings previously authorized be discontinued upon delivery of deed and approval of title. It is further recommended that authority be granted to dispose of the building to the best advantage to the State. (May 13, 1957)

Right of Way-Route 38, Section 1, Widen.

61. There is presented again the matter of acquisition of property on Route 38, Section 1 Widening, from Connecting Road to Kings Highway; Parcel R30A, F.M.S.M. 63. There are presented report and appraisals with map and description on Route S4B (1927), Section 1, Route 4 (1927), to Goffle Road, Parcel 131, Edward Vanderfliet & wife. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple, subject to any public utilities existing in the premises. The Title is involved. (May 13, 1957)

Right of Way-Route 21 Freeway

64. There are presented report and appraisals with map and description on Route 21 Freeway, Section 1, Rutgers Street, Belleville to Route 3, Clifton, Parcel R-16, American Dyewood Company. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple, subject to any public utilities existing in the premises. The owners are demanding $465,000 which is considered excessive. (May 9, 1957)

Right of Way-Route 17 Widening

65. There is presented again the matter of condemnation of lands on Route 17, Section 9 Widening, New York State Line to Franklin Turnpike, Parcel 38, Sinclair Refining Company. At the trial before a jury, the testimony presented on behalf of the owner ranged from $60,000 to $67,000 and the testimony on behalf of the State ranged from $35,015 to $36,400. A judgment has been entered in the amount of $48,190 - including interest at $3,190 from January 16, 1956 to the date of judgment. It is recommended that this judgment be approved, plus interest to the date of payment. (May 8, 1957)

Right of Way-Rt. S4B (1927), Rt. 208 (1953)

66. There is presented again the matter of condemnation of lands on Route S4B (1927), Section 1, Route 208 (1953), Route 4 (1927) to Lafayette Avenue, Maple Avenue Intersection, Parcel 119, Monroe Singer. Prior to the hearing in this case, a conference was held, as a result of which a settlement was agreed upon in the sum of $15,000. The commissioners were then sworn in and made an agreed award in the sum of $15,000 without interest. It is recommended that this agreed award be approved. (May 13, 1957)

Right of Way-Route 21 Freeway

67. There is presented again the matter of condemnation of lands on Route 21 Freeway, Section 1, Rutgers Street, Belleville to Route 3, Clifton, Parcels 6A & 6B, Linda Brolo, et al. The condemnation hearing was interrupted for a discussion of a possible settlement of the case, as a result of which the sum of $24,300 was agreed upon. Subsequently, the commissioners entered an agreed award in the sum of $24,300 without interest. It is recommended that this agreed award be approved. (May 8, 1957)

- - - - - - - - - -

68. There is presented again the matter of condemnation of lands on Route 21 Freeway, Section 1 Rutgers Street, Belleville to Route 3, Clifton, Parcels 8A & 8B, Elsie L. Murphy. Shortly after the condemnation commissioners were sworn in, the owner's attorney requested an adjournment for discussion of settlement, as a result of which the sum of $16,500 was agreed upon. The commissioners entered an agreed award in the sum of $16,500 without interest. It is recommended that this award be approved. (May 8, 1957)

Right of Way-Route 42, No.-So. Freeway

69. There is presented again the matter of condemnation of lands on Route 42, Section 14, Big Timber Creek to Coles Road, Blenheim, Parcel 44, Caleb Davidson et al. At the hearing before condemnation commissioners, testimony on behalf of the State was in the sum of $380.55 and the testimony on behalf of the owner was $750. The commissioners made an award in the sum of $575 plus interest from October 28, 1956, the date of entry. It is recommended that this award be approved. (May 8, 1957)

Right of Way-Route 17 Widening

70. There is presented again the matter of condemnation of lands on Route 17, Section 9 Widening, New York State Line to Franklin Turnpike, Parcel 88, McKee Bros. At the hearing before condemnation commissioners, testimony presented by the owner totaled $220,738 - comprising $76,838 for land and $143,900 for rehabilitating the McKee Brothers' plant. The testimony presented by the State was in the sum of $26,270 for land; no testimony being presented involving plant machinery. The commissioners rendered an award in the sum of $92,083. Inasmuch as this award includes an allocation for rehabilitation of the plant, which we contend should not have been considered, it is recommended that an appeal be authorized. (May 8, 1957)

Right of Way-Route 56

71. There is presented deed for conveyance of Parcel R11C2, Route 56, Section 3, Shore Road, City of Absecon to Beach Thorofare, Atlantic City, together with report from the Title Officer. This conveyance is being made in accordance with an agreement approved by the State Highway Commissioner April 25, 1957, under the terms of which E.H. & M. Corporation has conveyed to the State Parcel RW11C at a consideration of $1.00, plus conveyance of Parcel R11C2. It is recommended that the deed from the State to E.H. & M. Corporation, covering Parcel R11C2 be executed, and authority granted to make delivery of same. The State Highway Commissioner does hereby determine that Parcel R11C2 is no longer required for the use of the State of New Jersey in the improvement, betterment, reconstruction or maintenance of any State Highway. (May 9, 1957)

Respectfully submitted,

Right of Way-Route 29 Freeway

62. There is presented again the matter of condemnation of lands on Route 29 Freeway, Section 13, from Aberfeldy Drive to Calhoun Street, Parcel 32, Helen G. Saks et al. At the hearing before Condemnation Commissioners, no witnesses appeared on behalf of the owner. The testimony on behalf of the State was in the sum of $3,950.00. The Commissioners made an award in the sum of $5,600.00. It is recommended that an appeal be authorized. (May 24, 1957)

Right of Way-Route 17 Widening

63. There is presented again the matter of acquisition of property on Route 17, Section 9 Widening, New York State Line to Franklin Turnpike; Parcel 97, Joseph G. Krause et els. Condemnation proceedings were previously authorized at which time the owners refused to state their demands. Our Title Bureau now reports that this parcel lies within the bed of a dedicated street called Harold Avenue. In viewof this fact it is recommended that condemnation proceedings previously authorized for Parcel 97 be discontinued and that the parcel be taken over by an appropriate resolution. (May 24, 1957)

Right of Way-Route 17

64. There is presented again the matter of acquisition of property on Route 17, Section 6D, Fairview Avenue Ramp, Parcel 4, Wilbur Weisgerber & wife, on which an agreement in the sum of $1,800 was previously approved. Subsequently the owner expressed a desire to secure from the State Parcel X99 on Route 6, Section 7, as part consideration for the conveyance of Parcel 4 (Route 17, Section 6D. An agreement has now been executed providing for the conveyance of Parcel 4 to the State at a consideration of $1,750, plus conveyance of Parcel X99 on Route 6, Section 7. It is recommended that this agreement be approved and that the previous agreement in the sum of $1,800 be rescinded. (May 24, 1957)

Right of Way-Route 21 Freeway

65. There are presented report and appraisals with map and description on Route 21 Freeway, Section 1, Rutgers Street, Belleville to Route 3, Clifton, Parcel 75, Riverside Service, Inc., It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple, subject to any public utilities existing in the premises. The owners are demanding $19,000, which is considered excessive. (May 24, 1957)

- - - - - - - - -

66. There are presented report and appraisals with map and description on Route 21 Freeway, Section 1, Rutgers Street, Belleville to Route 3, Clifton, Parcel 76, Ralph Ruhe and wife. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple, subject to any public utilities existing in the premises. The owners refuse to state their demands. (May 24, 1957)

Right of Way-Route 23

67. There are presented report and appraisal with map and description on Route 23, Sections 7 and 9, Stockholm to Hamburg; Parcels E6D2-E6E and E6F1, John J. Koller. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of slope and drainage easements subject to any public utilities existing in the premises. Owner demands the sum of $2,500 which is considered excessive. (May 24, 1957)

Right of Way-Route 25(1927)

68. There are presented report and appraisals with map and description on Route 25 (1927) Section 9A, Pennsauken Creek to Haddonfield Road, Parcel 7, Frank J. O'Neill and wife. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple, subject to any public utilities existing in the premises. Owners do not state their demands. (May 24, 1957)

Right of Way-Route 17 Widening

69. There is presented again the matter of acquisition of property on Route 17, Section 9 Widening, New York State Line to Franklin Turnpike; Parcel 87, Sophie Vanacek, (Widow) in which an agreement in the sum of $9,100 was previously approved. This agreement contained a clause to the effect that if an examination of title disclosed any facts which would render title unmarketable, the State shall have the option of taking title as is; or void the contract upon seller's inability to clear the title defect. Our Title Bureau now reports that Parcel 87 lies entirely within the bed of a dedicated street, therefore, the agreement with Sophie Vanacek cannot be consummated. It is, therefore, recommended that this agreement be rescinded and that Parcel 87 be taken over by an appropriate resolution. (May 24, 1957).

NO. 17 - 1957

Right of Way-Route 29 (1927) —

70. There is presented a report from the Title Officer with reference to property of the Island Restaurant (George Bennett) on Route 29 (1927) Section 2D, Morris Avenue, Union to Rahway River. Mr. Bennett has entered into a contract to sell his property and finds that the State of New Jersey has title to Parcels V63A, V63B, V63C and V63D, by reason of the vacation of Lafayette Avnnue and Sidney Place by the Township of Union. It is further claimed by his Title Company that the State has some interest in Parcels V64A and V64B, by reason of a certain clause in the deed from Hubert A. Doll (former owner), dated February 18, 1941. This situation places a cloud upon the title held by Island Restaurant and is preventing the consummation of an agreement of sale already entered into for his entire holdings. The Division of Roads has determined that these parcels are not required by the State, and Mr. Rigby has consented to their sale, subject to slope and drainage rights and denial of access to the turnabout at about Station 350. Appraisals made indicate that they have a value of approximately $75.00. In order to assist the property owner in perfecting his title, it is recommended that authority be granted for the immediate public sale of Parcels V63A, V63B, V63C and V63D, together with whatever right, title and interest the State may have in Parcels V64A and V64B, based upon a minimum guaranteed bid of $175 ($75 for the parcels and $100 to cover the expense of the sale).

Respectfully submitted,

Maintenance Item

Stickel Bridge
Rt.25A(1927),Rt.58(1953), Painting William

19. There is presented herewith a memorandum from the Assistant Supervising Engineer, Bureau of Maintenance, reporting the completion of the painting of the steel superstructure of the William Stickel Bridge, over the Passaic River, on State Highway Route 25A 91927) Route 58 (1953) in the City of Newark,

in Essex County and in the Town of Harrison, in the County of Hudson, under contract by the Vassilaros Contracting Company, Inc., The work was finally completed on May 28, 1957. As outlined in the memorandum, the specifications called for completion in 60 working days, but 106 working days actually elapsed before completion of the work, with the result that the contractor is subject to a deduction of 46 days at $20.00 per day from any monies due, not as a penalty, but as liquidated damages. In view of the circumstances outlined in the memorandum, it is herewith recommended that the work be accepted, subject to a deduction of 46 working days at $20.00 per day, or a total amount of $920.00, and that final payment be authorized less this amount of $920.00. Right of Way Items

Right of Way-Route FAI-108-2(6)

41. There are presented 11 Sheets of the General Property Parcel Map on Route FAI-108-2-(6), from Route 73 to Marne Highway, (Station 46 to Station 293) together with a memorandum from Mr. F. L. Gerard, which has been approved by Mr. Giffin and Mr. Fritzsche. On March 13, 1957, the Bureau of Public Roads approved this project for Federal Participation. It is recommended that these 11 Sheets be approved subject to such changes as may be necessary in order to conform with the construction plans as finally adopted and approved, and that authority be granted to negotiate for the acquisition of the necessary Right of Way. The estimated cost for this entire project is $750,200; and authority is requested to set up this amount, (of which $675,180 will be Federal Aid Interstate Funds and $75,020 will be State funds). (May 29, 1957)

Right of Way-Intersec.Hudson Blv. & 28th St.

45. There is presented a report from the Title Officer, together with a release of slope rights from the State of New Jersey to Leonard Lever affecting property near the intersection of Hudson Boulevard and 28th Street in the Township of North Bergen (Port of New York Authority, Lincoln Tunnel Approach, South Marginal Road). These slope rights were previously acquired from the Port of New York Authority by deed dated January 22, 1957. As these slope rights are no longer necessary, it is recommended that the Release of Slope rights be executed by the State Highway Commissioner. (June 4, 1957).

Right of Way-Route 17 Widening

46. There is presented again the matter of acquisition of property on Route 17, Section 9 Widening, New York State Line to Franklin Turnpike, Parcel 50, North Jersey U Drive Company, together with a report from the Title Officer. An agreement was previously approved in the sum of $8,500, plus conveyance of Parcel 40X on Route 2, Section 7. An investigation of title discloses that the premises in question are subject to an easement held by the Tennessee Gas Transmission Company. It is recommended that title to this parcel be accepted subject to any interest which the Tennessee Gas Transmission Company may have by reason of its easement. (June 4, 1957)

NO. 19 - 1957

STATE OF NEW JERSEY
STATE HIGHWAY DEPARTMENT
TRENTON

SCHEDULE OF APPROVALS - JUNE 13, 1957

Administration Accounting-Claims-Settlements

1. This claim arises out of an accident occurring on October 16, 1956, involving a Highway Department vehicle operated by Albert A. Orsi, and a vehicle owned and operated by George L. Voorhees. As the result of the aforesaid accident, the State vehicle was damaged and had to be repaired at a cost of $72.18. The insurance company representing the other party denied liability and refused to honor the claim on the grounds that their vehicle was stopped at the time of the impact and that the Highway vehicle ran into them. Our driver contends that the Voorhees' vehicle had been parked, and as the State vehicle approached, he started to creep ahead very slowly, and without warning, pulled from the right lane towards the opening in the center island, and that the Highway vehicle did not have sufficient time to avoid the collision. The State Police report seems to substantiate the Voorhees' version of how the accident occurred. Subsequent negotiations have resulted in the insurance company's agreeing to pay 50% of our damages in order to dispose of this claim on an amicable basis. In view of the circumstances under which the accident occurred, the Claims Bureau feels the State would be justified in accepting the offer of settlement in the amount of $36.09 in full settlement of the State's claim, in accordance with Mr. Levine's memorandum, attached hereto, and the approval of the Deputy Attorney General for the Highway Department. (June 10, 1957)

Accounting-Claims-Settlements

2. This claim arises out of an accident occurring on November 4, 1956 on US Route 1 and US Route 22, Newark Junction, New Jersey, involving a vehicle owned and operated by Robert Jensen. As the result of the aforesaid accident, two Highway electric signs were damaged and had to be repaired at a cost of $271.62. Mr. Jensen's wife was killed as a result of this accident. The Claims Bureau is in receipt of a letter from an attorney representing Mr. Jensen stating that Mr. Jensen's vehicle was not insured at the time of the accident. The attorney further stated that Mr. Jensen has no property of any value and from the amount of his small take-home pay, he was providing for himself as well as the support of his two small children who are living with relatives. The attorney has been authorized to make an offer to pay the sum of $100 at the rate of $25.00 per month in full settlement of our claim. In view of the foregoing, the Claims Bureau feels that the State would be justified in accepting the offer of settlement in the amount of $100 in full settlement of the State's claim, in accordance with Mr. Levine's memorandum attached hereto, and the approval of the Deputy Attorney General for the Highway Department. (6-10-57)

Accounting-Claims-Settlements

3. This claim arises out of an accident occurring at the Victory Bridge on December 17, 1955, involving the tug "GENE POPE" owned by the Bronx Towing Lines, Inc. As a result of the aforesaid accident, the fender system was damaged and had to be repaired at a total cost of $436.21. Our total labor, equipment, and material charges amounted to $403.90 to which a departmental overhead charge amounting to $32.31 was added. The Towing Company, upon being presented with the bill, offered the sum of $350.00 in full settlement of the claim, based upon their inspection report and the fact that depreciation must be taken into consideration. The Claims Bureau checked with the Maintenance Division and ascertained that the question of depreciation was not considered when the bill was prepared. After deducting the depreciation allowance from the bill, the Claims Bureau does not feel the difference would warrant the institution of suit as it would undoubtedly cost more to produce the necessary witnesses than the amount we have been requested to waive. It is, therefore, recommended that the sum of $350.00 be accepted in full settlement of the claim and the balance in the amount of $86.21 be cancelled in accordance with Mr. Levine's memorandum, attached hereto, and the approval of the Deputy Attorney General for the State Highway Department. (June 13, 1957)

No Passing Zones

4. In accordance with the provisions of Section 114, Chapter 23, Public Laws 1951, it is recommended that the attached regulation be adopted establishing "No Passing Zones" along Route U.S. 202 (1953) 29 (1927) West Amwell Township and East Amwell Township in Hunterdon County. (June 10, 1957)

9. Riverside Landscape Corporation, contractors for the Planting on Route 4 Parkway, Section 1G to 9M, Townships of Woodbridge, Clark, Cranford, Union, Borough of Union, Middlesex and Union Counties, have satisfactorily completed the work under their contract as of May 1, 1957. It is recommended that this project be finally accepted and a final estimate issued the Contractors after the necessary formalities have been observed. (June 10, 1957)

Route 4, Sections 5C & 4F

10. Under date of April 11, 1957 the Commissioner made semi-final acceptance of Route 4, Sections 5C and 4F, West Saddle River Road to Route 17 in Bergen County. The work to be completed was some topsoiling and seeding, plus other incidental work which was finally completed on May 7, 1957. It is, therefore, recommended that this project be finally accepted and a final estimate issued the contractor, Franklin Contracting Company, after the necessary formalities have been observed. (June 12, 1957)

Rt. 27, Sec. 21, Albany St. Bri. Resurf.Brick Arches

11. Pressure Concrete and Grouting Company, contractor for the Resurfacing of the Brick Arches of the Albany Street Bridge on Route 27, Section 21, between New Brunswick and Highland Park, has satisfactorily completed his contract and it is recommended that the project be accepted. (June 10, 1957)

Right of Way Items

Right of Way-Route FAI 104-2

54. There is presented print on I-104-2, together with memorandum from Mr. F. L. Gerard which has been approved by Mr. H. W. Giffin and Mr. O.H.Fritzsche. It is recommended that this map be approved, subject to such changes as may be necessary in order to conform with the construction plans as finally adopted and approved, and that authority be granted to acquire Parcel R46 from John F. Risoli and wife in order to stop building operations on this parcel. An agreement has been executed and submitted for Parcel R46, John F. Risoli and wife, in the sum of $3,800.00 (owners to remove existing foundation and clear site). It is recommended that this agreement be approved and authority granted to set up the sum of $3,800.00 from funds available under Right of Way balances. The Federal Bureau will participate in this acquisition and the Federal participation date is May 31, 1957. (June 11, 1957)

Right of Way-Route FAI 101-5(2)

55. There is presented an individual print on Route FAI 101-5(2), from a point 1500 ft. east from the Garden State Parkway to Teaneck Road, showing property required from Robert Ulrich, together with memorandum from Mr. F. L. Gerard which has been approved by Mr. Giffin and Mr. Fritzsche. It has been determined that the above property is a hardship case, and since the Federal Participation date for this project was approved on April 17, 1957, it is recommended that this print be approved subject to such changes that may be necessary to conform the construction plans as is finally adopted and approved, and authority be granted to negotiate the acquisition of the Ulrich property, estimated cost of which is $16,000. It is further recommended that the sum of $16,000 be set up. (June 10, 1957)

Right of Way-Route 42, No.-So. Freeway

56. There is presented again the matter of acquisition of property on Route 42 North-South Freeway, Section 12, Morgan Boulevard to Route 45 (1927), Parcels 12K1, 12L, 12M and 105, Samuel Cainfrani (also known as Samuel Brown) and Josephine Cainfrani (also known as Josephine Brown). Condemnation proceedings were previously authorized, at which time the owners were demanding $24,000.00. Continued negotiations have resulted in the execution of an agreement in the sum of $20,000.00. The State has been in possession since 1954. In order to avoid the expense and risk of condemnation and the concurrent payment of interest, it is redommended that this agreement be approved and that condemnation proceedings, previously authorized, be discontinued. (June 13, 1957)

At the hearing before condemnation commissioners, this case was uncontested and the testimony on behalf of the State was $50. The commissioners made an award in the sum of $50.00. It is recommended that this award be approved. (June 13, 1957)

Right of Way-Route 10

67. There is presented a report from the Title Officer recommending readvertisement and resale of the following Parcel (authorized for sale by the State Highway Commissioner on 2-21-1957):

Item	High Bidder	1927 Rt. No.	Section	Parcel	High Bid
108	David T. Houston Co. Inc.,	10	2	12X	$8,700.

The advertisement for the above sale, which appeared in the various newspapers of the State, cited Parcel 12X as being located in the County of Morris Instead of the County of Essex. At the time of the sale, it was announced that this error had been made in the publication. However, as this contitutes a fatal error in the advertisement of sale and will render title to the property unmarketable, it is recommended that Parcel 12X be readvertised for sale in order to clarify the title, based on a minimum bid of $8,700.00. (June 13, 1957)

Right of Way-Route US 1

68. There is presented memorandum from Mr. Harry Fowler (with approval of Mr. H. N. Rigby) recommending that the following parcel (authorized for sale by the State Highway Commissioner on 2-21-1957) be retained because it will be required for Interstate Route 104:

Item	High Bidder	1953 Rt.No.	1927 Rt.No.	Sec.	Parcel	High Bid
117	J. Robert Smith	U.S. 1	25	5	27A	$325.

It is recommended that the sale of this parcel at the high bid of $325.00 (as authorized on 2-21-1957) be rescinded and that the parcel be retained. (6-11-1957)

NO. 19 - 1957

Right of Way-Route 29 (1927)

69. In accordance with authority granted on 5-27-1957 a public sale was held covering Parcels V63A, V63B, V63C and V63D together with whatever, right title and interest the State has in Parcels V64A and V64B (Route 29, 1927 - Section 2D, Morris Avenue, Union to Rahway River. Mr. George Bennett of the Island Restaurant, the only bidder, bid the sum of $175 for these parcels, which is the minimum acceptable amount authorized. The action of 5-27-1957 was based on denial of access to the turnabout at about Station 350. Mr. Rigby now indicates that this denial of access is not necessary. It is recommended that the attached Deed from the State to the Island Restaurant covering the above indicated parcels be executed, and authority granted to deliver same to the Island Restaurant. (This deed contains no denial of access to the turnabout at about Station 350). (June 13, 1957)

Right of Way-Route 39 (1927), US 206 (1953)

70. There is presented again the matter of acquisition of property on Route 39 (1927) Section 2B, Route U.S. 206 (1953), Mansfield Square to The Pennsylvania and Atlantic Railroad, Parcel 39, Burlington County Farmers Cooperative Association, Inc. Condemnation proceedings were previously authorized at which time the owners were demanding $150,000.00. Continued negotiations resulted in the execution of an agreement in the sum of $65,000, plus retention by the owner of certain items of machinery as itemized in the agreement which they are to remove at their own expense. It is recommended that this agreement be approved and that condemnation previously authorized be discontinued. Authority is requested to dispose of the buildings to the best advantage to the State. (June 11, 1957)

Right of Way-Route 42, No.-So. Freeway

71. There are presented report and appraisals with map and description on Route 42 (Freeway), Section 15 (F-193-10) Coles Road at Blenheim to Turnerville, Parcels 26A1, 26A2 and R26B, Estate of Uriah Ware. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of these parcels, in fee simple subject to any public utilities existing in the premises. Title is involved. (June 10, 1957) K.D.R.

NO. 20 - 1957

STATE OF NEW JERSEY
STATE HIGHWAY DEPARTMENT
TRENTON

SCHEDULE OF APPROVALS - JUNE 27, 1957

Administration

Accounting -
Claims-Settlements

1. This claim arises out of an accident occurring on July 13, 1956, involving a tractor mower No. 1351, operated by Joseph Mistishin, and a vehicle owned by Lyndale Beverage Company and operated by Arthur Mustardo. As the result of the aforesaid accident, the State tractor mower was damaged and had to be repaired at a cost of $76.05. The insurance carrier, upon receipt of our bill, denied liability and declined to make any settlement on this case. Subsequent negotiations resulted in the insurance company's offering one third towards this claim contending that our operator pulled from the right side of the roadway across the traffic lanes to reach the center island grass area. Our operator's version was that he had pulled across the road and had his tractor completely on the grass area when this impact occurred. Further efforts on the part of the Claims Bureau resulted in the insurance company's agreeing to pay 50% of our claim. In view of the circumstances and considering the cost involved in the event the Claims Bureau elected to institute a suit, it is felt that the State would be justified in accepting the offer of $38.03 in full settlement of its claim in accordance with Mr. Levine's memorandum attached hereto, and the recommendation of the Deputy Attorney General for the State Highway Department. (June 24, 1957)

Speed Limits

2. In accordance with the provisions of Section 55, Chapter 23, Public Laws 1951, it is recommended that the attached regulation be adopted establishing legal speed limits along Route 36 (1953) (1927) Eatontown Borough, West Long Branch Borough and City of Long Branch in Monmouth County. (June 14, 1957)

- - - - - - - - -

3. In accordance with the provisions of Section 55, Chapter 23, Public Laws 1951, it is recommended that the attached regulation be adopted establishing legal speed limits along Route 21 (1953) (1927) City of Newark, Town of Belleville, Essex County. (June 21, 1957)

- - - - - - - - -

4. In accordance with the provisions of Section 55, Chapter 23, Public Laws 1951, it is recommended that the attached regulation be adopted establishing legal speed limits along Route 45 (1953) (1927) City of Salem, Mannington Township, Woodstown Borough and Pilesgrove Township, Salem County and South Harrison, Harrison, Mantua, Deptford and West Deptford Townships, Woodbury Heights and Westville Boroughs and the City of Woodbury in Gloucester County. And that Regulation LS-56-33 adopted December 20, 1956 and approved December 28, 1956 be rescinded. (June 18, 1957)

Construction

Route 37, Section 16

5. On account of the construction of Route 37, Section 16, it is necessary for the Borough of Seaside Heights to construct water and sanitary sewer connections to the future comfort station at Kearney Avenue and also the connection for the future sanitary sewer at Sherman Avenue and the future water and sanitary sewer connections to Bay Way Avenue. The State is to share in the cost of this work to the extent of twenty percent (20%). Further, it is necessary for the Borough of Seaside Heights to construct water and sanitary sewer connections to the relocated comfort station opposite Lincoln Avenue as well as the sanitary sewer extension to Washington Avenue, at which locations the State will bear the full cost to accommodate the construction of Route 37, Section 16. The Borough Engineer's total estimated cost of the above work is $12,569.80 and the total State's share is $7,448.46 to which a sufficient amount should be added for contingencies to bring the total amount of State's share to $8,200.00. (June 21, 1957)

Route S4B, Section 1E

6. In connection with the construction of Route S4B, Section 1E in the Boro of Hawthorne and County of Passaic particularly with relation to the location of a 6" cast iron water main and an underground electric cable, the Boro of Hawthorne is requesting that a 2" galvanized conduit be placed through the fill area, and the existing electric cable relocated through the galvanized conduit, and that the joints on the 6" cast iron water main be uncovered and concrete blocks placed around each joint within the fill area. The total cost of the protective measures as requested by the Boro. is estimated to cost $825.00 plus a lump sum engineering fee of $150 making a total estimate of $975 to which should be added for contingencies an amount of $225 making a total estimated cost for which the Boro of Hawthorne is to be reimbursed in the amount of $1,200.00. (June 21, 1957)

Route 21, Freeway, Section 1A

Gerard, Assistant Director, Division of Roads, which has been approved by Mr. O.H. Fritzsche and Mr. H.W. Giffin. It is recommended that the Parcel Map be approved, subject to such changes as may be necessary in order to conform with the construction plans as finally adopted and approved; and that authority be granted to negotiate for the acquisition of the necessary right of way. The estimated cost of the right of way is $320,000 and authority is requested to set up this amount from funds available under the 1956-57 Construction Program. (June 26, 1957)

FAI
Right of Way-Rt. 101-2(2)

82. There is presented 2 additional sheets of the General Property Parcel Map on FAI Route 101-2(2), Mount Hope-Rockaway Road to Route U.S. 46 at Denville (Stations 309 to 321), together with memorandum from Mr. F.L.Gerard which has been approved by Mr. Giffin and Mr. MacDougall. Eight sheets (Station 255 to 389) were previously approved and the sum of $6,600,000 was set up for the entire Project (Netcong to Denville). While FAI 101-2-(2) was previously indicated as Netcong to Denville (about 13 miles) the new terminal points for 101-2-(2) are now Mount Hope-Rockaway Road to Route U.S. 46 at Denville (about 2 miles). The 8 sheets previously approved and the 2 additional sheets submitted herewith cover property required within this 2 mile stretch. It is recommended that the attached 2 sheets be approved subject to such changes as may be necessaryin order to conform with the construction plans as finally adopted and approved and that authority be granted to negotiate for the acquisition of the necessary right of way; and that $2,850,000 (of the $6,600,000 previously set up) be allocated to 101-2-(2), Mount Hope-Rockaway Road to Route U.S. 46 at Denville; and that the remaining $3,750,000 be held until maps are approved on the remaining sections from Netcong to Mount Hope-Rockaway Road.

Right of Way-Rt. FAI-101-2(2)

83. There is presented an additional sheet of the General Property Parcel Map on Route FAI 101-2-(2), Mt. Hope-Rockaway Road to Route U.S. 46 at Denville, (From Station 384 to Station 393); together with memorandum from Mr. F.L. Gerard which has been approved by Mr. Fritzsche. On November 26, 1956, the Bureau of Public Roads approved this project for Federal Participation. Heretofore, 10 sheets of the General Property Parcel Map were approved and authority was granted to set up the sum of $2,850,000 which was the estimated cost. After a review of the estimate with Mr. Roland Regis, Consultant Supervisor to the District Engineer, Bureau of Public Roads, it was determined that by reason of additional property required, that the estimate should be increased by $100,000 making the total estimate required for this project $2,950,000. It is recommended that this additional sheet be approved subject to such changes as may be necessary in order to conform with the construction plans as finally adopted and approved, and that authority be granted to negotiate for the acquisition of the necessary right of way. It is also requested that authority be granted to set up the additional $100,000. ($90,000 will be Federal Aid Interstate Funds and $10,000 will be State Funds.) (July 3, 1957)

Approval is recommended. Authority is requested to dispose of the dwelling to the best advantage to the State. (July 8, 1957)

Right of Way-Route 29 Freeway

94. There is presented again the matter of acquisition of property on Route 29 Freeway, Section 13, from Aberfeldy Drive to Calhoun Street, Parcel 32, Helen G. Saks, Widow et al. An appeal was previously authorized from an award from Condemnation Commissioners in the sum of $5,600.00. Continued negotiations have resulted in the execution of an agreement and deed in the sum of $4,500.00. It is recommended that the agreement be approved and that the appeal, previously authorized, be discontinued. (June 26, 1957)

Right of Way-Route 25 (1927), US 1 (1953)

95. There are presented report and appraisal with map and description on Route 25 (1927), Section 5 & 6, Route U. S. 1 (1953), Amboy Avenue Interchange; Parcel R16A, Avalon Realty Co. Inc. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple, subject to any public utilities existing in the premises. Owners demand the sum of $225,000, which is considered excessive. (July 5, 1957)

Right of Way-Route 37

96. There are presented report and appraisals with map and description on Route 37, Section 4A, Garden State Parkway to Washington Street, Parcel 37A and 37B, Elah Belle Forcanser. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of these parcels in fee simple, subject to any public utilities existing in the premises. The owners are demanding $28,000, which is considered excessive. (July 1, 1957)

Right of Way-Route 42, No.-So. Freeway

97. There are presented report and appraisals with map and description on Route 42, Section 15, Federal Aid Project F-193 (10), Coles Road at Blenheim to Turnerville, Parcels R8A1, R8B and 8C, Marvin P. Beakley. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this slope easement subject to any public utilities existing in the premises. There seems to be some confusion as to ownership but if completion of the search clarifies the situation, negotiations will be reopened. (July 3, 1957)

Right of Way-Route 17

100. There is presented again the matter of condemnation of lands on Route 17, Section 6D, Farview Avenue Ramp, Parcel 3, Anthony Iometti & Wife. An award by Condemnation Commissioners in the sum of $2,450, plus interest, was previously approved. The owners, however, filed an appeal. At the trial before a jury, the testimony on behalf of the State was $1,575, and the testimony on behalf of the owner was $10,500. The jury returned a verdict in the sum of $2,500 (to which the Judge added interest at the rate of 4% from the date of entry, 10-17-56), making a total judgment in the sum of $2,568.88. It is recommended that this judgment be approved, plus interest to the date of payment. (July 8, 1957)

Right of Way-Route 42, No.-So. Freeway

101. There are presented report and appraisals with map and description on Route 42, Section 15 (North-South Freeway) Coles Road at Blenheim to Turnerville; Parcels 2R25A, 2R25B and 25C, Mary Watson and husband. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of these parcels in fee simple, subject to any public utilities existing in the premises. Owner's demand of $159,000 is considered excessive. (July 1, 1957)

Right of Way-Route 42, No.-So. Freeway

102. There are presented bids for the demolition of a 2-story frame dwelling on Parcel R19, Route 42 (N-S Freeway), Section 10, as follows: Lakes Construction Company, Tabernacle, New Jersey - $840; William H. Carter, 1114 South 10th Street, Camden, N. J. - $870. The bids include the demolition of the building, filling in the cellar, and removing all debris from the site including the debris remaining from a large frame barn which was destroyed by fire on May 31. It is recommended that the low bid of $840 be accepted and authority granted to the Lakes Construction Company to proceed with the demolition of the building, filling in of the cellar and removing all debris. (July 1, 1957)

Right of Way-Route 25

103. There are presented reports from the Title Officer, Edward H. Drake and Supervising Engineer, Howard N. Rigby indicating that slope and drainage rights previously acquired on Route 25, Section 4, in connection with the acquisition of Parcels 11 and 18 and on Route S28, Section 3, in connection with the acquisition of Parcels 1A and 1B can now be released. The State Highway Commissioner does hereby determine that these slope and drainage rights are no longer required for the use of the State of New Jersey in the improvement, betterment, reconstruction or maintenance of any State highway. It is, therefore, recommended that the attached deed be executed by the State Highway Commissioner conveying these slope and drainage rights from the State to Samuel D. Hoffman, the present owner. (July 3, 1957)

Right of Way-Rt. 29, Rt. 22(1953)

104. There is presented again the matter of the sale of the following parcel which was included in the public sale held on December 13, 1956:

Item	High Bidder	1953 Route No.	1927 Route No.	Section	Parcel	High Bid
130	C.T. Industries	22	29	2E	1X6B	$ 2,550.

On February 21, 1957, the State Highway Commissioner directed that disposal of this parcel be held in abeyance pending clarification. A further investigation now indicates that this parcel can be disposed of and it is recommended that authority be granted to sell to the highest bidder, C. T. Industries based on a bid of $2,550.00. (June 26, 1957)

Right of Way-Rt. 4 (1927)

105. There is presented deed for conveyance of Parcel 77X, Route 4 (1927), Section 3, Hackensack River to Fort Lee, together with report from the Title Officer. This conveyance is being made in accordance with an agreement approved by the State Highway Commissioner April 29, 1957, under the terms of which the City of Englewood has conveyed to the State Parcel W-90D at a consideration of $513, plus conveyance of Parcel 77X. It is recommended that the deed from the State to the City of Englewood covering Parcel 77X be executed, and authority granted to make delivery of same. The State Highway Commissioner does hereby determine that Parcel 77X is no longer required for the use of the State of New Jersey in the improvement, betterment, reconstruction or maintenance of any State Highway. (July 5, 1957)

Right of Way-Blue Star Drive

106. There is presented a report from the Deputy Attorney General in the matter of condemnation of lands on Blue Star Drive, Section 1, Route 29 from Chapel Island, Mountainside to North Drive, North Plainfield; Parcel R14, Albert J. Benninger. An appeal was previously authorized from a condemnation commissioners' award in the sum of $50,700. At the trial, the attorney for the owner argued that the taking was in fee simple absolute, having the effect of denying access to the owner's remaining property. He then asked the Judge for a ruling on the question. The attorney for the State argued that access was not denied and pointed out that none of the abutting owners to Blue Star Drive have been denied access. After considerable discussion, the Judge ruled in favor of the owner, holding that the taking was tantamount to land-locking the remainder. In view of this development, a temporary adjournment was granted, at the request of the State's attorney. It is recommended that all proceedings be abandoned; that the property be not acquired; and that authority be granted to pay the sum of $11,400, representing counsel fees and costs, in accordance with an Order signed by the Judge. (July 8, 1957)

Right of Way-Route 33-35 Connection

107. There is presented again the matter of condemnation of lands on Route 33-35 Connection, Section 2 Dualization Route 66 (1953) Route 35 to Wayside Road (Bowne Road); Parcel R1, Victoria J. Whritenour. At the trial before a Jury, the testimony on behalf of the owner was $7,600. The Jury returned a verdict in the sum of $5,900, to which the Judge added $450 (as interest at the rate of 4%), making a total Judgment of $6,350. The Judge refused the State's attorney the right of cross examination of owner's witness on: (1) questions involving the value of slope rights together with the extent of the burden of these slope rights placed on the land; (2) the question of access to the jug handle turn which was placed on part of the owner's property; and (3) comparable sales introduced by owner's witness. In view of these rulings by the Judge, it is recommended that an appeal to the Appellate Division of the Superior Court be authorized, for a ruling on the points of law involved in this case. (July 8, 1957)

Respectfully submitted,

Right of Way Items

Right of Way-Route 38 Widening

51. There is presented sheet of the General Property Parcel Map on Route 38, Section 1 Widening, from Connecting Road to Kings Highway, together with memorandum from Mr. O.H. Fritzsche, State Highway Engineer. It is recommended that this sheet of the plan be approved subject to such changes as may be necessary in order to conform with the construction plans as finally adopted and approved, and that authority be granted to negotiate for the acquisition of access rights around Haddonfile-Sorrel Horse Road Interchange. The estimated cost of these accessrrights is $155,000 and authority is requested to set up this amount from Miscellaneous Construction balances. (August 5, 1957)

Right of Way-Route FAI 108-2(5)

52. On June 25, 1957, the State Highway Commissioner approved 19 sheets of the General Property Parcel Map on Route FAI 108-2(5), Warwick Road to Route 73 (Station 205 to Station 532); authorized the acquisition of right of way and the setting up of $2,300,000 to cover the estimated cost. It has now been determined by the State Highway Engineer, O.H. Fritzsche, that this project would not be advanced immediately and that it would be unnecessary to set up the $2,300,000 for right of way acquisition. It was further determined, however, that we should set up sufficient funds to acquire hardship cases which it is estimated have a value of $125,000. It is also necessary to set up the sum of $155,000 to acquire the parcels on the east side of Warwick Road between Stations 204 and 220, which are included in the road contract on which bids were received Thursday, July 25th. These two items total $280,000. It is recommended that the action of June 25, 1957, approving 19 sheets of the General Property Parcel Map and authorizing the acquisition of necessary property and setting up of $2,300,000, be rescinded and that authority be granted to acquire the hardship properties and properties required under the construction contract on Route 108, Section 2B, between Stations 204 and 220. It is also requested that authority be granted to set up the sum of $280,000. ($252,000 will be Federal Aid Interstate funds and $28,000 will be State funds.) (August 5, 1957)

Right of Way-Route FAI 108-2(6)

53. On May 29, 1957, the State Highway Commissioner approved 11 sheets of the General Property Parcel Map on Route FAI 108-2-(6), from Route 73 to Marne Highway (Station 46 to Station 293); authorized the acquisition of right of way and the setting up of $800,000 to cover the estimated cost. It has now been determined by State Highway Engineer O.H. Fritzsche that this project would not be advanced immediatly and that it would be unnecessary to set up the $800,000 for right of way acquisition. It was further determined, however, that we would set up sufficient funds to acquire property of Meadowbrook Development Company (William B. Keufer), the estimated cost of which is $15,000. It is recommended that the action of

May 29, 1957, approving 11 sheets of the General Property Parcel Map and authorizing the acquisition of necessary property and setting up $800,000 be rescinded, and that authority be granted to acquire the property of Meadowbrook Development Company. It is also requested that authority be granted to set up the sum of $15,000. ($13,500 will be Federal Aid Interstate funds and $1,500 will be State funds.) (August 5, 1957)

Right of Way-Route FAI-101-2(2)

54. There are presented the following purchase agreements on FAI-101-2-(2), Mt. Hope-Rockaway Road to Route U.S. 46 at Denville:

Parcel	Name	Consideration
109	Kenneth C. Sutphen, Jr. & Patricia S. his wife owner to retain & remove dwelling	$ 12,500
116	Frank J. Sullivan & Elizabeth M. h/w owner to retain & remove dwelling	15,000
143	Mary H. Lysaght (widow)	9,500

Approval is recommended. (August 12, 1957)

Right of Way-Route 37

55. There is presented again the matter of acquisition of property on Route 37, Section 16, Pershing Avenue, Dover Township to Seaside Heights, Parcel 20, A. Lee Wheeler. Condemnation proceedings were previously authorized at which time the owners were demanding $29,000. An agreement has now been executed and submitted in the sum of $20,100. It is recommended that this agreement be approved and that condemnation previously authorized be discontinued. (August 12, 1957)

56. There is presented again the matter of acquisition of property on Route 37, Section 16, Pershing Avenue, Dover Township to Seaside Heights, Parcel 17, A. Lee Wheeler. Condemnation proceedings were previously authorized at which time the owners were demanding $8,500. An agreement has now been executed and submitted in the sum of $7,900. It is recommended that this agreement be approved and that condemnation previously authorized be discontinued. (August 12, 1957)

Right of Way-Route 6 (1927)

57. There are presented reports from the Title Bureau of the Division of Roads concerning a request from the law firm of Boyd, Dodd, Keer and Booth, Montclair, New Jersey, for the release of certain easements previously acquired by the State from L.C. Bobbink et al, in connection with the acquisition of Parcels 126A,126B, W126A & R126C1 on Route 6 (1927), Section 8, Valley Road to Route 3. The Division of Roads reports that the easements to be released, comprising the construction and maintenance of bridge footings, piers, abutments, wing wall, slopes and drainage facilities, are no longer needed for highwaypurposes. The State Highway Commissioner does hereby determine that the above designed easements, as set forth in the three formal releases attached herewith are no longer required for the use of the State of New Jersey in the improvement, betterment, reconstruction or maintenance of any State highway. It is, therefore, recommended that the attached three releases to Bernard C. Greubel and Wife; Joseph Macasek and Wife; and William Graham and Wife (the present respective owners of the properties affected by these easements) be executed and authority granted to make delivery of the same. (August 12, 1957)

58. There is presented again the matter of condemnation of lands on Route 6 (1927), Section 35, Vienna-Mt. Bethel Road to Branch of Pequest River, Parcel E2, Thomas Lukawitz et al. At the hearing before condemnation commissioners, the owner testified in his own behalf, and the testimony on behalf of the State was in the sum of $150. The commissioners made an award in the sum of $200 which will carry interest from April 5,1957. It is recommended that this award be approved. (August 12, 1957)

Right of Way-Route 6 (1927)

59. There is presented again the matter of condemnation of lands on Route 6 (1927), Section 9, Union Avenue to Valley Road; Parcels 7K & 62, Edgar Wehle et al. At the hearing before condemnation commissioners the testimony on behalf of the State was in the sum of $100 and no testimony was presented on behalf of the owners. The commissioners made an award in the sum of $100 which will carry interest from May 14, 1957. It is recommended that this award be approved. (August 12, 1957)

Right of Way-Route FAI 102-2(4)

60. There are presented report and appraisals with map and description on Route FAI 102-2(4), from West of Clinton in the Vicinity of Clinton Farms to East of Clinton at the westerly end of Route 69 Interchange; Parcel 11, Muriel S. Simms & husband. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple, subject to any public utilities existing in the premises. Owners demand the sum of $10,000 which is considered excessive. (August 12, 1957)

61. There are presented report and appraisals with map and description on Route FAI 102-2(4), from West of Clinton in the vicinity of Clinton Farms to East of Clinton at the westerly end of Route 69 Interchange; Parcel 26, George J. Kotch, et ux. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple, subject to any public utilities existing in the premises. Owners demand that State acquire entire property. (August 12, 1957)

Right of Way-Route FAI 108-2(1)

62. There are presents report and appraisal with map and description on Route FAI 108-2(1), North-South Freeway (FAI 109) to Warwick Road; Parcel 105, Anna L. Leavey (widow). It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple, subject to any public utilities existing in the premises. Owner demands the sum of $15,500 which is considered excessive. (August 12, 1957)

Right of Way-Palisades Interstate Pkwy, Sec. 1F

63. There are presented bids for the demolition of the 2-story brick and stone building known as the Zabriskie Gate House on Palisades Interstate Parkway, Section 1F, as follows:

Van Keuren & Son, East Newark, New Jersey - $ 975.00
The Irvington Wreckers, Inc., Irvington, New Jersey - $ 1,500.00

It is recommended that the low bid in the amount of $975 be accepted and authority granted to Van Keuren & Son to proceed with the demolition of the building. (August 5, 1957)

Right of Way-Route 25 (1927)

64. There is presented report from the Title Officer on Route 25 (1927), Section 31, Route U.S. 130 (1953), Kaighn Avenue to Union School House Road, Parcel 10, Michael S. Kouvata & wife, on which an agreement in the sum of $800 was previously approved. This agreement provided that "taxes shall be paid for the full year in which the deed is delivered". The deed has been delivered and the owner has paid all taxes, except for the last quarter of the present year. The State is acquiring a very small portion of property valued at over $50,000 and a recent opinion from the Attorney General's office has been issued to the effect that lands acquired by the State for highway purposes are not liable for taxes accruing after the date title passes. Therefore, it is recommended that the requirement in the agreement for payment of the last quarter taxes for 1957 be waived. (August 12, 1957)

Respectfully submitted,
Kenneth D. Rice
KENNETH D. RICE

Construction Items

Palisades Interstate Parkway, Section 2C

9. Under date of December 23, 1955, final acceptance was made of D. Cutrupe & Sons, Inc., contract for Palisades Interstate Parkway, Section 2G, from Fort Lee Bridge Plaza to Bayview Avenue, Boroughs of Fort Lee and Englewood Cliffs, Bergen County, and final payment authorized as directed by our Legal Division. On January 5, 1956, duplicate invoice, extra work and reduction orders and guarantee bond form to effect final payment were forwarded the trustee of the bankrupt contractor for execution upon the advice of Mr. George L. Feaster, Deputy Attorney General. Under date of July 11, 1957, the original invoice alone of the above documents, was returned properly executed by the trustee. It is recommended that, pursuant to U.S. District Court Order of June 13, 1956, attached, final payment be made to Daniel F. DeLear, trustee of D. Cutrupi & Sons, Inc., without the extra work and reduction orders and guarantee bond provided by Articles 1.8.3, 1.8.4 & 1.8.5 of the specifications. (August 8, 1957)

Palisades Interstate Parkway, Section 2G

10. D. Cutrupi & Sons, Inc., contractors for the construction of Palisades Interstate Parkway, Section 2G, Fort Lee Bridge Plaza to Bayview Avenue, Boroughs of Fort Lee and Englewood Cliffs, Bergen County, had satisfactorily completed the work under their contract as of December 18, 1953, and it was finally accepted under date of December 23, 1955. Due to the fact that the contractor was in bankruptcy at the t time of settlement, action of the State Highway Commissioner on August 13, 1957, authorized the departure from the specified acceptance of work orders and furnishing guarantee bond by the contractor. It is, therefore, recommended that this project be finally accepted and a final estimate issued the contractor after the necessary formalities have been observed. (August 21, 1957)

Right of Way Items

Right of Way-Route 23 (1927)

58. There is presented again the matter of approval of a plan on Route 23 (1927), together with memorandum from Mr. F.L. Gerard, which has been approved by Mr. Giffin and Mr. Fritzsche. On June 26, 1957 a plan was approved which was designated as Route 23, Section 8, Main Street, Sussex, to the Lehigh & Hudson Railroad, Wantage Township, for which the sum of $1,000 was set up. The title on this plan has now been changed to Route 23 (1927), Section 8E & 8F, Lehigh & New England Railroad to Hamburg. It is recommended that the previous approval of plan and set-up of funds be confirmed under this new designation. (August 16, 1957)

Right of Way-Route 35

59. There is presented print showing an easement required from Maurice Marx et al (at approximately Station 522) Route 35, Section 4, Eatontown to Red Bank, together with memorandum from Mr. F.L. Gerad, which has been approved by Mr. Giffin and Mr. Fritzsche. It is recommended that this print be approved subject to such changes as may be necessaryin order to conform with the construction plans as finally adopted and approved; and that authority be granted tonegotiate for the acquisition of the necessary easement. It is felt that there will be a sufficient balance in this account to acquire this additional easement. (August 14, 1957)

Right of Way-Route 45 (1927)

60. There is presented print showing an easement required from F.W. Babcock (at approximately Station 245, designated as Parcel E20) Route 45 (1927), Section 28, Route U.S. 130 (1953), Fairview to Brooklawn, together with memorandum from Mr. F.L. Gerard, which has been approved by Mr. Giffin and Mr. Fritzsche. It is recommended that this print be approved subject to such changes as may be necessary in order to conform with the construction plans as finally adopted and approved; and that authority be granted tonegotiate for the acquisition of the necessary easement. On February 20, 1957, the Commissioner authorized that $66,500 be set up for the acquisition of parcels on this project, and it is felt that there will be a sufficient balance in this account to acquire the easement designated as Parcel E20. (August 14, 1957)

Right of Way-Route 25 (1927)

61. There is presented again the matter of acquisition of property on Route 25 (1927) Sections 5 & 6, Route U.S. 1 (1953), Amboy Avenue Interchange, Parcel R16A, Avalon Realty Co., Inc., on which condemnation proceedings were previously authorized. The titlessearch revealed that Parcel R16A is encumbered by an easement for the perpetual right to construct and use overhead electrical wires, which easement is now held by the United New Jersey Railroad and Canal Company. It is recommended that authority be granted to acquire Parcel R16A, subject to this easement. (August 14, 1957).

Right of Way-Route 35 (1927)

62. There is presented purchase agreement on Route 35 (1927), Route 88 (1953), Intersection at Sea Avenue; Parcel 2, Anna A. Kiefer, widow, consideration $125,000. Approval is recommended. Authority is requested to dispose of the buildings to the best advantage to the State. (August 14, 1957)

Right of Way-Route 45 (1927)

63. There is presented purchase agreement on Route 45 (1927), Section 28, Route U.S. 130 (1953), Fairview to Brooklawn; Parcel 12, Zomax Corporation, consideration $1,500. Approval is recommended. (August 16, 1957)

Right of Way-Route FAI-101-2(2)

64. There is presented purchase agreement on Route FAI-101-2(2), Mt. Hope-Rockaway Road to Route U.S. 46 at Denville; Parcel 115, Philip Hussa & Dorothy B., h/w, consideration $8,500. Approval is recommended. Authority is recommended. Authority is requested to dispose of the building to the best advantage to the State. (August 14, 1957)

Right of Way-Route FAI-108-2(1)

65. There are presented the following purchase agreements for acquisition of property on Route FAI 108-2(1), North South Freeway (FAI 109) to Warwick Road:

Parcel	Name	Consideration	Approved
2R-19	Mary L. Presser (widow)	$ 27,000.00	8/16/57
20	Fausto Michilli & Wife	22,750.00	"
24	William S. Sipson & Wife	19,150.00	8/14/57
37	Melvin Hurff & Wife owner to retain hot water heater	23,125.00	"
108	Coolidge Mortgage Service Company	2,450.00	"
109	Leonard F. Keenan & Wife owner to retain & remove dwelling	10,150.00	8/16/57

Approval is recommended. Authority is requested to dispose of the dwellings to the best advantage to the State - Parcels 2R-19, 20, 24, 37.

Right of Way-Route 4 (1927)

66. There is presented again the matter of acquisition of property on Route 4 (1927) Section 4, Arcola to Hackensack River, Parcel 121 (formerly owned by Ruston, Inc.) Russell Casella et al. Condemnation proceedings were previously authorized and at the specific request of the State, owner ceased all operations on this parcel on October 17, 1955. Continued negotiations with the present owners, taking into consideration current real estate sales, have resulted in the execution of an agreement in the sum of $103,500.00. It is recommended that this agreement be approved and that condemnation proceedings, previously authorized, be discontinued. (August 14, 1957)

Right of Way-
Route 29 (1927)

67. There is presented a report in the matter of acquisition of property from Mr. George C. Dreyer & Wife. In 1956 an appeal was authorized from a condemnation commissioners' award in the sum of $26,500, at which time the acquisition from the Dreyer property was designated as Blue Star Drive, Section 1, Parcels 25A & R26A. It was subsequently determined not to acquire this property on Blue Star Drive, but to acquire it in connection with Route 29 (1927), Section 4K, Chapel Island, Mountainside, to Somerset County Line, on which plan the parcels are now designated as Parcels R8A & 8B. Continued negotiations have resulted in the execution of an agreement covering Parcels R8A & 8B in the sum of $14,500 - owner reserving right to maintain utility facilities and driveway with right of way until travelled way is widened.) Because of the controversial elements involved; the possible claim for interest over a two-year period; and the cost of further litigation, it is recommended that the agreement be approved; and that the appeal previously authorized on Blue Star Drive, Section 1, Parcels 25A & R26A be discontinued. (August 16, 1957)

- - - - - - - -

68. There is presented a report in the matter of acquisition of property from Mrs. Freda B. Thompson. In 1955 an appeal was authorized from a condemnation commissioners' award in the sum of $16,400, at which time the acquisition from the Thompson property was designated as Blue Star Drive, Section 1, Parcel R26B. It was subsequently determined not to acquire this property on Blue Star Drive, but to acquire it in connection with Route 29 (1927), Section 4K, Chapel Island, Mountainside, to Somerset County Line, on which plan the parcel is now designated as Parcel R-9. Continued negotiations resulted in the execution of an agreement covering Parcel R-9 in the sum of $7,000 - owner reserving right to maintain utility facilities and driveway with right of way until travelled way is widened.) Because of the controversial elements involved; the possible claim for interest over a three-year period; and the cost of further litigation, it is recommended that the agreement be approved, and that the appeal previously authorized on Blue Star Drive, Section 1, Parcel R26B be discontinued. (August 16, 1957)

Right of Way-Route S4B(1927)

69. There are presented report and appraisal with map and description on Route S4B (1927), Section 1, Route U.S. 208 (1953), Route 4 (1927) to Goffle Road, Parcel E137 Frank Tompetrini (single), Silvio Tompetrini and wife. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of a slope easement subject to any public utilities existing in the premises. The owners refuse to state their demands. (August 14, 1957)

Right of Way-Route 37

70. There is presented again the matter of condemnation of lands on Route 37, Section 15, Toms River Relocation at Washington Street to Thomas A. Mathis Bridge Approaches at Pershing Avenue, Parcel 45A, Joseph Bosonac & wife, on which condemnation proceedings were authorized April 3, 1957. It is recommended that condemnation proceedings be instituted for the acquisition of Parcel 45A in fee simple, subject to any public utilities existing in the premises. (August 14, 1957)

Right of Way-Route 38

71. There are presented report and appraisals with map and description on Route 38, Section 2 Widening, Kings Highway to Mt. Laurel-Hainesport Road; Parcel 98, Leonard A. Duffy & Wife. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple, subject to any public utilities existing in the premises. The owners are demanding $20,000 which is considered excessive. (August 16, 1957)

Right of Way-Route 39

72. There are presented report and appraisal with map and description on Route 39 (1927), Section 2C, Route U.S. 206 (1953), Pennsylvania & Atlantic Railroad to Chambers Corner, Parcel 2, Charles Greenberg & wife. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple, subject to any public utilities existing in the premises. The owners refuse to state their demands. (August 14, 1957)

Right of Way-Route 42

73. There are presented report and appraisals with map and description on Route 42, Section 15, Project F193-10, Coles Road at Blenheim to Turnerville; Parcels R9A and R9B, Sylvan Park, Inc. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of these parcels in fee simple, subject to any public utilities existing in the premises. Owners demand the sum of $27,972 which is considered excessive. (August 16, 1957)

Right of Way-Route 45 (1927)

74. There are presented report and appraisal with map and description on Route 45 (1927), Section 28, Route U.S. 130 (1953), Fairview to Brooklawn; Parcel 7, Isadore Halbert & Charles J. McCready. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple, subject to any public public utilities existing in the premises. (August 14, 1957)

Right of Way-Route 4 Parkway

75. There is presented again the matter of the sale of the following parcel authorized for public sale on November 21, 1956:

Item	Route No.	Section	Parcel No.
71	4 Parkway	2 & 3	X-3

This item was withdrawn from the sale of December 13, 1956, because of the interest therein of the authorities of Middlesex County. It is recommended that the attached deed from the State to the County of Middlesex be executed, and authority granted to make delivery of same to the County officials; for which the sum of $5,000 has already been paid to the State by certified check. (August 16, 1957)

Respectfully submitted,
Kenneth D. Rice

Rt. 42 Freeway, Secs. 13 & 14A

12. Public Constructors, Inc., contractors for the grading and construction of bridges on Route 42 Freeway, Sections 13B & 14A, Browning Road to Lower Landing Road, Camden and Gloucester Counties, have satisfactorily completed the work under their contract as of July 19, 1957, with the exception of the placing of two to three feet of overload at one section of a sand drain area. It is, therefore, recommended that the road work on this project be semi-finally accepted and a semi-final estimate issued the contractor withholding 1% of the road items pending receipt of the as-built quantities, the placing of the overload material and a guarantee of acceptable growth of grass. The bridge items on this contract have all been completed and it is, therefore, recommended that 100% payment be made on bridge items only. The allotted working days, 265 in number, expired as of July 9, 1957, but no liquidated damages will be assessed due to the responsibility of the contractor. In addition the difficulty experienced in securing a Right of Way Agreement with the Bellmawr Park Mutual House Corporation delayed the remove of buildings on this property. (August 29, 1957)

78. There is presented again the matter of the sale of the following parcel, which was included in the public sale held on December 13, 1956:

Item	High Bidder	1927 Rt.	Section	Parcel	High Bid
115	Nat Siegal & Nick Mirto	23	8A	X1E	$2,675.00

On February 21, 1957 The State Highway Commissioner approved the sale of this parcel, based on the high bid of $2,675. Mr. Siegal now advises that when he viewed the property in question, in advance of the sale, he was under the impression that it was

(cont'd)

located in Hardyston Township rather than in Wantage Township; and therefore he viewed and considered the wrong property. At the time of the construction of the highway, the brook in the immediate vicinity was relocated, which might have contributed to the confusion. It is recommended that the action of 2-21-57 authorizing the same of this parcel be rescinded; that authority be granted to refund the $670 deposited by Nat Siegal and Nick Mirto; and that Parcel X1E be included in a future sale of excess lands. (September 5, 1957.

Right of Way-Rt. 4 Parkway

85. There is presented a report from the Title Officer regarding the following parcel (authorized for sale by the State Highway Commissioner on 2/21/57:

Item	High Bidder	1927 Route No.	Section	Parcel No.	High Bid
76	George W. Fehring	4 Parkway	4	2X25	$ 160.00

The newspaper advertisement listed this parcel as containing 8,775 square feet, whereas it actually contains only 2,560 square feet. In view of the defective advertisement, it is recommended that the action of 2/21/57 authorizing the sale of this parcel be rescinded; and that the purchase price of $160 be refunded; and that Parcel 2X25 be included for sale at a future public auction. (September 13, 1957)

Right of Way-Route 37

86. There is presented deed for conveyance of Parcel VR22B, Route 37, Section 16, Pershing Avenue, Dover Township to Seaside Heights, together with report from the Title Officer. This conveyance is being made in accordance with an agreement approved by the State Highway Commissioner April 3, 1957, under the terms of which Ignatius Vega, et ux, have conveyed to the State Parcel 28 at a consideration of $1,500 plus conveyance of Parcel VR22B. It is recommended that the deed from the State to Ignatius Vega, et ux, covering Parcel VR22B be executed, and authority granted to make delivery of same. The State Highway Commissioner does hereby

determine that Parcel VR22B is no longer required for the use of the State of New Jersey in the improvement, betterment, reconstruction or maintenance of any State Highway. (September 13, 1957)

Respectfully submitted,
Kenneth D. Rice

Right of Way-Route 17

94. There is presented again the matter of acquisition of property on Route 17, Section 9 Widening, New York State Line to Franklin Turnpike, Parcel 96, Frank Villani and Josephine Daiute, et al, on which an appeal was previously authorized from an award by condemnation commissioners in the sum of $27,375 plus interest. Continued negotiations have resulted in the execution of an agreement in the sum of $23,500. In view of the conflict in testimony regarding the matter of access to the remaining property and the uncertainty of a possible jury verdict, it is recommended that the compromissary agreement in the sum of $23,500 be approved; and that the appeal previously authorized be discontinued. (October 17, 1957)

Right of Way-Route 37

95. There is presented again the matter of acquisition of property on Route 37, Section 4A, Garden State Parkway to Washington Street, Parcel 41, David Berman & wife on which an agreement in the sum of $200 was previously approved, at which time engineering details were not available. Subsequently, investigations confirmed the owners' contention that he would be put to the expense of regrading driveway. On this basis, negotiations were reopened and an agreement secured in the sum of $700. It is recommended that this agreement be approved and that the previous agreement in the sum of $200 be rescinded. (October 17, 1957)

Right of Way-Route 42

96. There is presented again the matter of acquisition of property on Route 42, Section 15, F 193(10), Parcel 34A & R34B, David B. Rosenbloom. Condemnation proceedings were previously authorized, at which time the owner was demanding $80,000. Continued negotiations have resulted in the execution and submission of an agreement in the sum of $42,700. It is recommended that this agreement be approved and that condemnation proceedings previously authorized be discontinued. (October 17, 1957)

- - - - - - - -

97. There is presented again the matter of acquisition of property on Route 42, Section 15, F 193(10), Parcel R33, F & F Holding Company. Condemnation proceedings were previously authorized, at which time the owners were demanding $30,500. Continued negotiations have resulted in the execution and submission of an agreement in the sum of $16,300. It is recommended that this agreement be approved and that condemnation proceedings previously authorized be discontinued. It is further recommended that authority be granted to dispose of the building to the road contractor. (October 17, 1957)

Right of Way-Route 33-35 Connection

98. There is presented again the matter of condemnation of lands on Route 33-35 Connection, Section 2, Dualization Route 66 (1953) Route 35 to Wayside Road (Bowne Road); Parcel R1, Victoria J. Whritenour. At the trial before a jury, the testimony on behalf of the State was $2,500 and the testimony on behalf of the owner was $7,600. The jury returned a verdict in the sum of $5,900 to which the Judge added $450 (as interest at the rate of 4%), making a total judgment of $6,350. An appeal to the Appellate Division of the Superior Court was previously authorized. As it is now considered inadvisable to proceed with this appeal, it is recommended that the Judgment previously rendered totaling $6,350 plus interest to the date of payment be approved; and that the appeal be discontinued. (October 16, 1957)

Right of Way-Route 6 (1927)

99. There is presented again the matter of condemnation of property on Route 6(1927) Section 9, Union Avenue to Valley Road, Parcel 7A, Augustine T. Fisher. At the hearing before condemnation commissioners, the testimony on behalf of the owner was $4,250 and testimony on behalf of the State ranged from $225 to $400. The State has been in possession since 1939. The commissioners rendered an award in the sum of "$1,580 including therein use by the State." In view of the fact that the commissioners have included in their award payment for "use by the State", it is recommended that the award of $1,580 without interest be approved. (October 16, 1957)

Right of Way-Rote 37

100. There is presented again the matter of aondemnation of lands on Route 37, Island Heights to Seaside Heights, Parcel 2R9, Harry F. Cornell & wife. At the hearing before condemnation commissioners, the testimony on behalf of the State was $4,650 and the testimony on behalf of the owners ranged from $9,100 to $9,750. The commissioners awarded $6,825 which carries interest from May 8, 1957. It is recommended that an appeal be authorized. (October 16, 1957)

Right ofWay-Route 37

101. There is presented again the matter of condemnation of lands on Route 37, Island Heights to Seaside Heights Bridge over Barnegat Bay and Approaches, Parcel 39, Gertrude Van Osten and Husband, together with a report from the Deputy Attorney General. An award by condemnation commissioners in the sum of $540, plus interest from July 10, 1957, was previously approved. Because the owners have filed an appeal from this award, it is recommended that the previous action be rescinded and that a cross-appeal be authorized. (October 16,1957)

Right of Way-Route 33-35-Connect.

102. There is presented again the matter of condemnation of lands on Route 33-35 Connection, Section 2, Dualization, Route 35 to Wayside Road (Bowne Road), Parcels 3A & 3B, Crossroads Realty, Inc. At thehearing before condemnation commissioners, the testimony on behalf of the owner was $22,875. Because of the insistence of the commissioners that the State present its case first, only the engineering aspects of the case were presented by the State. The commissioners rendered an award in the sum of $22,875 plus interest from June 13, 1957. It is recommended that an appeal be authorized. (October 16, 1957)

Right of Way-Route 30 (1927), Route 69(1953)

103. There are presented reports from Edward H. Drake, Title Officer, and Howard H. Rigby, Supervising Engineer, on Route 30 (1927), Section 11, Route 69 (1953), Oxford Repaving, Parcel 21, Heirs of the Estate of Garrett Smith. An agreement providing for conveyance of this parcel was previously approved in the sum of $260. As all of the heirs cannot be located for the execution of the deed, it is recommended that the previous agreement be rescinded and that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple, subject to any public utilities existing in the premises. (October 17, 1957)

Right of Way-Route 29(1927),U.S. 22 (1953)

104. Electrical Items

Underground Structs. for Traffic Signal Systems

21. In connection with the bids received on October 15, 1957, for Underground Structures for Traffic Signal Systems, Various intersections on New Jersey State Highway (1957-1958, Contract #1), it is recommended that award of contract be made to the low bidder, Counties Contracting & Construction Company, Inc., 9th Street and Sedgley Avenue, Philadelphia, Pennsylvania, at the total price bid of $159,550. (October 22, 1957)

Signals-Traffic-No. Brunswick Twp., Middlesex Co.

22. There is presented from the Bureau of Electrical Operations report, agreements and plan for the installation of fixed time traffic signals, at the intersection of Route 25M (1927), Route U.S. 130 (1953), and Milltown Road (Main Street), in the Township of North Brunswick, Middlesex County. The estimated cost for this installation is $5,400. The underground portion of the traffic signal system, estimated at $2,500 is to be installed as a part of the Roadway Reconstruction, Federal Aid Secondary Project No. S-227(1). Since this intersection is a "T" type intersection, the balance of the traffic signal system estimated to cost $2,900 will be installed at the standard traffic signal program whereby the State assumes 85% or $2,465 and the Township of North Brunswick assumes 15%, or approximately $435 for the installation cost. The Township of North Brunswick will furnish the electric current. There will be a $180 annual maintenance cost to this department. It is respectfully recommended that authorization be given to the Electrical Bureau to make the installation as outlined in attached report and the agreements, which have been properly signed by the Township of North Brunswick and approved by the Attorney General, be signed by the proper officials of this department. (October 25, 1957)

County Aid Items

County Aid-General

23. Approval is recommended of a payment of County Aid Funds to each County on or about November 1, 1957. This payment to each County is to be limited to actual expenditures as certified by the County Treasurer on a form prescribed by the State. A total of 75% of the 1957 County Aid Allotment has been already paid to each County in accordance with R.S. 27:13-4. (October 25, 1957)

County Aid-Atlantic County

98. There is presented a report regarding the loss of water supply on Route 42, Section 14 (North-South Freeway), Big Timber Creek to Coles Road, Blenheim, property of Martha A. Selby, widow, Exectrix for Estate of Charles N. Selby from whom the State acquired Parcels 11A & 11B at a consideration of $8,300 in 1955. This agreement contained the following clause:

"In the event that the well now existing on the remainder of the vendor's land shall, within a period of three months from the date of final acceptance of the construction of the highway by the State Highway Commissioner, cease to supply the same average quantity of potable water as heretofore, then the State shall pay the fair and reasonable cost of restoring the well to its normal function."

Investigation by our engineers verifies the owner's contention that the well has gone dry. Estimates for drilling new wells were secured as follows:

J. Henry Robbins - Gibbsboro $1,138.00
John Murtha - Almonesson .... 995.75 with the provision that (1) if he were the successful bidder on the 3 wells on which he furnished estimates, the cost of drilling would be 25¢ per foot less, reducing his estimate to $953.25 (2) this estimate is based on drilling to 170 feet, but if water is found at a level less than 170 feet, an adjustment will be made at the rate of $3.75 per foot.

It is recommended that John Murtha be authorized to proceed with the drilling of this well in accordance with the estimate submitted. (October 29, 1957)

99. There is presented a report regarding the loss of water supply on Route 42, Section 14 (North-South Freeway), Big Timber Creek to Coles Road, Blenheim, property of Mrs. Martha A. Selby from whom the State acquired Parcel 10, at a consideration of $2,500 in 1955. This agreement contained the following clause:

"It is further understood and agreed that in the event that the well now existing on the remainder of the vendor's land shall, within a period of three months from the date of final acceptance of the construction of the highway by the State Highway Commissioner,cease to supply the same average quantity of potable water as heretofore, then the State shall pay the owner the fair and reasonable cost to restore the well to its normal function."

Investigation by our engineers verifies the contention of the owner that the well has gone dry. Estimates for drilling new wells were secured as follows:

J. Henry Robbins - Gibbsboro $1,138.00
John Murtha - Almonesson .... 985.75 with the provision that (1) if he were the successful bidder on the 3 wells on which he furnished estimates, the cost of drilling would be 25¢ per foot less, reducing his estimate to $943.25 (2) this estimate is based on drilling to 170 feet but if water is found at a level less than 170 feet, an adjustment will be made at the rate of $3.75 per foot.

It is recommended that John Murtha be authorized to proceed with the drilling of this well in accordance with the estimate submitted. (October 29, 1957)

100. There is presented a report regarding the loss of water supply on Route 42, Section 14 (North-South Freeway), Big Timber Creek to Coles Road, Blenheim, property of Carlton Haines from whom the State acquired Parcel R8 at a consideration of $8,750 in 1955. This agreement contained the following clause:

"It is further understood and agreed that if the existing dug well on the owner's remaining property becomes dry or drained by reason of the construction of the Freeway, the party of the second part will reimburse the party of the first part for the cost of a new well to provide water."

Investigation by our engineers verifies the owner's contention that the well has gone dry. Estimates for drilling new wells were secured as follows:

J. Henry Robbins - Gibbsboro $1,138.00
John Murtha - Almonesson .... 995.75 with the provision that (1) if he were the seccessful bidder on the 3 wells on which he furnished estimates, the cost of drilling would be 25¢ per foot less, reducing his estimate to $953.25 (2) this estimate is based on drilling to 170 feet, but if water is found at a level less than 170 feet, an adjustment will be made at the rate of $3.75 per foot.

It is recommended that John Murtha be authorized to proceed with the drilling of this well in accordance with the estimate submitted. (October 29, 1957)

Right of Way-Sale of Property
Rts. 24-24N - 35 Extension

101. There is presented again the matter of the sale of the following parcels which were included in the public sale held on 12-13-56:

Item	High Bidder	Rt. No.	Section	Parcel	High Bid	Deposit
267	John C. Ciardilli	24-24N	22-1	X4F	$525.00	- -

NO. 35 - 1957

STATE OF NEW JERSEY
STATE HIGHWAY DEPARTMENT
TRENTON

SCHEDULE OF APPROVALS - NOVEMBER 15, 1957

Administration Items

Route 23, Section 17

1. Approval is recommended of the attached print of the General Property Parcel Map for Route 23, Section 17, Colesville Road to Steeny Kill Lake, Showing Existing Right of Way & Parcels to be acquired in the Townships of Wantage & Montague, County of Sussex, to be filed in Sussex County. (November 13, 1957)

Federal Aid-Interstate Routes General

2. It is recommended that the attached projects be submitted to the Bureau of Public Roads for Program Approval and use of Interstate Funds. (November 1, 1957)

Highway Planning-A.A.S.H.O.

3. It is requested that the attached project agreement be approved and executed: Authorizes the Bureau of Public Roads to withhold $73,500 from available Federal Aid highway funds as New Jersey's share in financing the A.A.S.H.O. Road Test Project. This action will provide a total of $150,443 available to date for this project (Highway Planning Project HPS 1-(70). (November 13, 1957)

Route 42, No.-So. Freeway, Section 14D

4. It is requested that the attached project agreement in duplicate be approved and executed: Route 42, Section 14D (North-South Freeway), Overpass Bridge at Pennsylvania-Reading Seashore Lines, Grenloch Branch, Gloucester Township, Project F-193(8). The amount of Federal Aid Primary Funds obligated is $185,600 which 50% of the estimated cost for Federal participation. (November 13, 1957)

Route 102, Section 2A (I-102-2(5)

5. It is requested that the attached project agreement in duplicate be approved and executed: Route 102, Section 2A, from Clinton Farms to Route 69, Interchange, Project I-102-2(5). The amount of Federal Aid Interstate funds obligated is $3,491,730 which is 90% of the estimated cost for Federal participation. (November 8, 1957)

Route 21 Freeway
Orders-Public Service Electric & Gas Co.

6. Public Utility Order #5 issued to the Public Service Electric & Gas Company covering relocation of their electrical facilities along Main Street, between Bayard and Terry Streets in the Town of Belleville, County of Essex, Freeway Route 21, approved by the Commissioner on May 27, 1957, called for open wire aerial construction. However, during the construction it was found that due to the narrow sidewalk area and the multi-storied buildings constructed out to the right of way line, it is impossible to relocate open wire aerial construction and still provide a safe clearance between the buildings and the open wire. It will, therefore, be necessary to install a self-supporting aerial cable along Main Street between Bayard Street and Belleville Avenue instead of the open wire previously planned. It is recommended that the Utility Company be reimbursed for the additional cost involved which amounts to $3,000. (November 1, 1957)

Route I-102-2
Orders-N.J. Bell Telephone Company

7. Approval and execution is recommended of the attached Order No. PUO-4-101-2 issued to the New Jersey Bell Telephone Company covering understandings in connection with the re-arrangement of their facilities made necessary on account of the construction of Freeway Interstate Route 101-2 in the Township of Denville, Morris County. The Utility Company is to be reimbursed for the actual cost of this work which is estimated at $118,800. (November 6, 1957)

Route 101-2
Rt. 101-2
Orders-N.J. Natural Gas Company

8. Approval and execution is recommended of attached Order No. PUO-3-101-2 issued to the New Jersey Natural Gas Company covering understandings in connection with the re-arrangement of their facilities made necessary on account of the construction of Freeway Route 101-2, Township of Denville, Morris County. The Utility Company is to be reimbursed for the actual cost of the work involved which is estimated at $10,600. (November 13, 1957)

Flood Damage-Bridge No. 391, Sussex Co.

9. Approval is recommended of acceptance and authorization of final payment of $5,844.73 as State's share to Sussex County, for repairs by contract to damage to Bridge No. 391 and Approaches, resulting from the flood of August 18th & 19th, 1955. This reimbursement is authorized by Chapter 228, P.L. 1955. Approval is further recommended of increasing the agreement for this work from $7,200 of State funds as originally approved, to $10,919.22 so the State may pay a full 90% of the total allowed cost. (November 1, 1957)

Flood Damage-Sussex County

10. Approval is recommended of acceptance and authorization of final payment of $30,017.93 as State's share to Sussex County for repairs by contract to damages to various County Bridges resulting from the flood of August 18 and 19, 1955. This reimbursement is authorized by Chapter 228, P.L. 1955.

Approval is further recommended of adding County Bridge No. 202 to the previously approved agreement. Some work was done on that bridge but it was not included in the agreement as approved. (November 1, 1957)

- - - - - - - -

11. Approval is recommended of acceptance and authorization of final payment of $47,342.83 as State's share to Sussex County for repairs by contract to damages to County Bridge No. 257 and approaches resulting from the flood of August 18 and 19, 1955. This reimbursement is authorized by Chapter 228, P.L. 1955. (November 6, 1957)

- - - - - - - -

12. Approval is recommended of acceptance and authorization of final payment of $6,073.90 State's share to Sussex County, for repairs by contract to damages to Bridge No. 64, resulting from the flood of August 18 and 19, 1955. This reimbursement is authorized by Chapter 228 P.L.-1955. Approval is further recommended of extending the time for the completion of this work from July 15, 1957 (60 calendar days) to the actual date of completion, July 23, 1957 (8 additional calendar days.) (November 13, 1957)

No Passing Zones

13. In accordance with the provisions of Section 114, Chapter 23, Public Laws 1951, it is recommended that the attached regulation be adopted establishing "No Passing Zones" along Routes U.S. 22 & U.S. 22 Alternate (1953), Routes 28 & 28A (1927), in Greenwich & Pohatcong Townships, Alpha Borough, Warren County; Bethlehem, Union & Clinton Townships, Town of Clinton & Bloomsbury Borough, Hunterdon County. It is further recommended that the following regulations be rescinded: NP-49-5 adopted 6-22-49, approved 8-5-49 - NP-53-3 adopted 3-16-53, approved 3-25-53. (November 13, 1957)

- - - - - - - -

14. In accordance with the provisions of Section 114, Chapter 23, Public Laws 1951 (c.39:4-201.1), it is recommended that the attached regulation be adopted establishing "No Passing Zones" along Route U.S. 46 (1953 6 (1927), Washington & Mount Olive Townships & Netcong Borough, Morris County, and that Regulation NP-56-1A adopted October 1, 1956 and approved October 5, 1956 be rescinded. (November 13, 1957)

Speed Limits

15. In accordance with the provisions of R.S. 39:4-98 (as amended), it is recommended that the attached regulation be adopted establishing legal speed limits along Route U.S. 9 (Beachwood Connection) Beachwood Borough & South Toms River Borough, Ocean County. (November 15, 1957)

No Parking Zones

16. In accordance with the provisions of S. 77, c. 23, L. 1951 (c.39:4-138.1), it is recommended that the attached regulation be adopted establishing "No Parking Zones" along Route 69 & U.S. 206 (1953) 29 & 30 (1927), Flemington Borough, Hunterdon County. (November 15, 1957)

- - - - - - - -

17. In accordance with the provisions of S. 77, c. 23, L. 1951 (c.39:4-138.1), it is recommended that the attached regulation be adopted establishing "No Parking Zones" along Route 33 (1953)(1927), Borough of Hightstown, Mercer County. (November 15, 1957)

Construction Items

Route 102 (Route 29 (1927), Section 2B

19. Approval is recommended of the plans and specifications for submission to the Bureau of Public Roads and authority to advertise after approval has been received from the Bureau for the Grading, Paving & Bridges, Route 102 (Route 28 (1927), Section 2B, from Still Valley to Central Railroad of New Jersey, Townships of Greenwich, Franklin & Bethlehem, Borough of Bloomsbury, Warren & Hunterdon Counties, Federal Project I-102-2(7). (November 15, 1957)

Palisades Interstate Parkway, Section 1H

20. Under date of January 8, 1957 the Commissioner approved of making semi-final payment and authorizing final acceptance of the Samuel Braen's Sons contract for the construction of Palisades Interstate Parkway, Section 1H, which project was completed on October 17, 1956. However, since then an investigation of cores taken of

Item 23, Pavement, Type MABC-2, 3" thick showed 23 deficient cores covering some 23,000 s.y. of pavement which deficiency is valued at $4,500. The contractor has corrected some of this deficiency by placing 80 tons of material valued at $875.20 leaving a remainder of $3,624.80 in deficient pavement which should be assessed against the contractor as a penalty. Furthermore, it is recommended that the contractor furnish a 5 year bond in the amount of $40,250 to guarantee the performance of the 23,000 s.y. of deficient pavement valued at $1.75 per s.y. It is, therefore, recommended that before final payment is authorized the contractor, he be penalized the above-mentioned amount plus the furnishing of the 5 year bond as requested. See attached sheet for number and location of deficient cores. (November 13, 1957)

Right of Way Items

Right of Way- Route 4

60. There is presented a plan on Route 4, Section 4H, at Hackensack Avenue; together with memorandum from Mr. F. L. Gerard, which has been approved by Mr. Giffin and Mr. Fritzsche. It is recommended that this plan be approved subject to such changes as may be necessary in order to conform with the construction plans as finally adopted and approved, and that authority be granted to negotiate for the acquisition of the necessary right of way, the estimated cost of which is $50,000. It is further recommended that the sum of $50,000 be set up. (November 26, 1957).

Right of Way-Route FAI-102-2-(4)

61. There is presented again the matter of the setting up of funds on Route FAI-102-2-(4) from west of Clinton in the vicinity of Clinton Farms to East of Clinton at the westerly end of Route 69 Interchange. On April 30, 1957, authority was granted to set up the sum of $1,600,000 to cover the estimated cost of this entire project. This estimate included the Clinton Interchange. Subsequently, it was determined that the Clinton Interchange was not to be included in this project. The $1,600,000 estimate was reviewed and the estimated cost of the Clinton Interchange, in the sum of $825,000 was deleted. The balance of $775,000 remaining is the estimated cost of Route FAI-102-2(4), now under negotiations. Authority is requested to transfer the sum of $825,000 from this Right of Way Account. (November 21, 1957)

Right of Way-Route FAI-104-2(2)

62. There is presented the General Property Parcel Map on Route FAI-104-2(2), from Route U.S. 22 to Easton Avenue; together with memorandum from Mr. F. L. Gerard which has been approved by Mr. MacDougall, Acting State Highway Engineer. On May 31, 1957, the Bureau of Public Roads approved this project for Federal participation. It has been determined that only a portion of this project be negotiated at this time, therefore, authority is requested to negotiate for the acquisition of the necessary Right of Way, from New Jersey Route 28 to Easton Avenue, the estimated cost of which is $1,378,000. It is recommended that this General Property Parcel Map be approved subject to such changes as may be necessary in order to conform with the construction plans as finally adopted and approved. It is also requested that authority be granted to set up the sum of $1,378,000 (of which $1,240,200 will be Federal Aid Interstate Funds and $137,800 will be State Funds). (November 21, 1957)

Right of Way-Route FAI-104-2(3)

63. There are presented 3 sheets of the General Property Parcel Map on Route FAI-104-2(3) Easton Avenue to Stelton Road (from Easton Avenue at Station 275± to Station 353±); together with memorandum from Mr. F. L. Gerard which has been approved by Mr. MacDougall, Acting Assistant State Highway Engineer. On May 31, 1957, the Bureau of Public Roads approved this project for Federal participation. It is recommended that these 3 sheets be approved subject to such changes as may be necessary in order to conform with the construction plans as finally adopted and approved, and that authority be granted to negotiate for the acquisition of the necessary Right of Way, the estimated cost of which is $274,000. Authority is requested to set up the sum of $274,000 (of which $246,600 will be Federal Aid Interstate Funds and $27,400 will be State funds). (November 21, 1957)

Right of Way-Route 29(1927),Rt. 22(1953

74. There is presented again the matter of acquisition of property on Route 29 (1927) Sections 8D & 9K, Route 22 (1953), Project F-178-(16) at Washington Avenue, Rock Avenue, West End Avenue, Wilson Avenue and North Drive. Condemnation proceedings were previously authorized for the acquisition of Parcel 26, Ydrab Company, Inc., at which time the owners refused to state their demands. Subsequently the plan was revised reducing the area of the parcel required from the Ydrab Company, Inc., from 7,020 sq. ft. (Parcel 26) to 2,912 sq. ft. (Parcel R26). Continued negotiations have resulted in the execution of an agreement covering Parcel R26, in the sum of $3500.00. It is recommended that this agreement be approved and that the previous action authorizing condemnation on Parcel 26 be rescinded. (November 20, 1957).

Right of Way-Route FAI-102-2(4)

75. There is presented again the matter of acquisition of property on FAI Route 102-2(4), from west of Clinton in the vicinity of Clinton Farms to east of Clinton at the westerly end of Route 69 Interchange, Parcel 9, George W. Schuyler and wife. Condemnation proceedings were previously authorized at which time the owners were demanding $4,500. Continued negotiations have resulted in the execution of an agreement in the sum of $3,300. (owner to remove frame garage) It is recommended that this agreement be approved and that condemnation proceedings previously authorized be discontinued. (November 20, 1957)

Right of Way-Route 25

76. There is presented again the matter of acquisition of property on Route 25, Section 5 and 6, Amboy Avenue Interchange, Parcel 6, M. Shapiro & Son Construction Company, Inc., on which an agreement was previously approved in the amount of $2,750.00. The search revealed the premises in question is subject to a recorded grant of easement held by Garfield Homes, Inc., for the construction, maintenance, operation and repair of an 8" sanitary sewer main and a manhole which serves as a connection between a development area and a municipal sewer system. This easement is of such nature it cannot be severed; and as the State does not take title subject to privately owned interests, a subordination agreement has been executed by the Garfield Park Homes, Inc., (consented to by its mortgagee, Central Savings Bank in the City of New York, and the insurer for the mortgagee, Federal Housing Administration). It is recommended that this subordination agreement be accepted and authority granted to make settlement accordingly. (November 20, 1957)

It is recommended that these bids be rejected, and that the deposits listed above, plus the full payment of $30.00 on Item 321 be refunded. (December 2, 1957)

Right of Way-Sale of Property

92. There is presented again the matter of sale of the following parcels (authorized by the State Highway Commissioner on February 21, 1957:

Item	High Bidder	1953 Rt.	1927 Rt.	Section	Parcel	High Bid
117	J. Robert Smith for The Canterbury Company	US 1	25	5	27A	$ 325.

The sale to J. Robert Smith in the sum of $325 was confirmed on February 21, 1957. Subsequently, this confirmation was rescinded because of a determination that the parcel would be required for Interstate Route 104. Frederick M. Adams, Esq., representing the purchaser, now makes claim by letter dated November 14, 1957 for legal fees in the sum of $100 incurred by his client; this claim has been approved by Deputy Attorney General Lipkin. It is recommended that the purchase price of $325 be refunded and that authority be granted to pay legal fees in the sum of $100. (December 9, 1957)

Right of Way-Route 2 (1927)

93. There is presented a report in the matter of acquisition of a slope and drainage easement on Route 2 (1927), Section 10, Parcel E12, Peter H. Kipp Est. Condemnation proceedings were previously authorized because of tax liens and inability to locate the heirs. The property has since been sold and the successors in title have given to theBorough of East Rutherford an easement for drainage purposes along Route 2 on a 20-foot wide strip adjoining the highway on the southeast. A pipe placed within this easement will be used by the State for drainage purposes making the acquisition of Parcel E12 unnecessary. It is, therefore recommended that the previous action authorizing condemnation of Parcel E12 be rescinded and that the easement be not acquired. (December 9, 1957)

Respectfully submitted,

Kenneth D Rice

Kenneth D. Rice
Secretary

The Approvals as indicated in this Schedule
are hereby ratified and confirmed.

1. In accordance with the recommendation made by the Claims Bureau and William J. McCormack, Deputy Attorney General, and Charles A. Hurley, Comptroller for the Highway Department, in connection with claims being carried by the State Highway Department against outside parties arising out of motor vehicle accidents, more fully set forth in Schedules A and B, attached hereto, it is hereby recommended that the claims in question be cancelled for the reasons set forth in the memorandum prepared by the Claims Bureau dated December 6, 1957. (December 12, 1957)

Speed Limits

2. In accordance with the provisions of R.S. 39:4-98 (as amended), it is recommended that the attached regulation be adopted establishing legal speed limits along Route 5 (1953)(1927), Boroughs of Ridgefield, Palisades Park, Fort Lee and Edgewater in Bergen County. (December 12, 1957)

- - - - - - - - -

3. In accordance with the provisions of R.S. 39:4-98 (as amended), it is recommended that the attached regulation be adopted establishing legal speed limits along Route 67 (1953) S-1A-A (1927), Borough of Fort Lee in Bergen County. (December 12, 1957)

No Parking Zones

4. In accordance with the provisions of s. 78, c. 23, L. 1951 (c.39:4-138.1), it is recommended that the attached regulation be adopted establishing "No Parking Zones" along Route 69 & U.S. 202 (1953) 29 & 30 (1927), Flemington Borough, Hunterdon County. By this action Regulation RP-57-37, adopted November 15, 1957, and approved November 20, 1957, is rescinded. (December 17, 1957)

Route S-31, US 206, Section 4

5. It is requested that the attached modified project agreement in duplicate be approved and executed: Route S-31, US-206, Section 4, Reconstruction of Branchville Relocation, D.L. & W.R.R. Project ER-1. The amount of Emergency Relief funds obligated is $104,995.92 which is 50% of the estimated cost for Federal Participation. (December 13, 1957)

Route FAI-108-2

6. Approval and execution is recommended of attached Order No. PUO-9-108-2 issued to the New Jersey Water Company covering understandings in connection with the rearrangement of their facilities necessitated by the construction of Freeway Interstate Route 108-2 in the Borough of Haddon Heights and Borough of Barrington, County of Camden. The Utility Company is to be reimbursed for the actual cost of this work which is estimated at $8,510. (December 13, 1957)

Route 102, Section 2A

7. It is requested that the attached project agreement in duplicate be approved and executed: Route 102, Section 2A, from 0.5 mile West of Town of Clinton to State Route 69 excluding Interchange. Construction Items

Route 26, Sections 1D & 2D

8. Approval is recommended of the plans and specifications for submission to the Bureau of Public Roads and of advertising after approval has been received from the Bureau for the Intersection Revisions on Route 26, Sections 1D & 2D, Route U.S. 1 (1953) Baker's Basin-Lawrenceville Road and Provinceline Road, Lawrence and West Windsor Townships, Mercer County, Federal Aid Project F-95(27). (December 13, 1957)

Routes 4 & 35 (1927),US 9&35(1953) Chain Link Fence

9. It is recommended that all bids received on December 10, 1957 for the construction of Chain Link Industrial Fence on Routes 4 & 35 (1927), U.S. 9 & 35 (1953), Section 11, be rejected and that this project be re-advertised for bids. The low bid of U.S. Steel Corporation, American Steel & Wire Division, Newark, New Jersey, in the amount of $5,959.88 was in violation of Regulation 10 of the Revised Statutes Title 52:35 and should therefore be rejected. The second low bidder, Turner Fence Company, Inc., Hanover, New Jersey, in the amount of $8,600.20 is $2,640.32 in excess of the low bid and in the best interest of the State all bids should be rejected. (December 16, 1957)

Route 33, Sections 17A & 18

10. It is recommended that all bids received on December 10, 1957, for the Widening and Resurfacing from Route 35 to Garden State Parkway, Route 33, Sections 17A & 18, Federal Project No. FU-66(5) in Neptune Township and Borough of Neptune City, Monmouth County, be rejected and that this project be re-advertised for bids. The low bid of Manzo Contracting Company ($619,747.04) was in violation of Regulation 10 of Revised Statutes Title 52:35 and is therefore being rejected. The second low bidder, Nesto Construction Company, in the amount of $657,312.65 was $37,565.61 in excess of the low bid, and in the best interest of the State all bids should be rejected. (December 16, 1957)

Rt. 1 Secs. 3A & 4F & Rt. 7, Sec. 2

11. Under date of September 20, 1957, semi-final acceptance was made of the Reid Contracting Company, Inc., contractor for the repaving from Tonnele Avenue Circle to Wallis Avenue and from Wallis Avenue to Fish House Road, City of Jersey City, Town of Kearny, Hudson County, Route 1, Sections 3A & 4F, and Route 7, Section 2. At the time of semi-final acceptance the amount of $4,425.33 was withheld for uncompleted work plus $100 from bridge items which was withheld pending settlement of the contractor's claim for additional compensation. Since semi-final acceptance there have been changes of plan No. 8,9 & 10 which resulted in a net increase in the contract amount of $9,393.05. The unfinished work has now been completed and it is, therefore, recommended that the project be finally accepted and final payment authorized the contractor after the necessary formalities have been observed. In the matter of the $100 the contractor has agreed to present this claim at a later date. (December 12, 1957)

Route 30 (Route 69), Section 2B

12. A.J. Cunningham & Sons, contractors for the Widening & Resurfacing from Bull Run Road to Pennington Circle, Mercer County, Route 30 (Route 69), Section 2B, have satisfactorily completed the work under their contract as of September 20, 1957, except that there is a value of $59,000 Bituminous Pavement which the Laboratory reports does not comply with the specifications as to composition. It is therefore recommended that this contract be finally accepted and a semi-final estimate issued the contractor, withholding $1000 to guarantee a satisfactory growth of grass and further that the contractor be required to file a Five-Year Maintenance Bond to cover the performance of the bituminous pavement. Further recommendation is made that Final Payment be made to the contractor upon satisfactory compliance with the above conditions. (December 12, 1957)

Route 35, Sections 1B & 2B

13. Central Construction Company, contractor for the drainage improvement at Sylvania and Sunset Avenues, in the Borough of Neptune City, Ocean Township, Monmouth County, have satisfactorily completed the work under their contract as of July 18, 1957. It is recommended that this project be finally accepted and a final estimate issued the contractor authorizing final payment with the stipulation that he furnish a five-year Performance Bond as requested by the Laboratory to guarantee the quality of the concrete in pavement slabs 7,11 & 12 which do not meet strength requirements. The contract cost of the pavement in said slabs is $1,755. (December 12, 1957)

Route 38, Section 1F

14. Mercer Contracting Company, contractors for the planting on Route 38, Section 1F, Interchange at Haddonfield Road, Township of Delaware, Camden County, have satisfactorily completed the work under their contract as of November 15, 1957. It is recommended that this project be finally accepted and a final estimate issued the contractor after the necessary formalities have been observed. (December 11, 1957)

Route 42, Sections 13B & 14A, No.-So. Freeway

15. Under date of August 29, 1957, semi-final acceptance was made of Public Constructors, Inc., contract for Route 42, Sections 13B & 14A, North-South Freeway; Browning Road to Lower Landing Road. One (1) per cent was withheld pending receipt of as-built quantities, placing of overload material and guarantee of an acceptable growth of grass. The aforementioned conditions have been satisfactorily complied with, and it is therefore recommended that this project be finally accepted and a final estimate issued the contractor after the necessary formalities have been observed. (December 12, 1957)

Right of Way-Route25 (1927)

41. There is presented again the matter of acquisition of property on Route 25(1927), Section 38, Hackensack River Bridge & Approaches, Parcels R5A & R5B, Hudson Circle Service Center, Inc. As a result of an appeal from a commissioners' award of $223,500 a judgment was entered in the sum of $194,831.66, plus interest to date of settlement. On March 12, 1957 an indenture was consummated wherein the Hudson Circle Service Center requested payment of the judgment without prejudice to its right to prosecute an appeal, and payment was made by the State totaling $197,105.59 (which included $2,273.93, interest on the judgment.) Subsequently, the Hudson Circle Service Center appealed to the Appellate Division of the Supreme Court on a point of law. They were sustained by the Appellate Court and a new jury trial was ordered. An agreement has now been executed in the sum of $210,000 including the the $197,105.59 previously paid, which leaves a balance due of $12,894.41. It is recommended that this agreement be approved, thus avoiding the necessity of a retrial by jury. (December 13, 1957)

Right of Way-Route 29 (1927), US 22 (1953)

42. There is presented again the matter of acquisition of property on Route 29(1927) Route U.S. 22 (1953), Sections 8D & 9K, at Washington Avenue, Rock Avenue, West End Avenue, Wilson Avenue, and North Drive, Parcel 3, Rose Biondi, single. Condemnation proceedings were previously authorized at which time the owner was demanding $12,000. An agreement has now been executed and submitted in the sum of $10,400. It is recommended that this agreement be approved and that condemnation proceedings previously authorized be discontinued. (December 17, 1957)

Right of Way-Route 42, No.-So. Freeway)

43. There is presented again the matter of acquisition of property on Route 42, North-South Freeway (Project F-193(10), Section 15, Coles Road at Blenheim to Turnerville, Parcels 2R25A, 2R25B & 25C, Mary Watson and Husband. Condemnation proceedings were previously authorized, at which time the owners were demanding $159,000. Continued negotiations with the owners' attorneys have resulted in an agreement in the sum of $88,477 which agreement provides for a down payment of $22,000. It is recommended that this agreement be approved and that condemnation proceedings previously authorized be discontinued. Authority is requested to dispose of the buildings to the road contractor. (December 13, 1957)

Right of Way-Route FAI-108-2(1)

44. There is presented again the matter of acquisition of property on FAI 108-2(1), North-South Freeway (FAI 109) to Warwick Road; Parcel R113, Henry M. Kreh, widower. Condemnation proceedings were previously authorized, at which time the owners were demanding $32,000. Continued negotiations have resulted in the execution of an agreement in the sum of $25,200. It is recommended that this agreement be approved, and that condemnation proceedings previously authorized, be discontinued. (December 13, 1957)

Right of Way-Route 43 (1927), U.S. 30 (1953)

45. There is presented an Inter-departmental Agreement form which was prepared by the Attorney General's Office, and approved by our Title Officer. This agreement form provides for conveyance from the Commissioner for the Department of Conservation & Economic Development to the Commissioner for the Highway Department of Parcels 2A,2B,2C & 3 on Route 43 (1927), Section 11E, Route U.S. 30 (1953), Revision of Spring Garden-Winslow Road Intersection at Ancora, at a consideration of $975. It is recommended that this agreement be executed on behalf of the Highway Department, and authority granted to forward same to the Department of Conservation and Economic Development for execution on behalf of that Department; with the understanding that the sum of $975 will not be paid until the Department of Conservation and Economic Development secures a policy proving good marketable title to the property. (December 13, 1957)

Right of Way-Route 42

46. There are presented report and appraisal with map and description on Route 42, Section 15, Project F-193(10), Coles Road at Blenheim to Turnerville, Parcels R23A & 2R23B, Edward C. Gardner and wife. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of these parcels in fee simple subject to any public utilities existing in the premises. The owner refuses to state his demands. (December 13, 1957)

Respectfully submitted,

NO. 1 - 1958

STATE OF NEW JERSEY
STATE HIGHWAY DEPARTMENT
TRENTON

SCHEDULE OF APPROVALS - JANUARY 14, 1958

Administration Items

Orders-PUO-3-101-2, N.J. Natural Gas Company

1. In the action approved November 13, 1957 with regard to reimbursement of the New Jersey Natural Gas Company, in connection with Order PUO-3-101-2 there was an error made in the recording of the estimated amount to be reimbursed to the Utility Company. The amount should have read $13,285 instead of $10,600 which appeared in the Commissioner's action. It is, therefore, recommended that this action be amended to show the correct amount; namely $13,285. (January 10, 1958)

Prequalification of Bidders

2. Approval is recommended of the attached list of assignment of classifications and/or reclassifications of prospective bidders as prepared by the Prequalification Committee in accordance with R.S. 52:35. The Committee consists of the Comptroller, Director & Chief Road Engineer, Counsel, and State Highway Engineer. (January 10, 1958)

No Parking Zones

3. In accordance with the provisions of s. 78, c. 23 L. 1951 (c. 39:4-138.1), it is recommended that the attached regulation be adopted establishing "No Parking Zones" along Route U.S. 130 (1953) 25 (1927), City of Camden & Pennsauken Township, in Camden County. (January 10, 1958)

Regulations

~~Hearing~~s-Route 29 Freeway, Trenton

4. Attached hereto is a copy of the transcript of the Public Hearing held on January 3, 1958 preliminary to the adoption of regulations prohibiting certain classes of traffic from using Route 29 Freeway in the City of Trenton, Mercer County, in accordance with the provisions of Section 52, Chapter 23, Public Laws 1951 (C.39:4-94.1) It is recommended that the attached regulation LAP-57-1 prohibiting certain classes of traffic on Route 29 Freeway in the City of Trenton, Mercer County, be now adopted. (January 10, 1958)

Flood Damage-Sussex County

5. Approval is recommended of acceptance and authorization of final payment of $45,893.34 as State's share to Sussex County for repairs by contract to damages to Bridge No. 526 and Approaches, resulting from the flood of August 18 and 19, 1955. This reimbursement is authorized by Chapter 228, PL-1955. Approval is further recommended of increasing the agreement for this work from $27,000 of State funds, which is the amount now allocated for this project to $45,893.34 so the State may pay a full 90% of the total allowed cost. The increase in cost is due largely to necessary supplemental work authorized by Change of Plan No. 1, which was approved March 19, 1957. (January 10, 1958)

Construction Items

Route 28, Section 7C, Bridge over Peters Brook

6. Approval is recommended of the plans and specifications for submission to the Bureau of Public Roads and authority to advertise after approval has been received from the Bureau of Public Roads for the construction of Bridge over Peters Brook, Route 28, Section 7C, in the Borough of Somerville, Somerset County, Federal Project No. U-48(2). (January 7, 1958)

Route S40 (1927), Section 5D, Route 72 (1953)

7. Approval is recommended of the plans and specifications for submission to the Bureau of Public Roads and authority to advertise after approval has been received from the Bureau for the Grading & Paving of Route S-40 (1927), Section 5D, Route 72 (1953), from Hilliard to Ship Bottom in the Township of Stafford, Ocean County, Federal Project F-130(8). (January 3, 1958)

Route 4, Section 4H

8. Approval is recommended in making award of contract to Geo. M. Brewster & Son, Inc., for the Northwest Ramp Revision at Hackensack Avenue, Route 4, Section 4H, City of Hackensack, Bergen County, at their bid, the lowest of four bids received on December 19, 1957 in the amount of $76,152.45. (January 6, 1958)

Route 17, Section 9E

9. Peter W. Kero, Inc., contractors for the construction of Bridge, Approaches & Ramps on Route 17, Section 9E, Franklin Turnpike Intersection in the Borough of Ramsey, Bergen County, have satisfactorily completed the work under their contract as of December 11, 1957. It is recommended that this project be finally accepted and a semi-final estimate issued the contractor, withholding two percent of the estimated final cost of contract pending receipt of the final certified as-built quantities or an amount of $10,950.15 (2% of $547,507.35.) Further there is aproximately $6,708.96 of estimated completed work for which there are no as-built quantities. This amount should also be withheld making a total amount to be withheld on road items only $17,659.11. It is, however, recommended that 100% payment be made on all bridge items which were completed on August 9, 1957. Final payment should be made the contractor for all road items upon receipt of the as-built quantities releasing all monies which were withheld. (January 10, 1958)

Route 23, Section 8E

10. J.F. Chapman & Sons, Inc., contractors for the Pavement Widening, Route 23, Section 8-E, in Wantage and Hardyston Townships, Sussex County, have satisfactorily completed the work under their contract as of October 28, 1957. It is recommended that this project be finally accepted and a final estimate issued the contractor after the necessary formalities have been observed. (January 8, 1958)

Route 39 (1927), Section 2C, U.S. 206 (1953)

11. Thomas Nicol Company, Inc., contractor for the Widening & Resurfacing of Route 39 (1927), Section 2C, Route U.S. 206 (1953), from Columbus to Chambers Corner, Mansfield & Springfield Townships, Burlington County, Federal Project No. F-100 (8) have satisfactorily completed the work under their contract as of November 15, 1957. It is recommended that this project be finally accepted and semi-final payment made to the contractor, withholding $1,000 to guarantee satisfactory growth of grass and the amount of $8,096.35, representing 1% of the value of the completed work, pending receipt of as-built quantities and final approval of the work by the Maintenance Division. It is further recommended that final payment be authorized the contractor upon satisfactory growth of grass and when the project has been finally approved by the Maintenance Division. (January 8, 1958)

Route 42, Sections 14B & 15A, No.-So. Freeway

12. Under date of July 3, 1957 Commissioner Palmer made semi-final acceptance of Public Constructors, Inc., contract for the Grading, Bridge & Incidental Paving from Lower Landing Road to Coles Road on Route 42, Sections 14B & 15A. At the time of semi-final acceptance, a semi-final estimate was issued the contractor withholding 1% of the completed road items only to cover the replanting of unsatisfactory material. On November 22, 1957, replanting of this material was completed to the satisfaction of our Maintenance Division. It is, therefore, recommended that this project be now finally accepted and a final estimate issued the contractor releasing the amounts on money withheld. (January 10, 1958)

Federal Aid Secondary Items

Dorset Boulevard-Atlantic County

13. On January 7, 1958 bids were received for the construction of Dorset Boulevard, Atlantic County, Federal Aid Secondary Project No. S-202(1). Of the three bids submitted two were considered irregular and were rejected without being read. The amount of the one bid read was in excess of the Engineer's estimate. It is, therefore, recommended that the bid received be rejected and the project be re-advertised for bids to be received February 4, 1958. (January 10, 1958)

Deepwater-Slapes Corner Road, Salem County

14. South Jersey Construction Company have completed the work on their contract for Deepwater-Slapes Corner Road, Salem County, Federal Aid Secondary Project No. S-179(2), and acceptance was made by the Commissioner under date of October 2, 1957. Before final payment can be made to the contractor, disposition is necessary of a claim made by Joseph S. Logan, Salem, New Jersey. This claim is in the amount of $1076 and is disputed by the contractor. The contractor has therefore furnished a bond dated December 24, 1957 for twice the amount of such claim or $2152. It is recommended that this bond be accepted in order to release final payment to the contractor, when the necessary formalities have been observed. (January 9, 1958)

Schraalenburgh Road, Bergen County

15. There is presented a copy of a resolution adopted by the Bergen County Board of Freeholders recommending the acceptance of Schraalenburgh Road, Bergen County, as completed. It is therefore recommended that work on the contract of Ufheil Construction Company for construction of Schraalenburgh Road, Bergen County, Federal Aid Secondary Project No. S-209(1), be accepted and that final payment be authorized when the necessary formalities have been observed. (January 3, 1958)

There will be an annual maintenance cost to this department of $240. The Township of Springfield will pay the electric current operating cost. It is respectfully fecommended that authorization be given to the Electrical Bureau to make the installation as outlined in report dated December 26, 1957, and the agreements, which have been approved by the Attorney General, be signed by the proper officials of this department. (January 3, 1958)

Maintenance Item

Painting Outer Edge White Lines

22. The Supervising Engineer, Bureau of Maintenance, reports that, owing to cold weather and the presence of abrasive materials along certain of the roads on which outer edge white lines were to be painted under contract with the Alan Lombardi Striping Company, Berkeley Heights, New Jersey, the company was unable to complete the painting of the 1,700,000 lineal feet of line called for in the contract prior to the expiration date of the extension of time; namely December 20, 1957. The Supplementary Specifications covering the performance of the work provides that any portion of the contract not completed before November 15, 1957 may be cancelled. There still remains to be painted 133,154 lineal feet of line, and the Supervising Engineer, Bureau of Maintenance, recommends that the contract be cancelled. It is herewith recommended that the contract be cancelled and that authority be given for the making of final payment upon completion of the necessary formalities. (January 7, 1958)

The owner refuses to state his demands. (January 13, 1958)

Right of Way-Route FAI-101-2(2)

54. There are presented report and appraisal with map and description on Route FAI-101-2(2), Mt. Hope-Rockaway Road to Route U.S. 46 at Denville, Parcel 56, Harold Rundle, single. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing in the premises. The owner is demanding $1,500 which is considered excessive. (January 13, 1958)

Right of Way-Route FAI-108-2(5)

55. There are presented report and appraisal with map and description on Route FAI-108-2(5), Warwick Road to Route 73, Parcel 31B, Joseph J. Mullen. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing in the premises. The owner cannot be located. (January 13, 1958)

Right of Way-Route 35

56. There is presented a report from the Title Officer regarding slope and drainage rights, and the right to relocate a stream, which rights were previously acquired by the State from Louise D. Greenwood and William M. Greenwood in connection with the acquisition of Parcel 6 on Route 35, Section 6, Middletown Cut Off. Scott Realty Corporation, predecessors in title to the Middletown Shopping Center, Inc., installed drainage facilities at a new location, in substitution for the drainage structures previously installed by the State. This work was done under the supervision of our Maintenance Division and was approved at completion. The present owners, Middletown Shopping Center, Inc., have executed a deed of easement and release through which Parcel E6C (drainage easement) is conveyed to the State, in consideration for which the State releases certain rights previously acquired but no longer needed by reason of the relocation of the facilities. It is recommended that this Deed of Release and Easement be executed in duplicate and authority granted to transmit one copy thereof to the Middletown Shopping Center, Inc. (January 3, 1958)

Right of Way-Route 4 Revision (Shore Relief Rd.)

57. There is presented a report from the Title Officer regarding property on Shore Relief Road, Route 4 Revision, Section 2, Asbury Avenue to Eatontown. An agreement was previously secured for Parcel 72A from John Darmana, et ux, through which agreement slope and drainage rights were acquired. The successors in title havd requested a release of these slope and drainage rights which are no longer required, according to a report from our Engineering Division. It is therefore recommended that the attached release be executed and authority granted to deliver same to Alfred M. Schmidt, et al, through their attorney, Henneberry & Giordano. (January 3, 1958)

Right of Way-Route 42, No.-So. Freeway

58. There are presented reports from the Right of Way Division as well as the Deputy Attorney General's Office pertaining to the claim for loss of water supply made by Mrs. Ella Mae Nelson, from whom the State acquired Parcel R-7 on Route 42, North-South Freeway, Section 14, Big Timber Creek to Coles Road, Blenheim.

Estimates were secured from the following well drillers:

J. Henry Robbins	- Gibbsboro	$ 898.00	each	or	$1,796.00	for 2 wells
A.A. & M. Well Drillers	- Barrington	923.00	"	or	1,846.00	" " "
John Murtha	- Almonesson	979.25	"	or	1,958.50	" " "

In view of the decision rendered by Deputy Attorney General Lipkin and certification from State Highway Engineer O.H. Fritzsche, it is recommended that authority be granted to pay Mrs. Nelson the sum of $1,796 based on the low estimate submitted by J. Henry Robbins upon execution of a General Release of all claims for damages. (January 7, 1958)

Respectfully submitted,

52. There are presented reports regarding a complaint from Charles W. Milazzo and wife that their well has run dry because of our construction of FAI - 108-2(1). Mr. Milazzo's well is located approximately 100 feet from our right of way line. Investigations by our engineers have confirmed Mr.Milazzo's contention, and Mr. O.H. Fritzsche, State Highway Engineer, has certified that our construction operations caused this well to run dry. An estimate for a new well was secured from Edward Robbins & Son, Gibbsboro, New Jersey, in the sum of $838. However, Mr. Milazzo expressed a desire to secure his water supply from the New Jersey Water Company, which company has submitted an estimate of $1,530 for supplying water to two houses, one of which would be Mr. Milazzo's. It is therefore recommended that authority be granted to accept the General Release of all claims for damage executed by Charles W. Milazzo and wife, and to pay therefor the sum of $765. representing one-half of the estimate secured from the Water Company. (January 20, 1958)

1. It is recommended that the attached projects be submitted to the Bureau of Public Roads for Program Approval and use of Interstate Funds:

I-101-2	Mt. Arlington Road (Howard Boulevard) to Union Turnpike, Wharton (Utilities)
I-101-2	Mt. Arlington Road (Howard Boulevard) to Union Turnpike, Wharton (Construction)
I-102-2	Still Valley to C.R.R. of New Jersey (Six Bridges)
I-108-1	Hollywood Avenue to N.J. Turnpike in Upper Penns Neck Township (Preliminary Engineering)

(January 30, 1958)

Claims-Settlements

2. The above claims arise out of accidents occurring at the Victory Bridge on March 10 and March 19, 1957 involving vessels owned by the Oil Transfer Company. As the result of the aforesaid accidents, the fender system was damaged and had to be repaired at a total cost of $1,648.32. The owner of the vessels questioned our billings on the grounds that we did not take into consideration the question of depreciation. The survey report furnished the Oil Transfer Company by their engineer indicated that the cost of making the necessary repairs should amount to $1,152.70. The Oil Transfer Company therefore offered to settle the Highway claims by splitting the difference between their survey figure and our actual bills, which offer was rejected. Subsequent discussion resulted in the boat company making a final offer of $1400 in full settlement of both claims. The offer of settlement was discussed with Mr. Arthur H. Wilmott, Supervisor of Bridges & Structures, who felt that the Oil Transfer Company's request for a depreciation allowance was reasonable and that a 15% depreciation allowance could be given on material used. This allowance amounted to $88.12 and would therefore reduce out claims to $1,560.20. The boat company officials indicated that if their final offer of $1400 was not accepted, they would have no alternative but to stand on their engineer's survey report of $1,152.70. Giving due consideration to the cost involved should we be forced to institute suit in order to collect the full amount of these claims, we feel the State would be justified in accepting the offer of settlement and it is out recommendation that it be approved and that the balance of the claim in the amount of $160.20 be cancelled. (January 29, 1958)

Utilities-Project I-108-2(4)

61. There is presented again the matter of acquisition of property on Route 36 Joline Avenue Connection from Oceanport Avenue to Branchport Avenue, Parcel 14, Frances Fiore, et al. On October 1, 1957 condemnation commissioners made an award in the amount of $1,600 which was appealed by the State. An agreement has now been secured in the amount of $1,425. The settlement is considered reasonable and it is recommended that this agreement be approved and the appeal previously authorized be discontinued. (February 10, 1958)

Right of Way-Blue Star Drive

62. There is presented a report in the matter of acquisition of property from Anthony Nardone and Jerry Cerza, et al. In 1955 an appeal was authorized from a condemnation commissioners award in the sum of $40,500 at which time the acquisition from this property was designated as Blue Star Drive, Section 1, Parcel R34. It was subsequently determined not to acquire this property on Blue Star Drive but to acquire it in connection with Route 29 (1927), Section 4, Widening, Route U.S. 22 (1953), Mountainside to Somerset County Line, on which plan the parcel is now designated as Parcel 90. Continued negotiations have resulted in the execution of deed and agreement covering Parcel 90 in the sum of $37,500. Because of the controversial elements involved in this case and to avoid the cost of further litigation, it is recommended that the agreement be approved and that the appeal previously authorized on Blue Star Drive, Section 1, Parcel R34 be discontinued. (February 4, 1958)

75. There is presented deed of release regarding property on Route 2 Revision 1927, Section 7, Route 4 (1927) to Wearimus Road. An agreement was previously secured for Parcel 48 from Elisa P.U. Bogert and for Parcel 49A from the Ridgewood Park Estates, Inc., through which slope and drainage rights were acquired. The successors in title, The S & G Investors, Inc., have requested a release of certain drainage rights which are no longer required, according to a report from our engineering division. It is therefore recommended that the attached deed of release be executed and authority granted to deliver same to the S & G Investors, Inc. (February 10, 1958)

Right of Way-Route 42

76. There is presented a report regarding claim for damages to the property of Mrs. Anna Quaranto, 700 Berkley Street, Camden, New Jersey. The Quaranto property has a common wall with the property acquired by this department from Edward A. Carney (Parcel 1), on Route 42, Section 10. The Quaranto property is being damaged by water seeping from the State owned property. An inspection of the property confirms Mrs. Quaranto's contention that the water seepage exists and that her property is being damaged. Victor Biasi & Son roofers, Camden, New Jersey, submit a proposal in the sum of $23.00 to cover the necessary repairs. It is recommended that Victor Biasi & Son be authorized to proceed with the necessary repairs, and that the sum of $23.00 be paid to them upon completion of the work in accordance with the proposal. (February 4, 1958)

Right of Way-Route FAI-108-2(5)

77. There is presented a report of the public auction for the buildings located on Route FAI-108-2(5), Parcels 63A & B, Russell C. Conley. The only bid received was that in the amount of $500 which was bid by Mr. Salvatore Joseph, 86 West Second Avenue, Pine Hill, New Jersey. Mr. Joseph has paid the amount of $125. being 25% of the bid. It is recommended that the bid submitted by Mr. Joseph in the amount of $500. be accepted and authority be granted to advise Mr. Joseph to remove the building in accordance with the terms and conditions of the sale, upon the payment of the full purchase price. (February 10, 1958)

Respectfully submitted,
Kenneth D Rice

SCHEDULE OF APPROVALS - FEBRUARY 26, 1958

Administration Items

Prequalification of Bidders

1. Approval is recommended of the attached list of assignment of classifications and/or reclassifications of prospective bidders as prepared by the Prequalification Committee in accordance with R.S. 52:35. The committee consists of the Comptroller, Director & Chief Road Engineer, Counsel, and State Highway Engineer. (February 21, 1958)

Services-Engineering

2. Approval and execution is recommended of the attached agreement between De Leuw, Cather & Brill, consulting engineers, and the State of New Jersey relative to the performance of engineering services in connection with the construction of FAI 102 - specifically that portion from the interchange at Snyder Avenue, West of Diamond Hill Road to an interchange with FAI 104, or to and including an interchange with with Route U.S. 206, whichever interchange facility proves to be more westerly. The Consultant to be paid on a fee basis of 4 per cent of a tentative estimate of cost of $16,000,000 or $640,000 and it is recommended that this amount be set up to cover the work called for under this contract. (February 25, 1958)

- - - - - - - - -

3. Approval and execution is recommended of the attached agreement between John G. Reutter, Consulting Engineer, and the State of New Jersey relative to the performance of engineering services in connection with the proposed improvement from a point about 1000 feet south of the Central Railroad to State Highway Route 49 in Cumberland County. The consulting engineer is to be paid a fee based on 4.5 per cent of a tentative estimate of cost of $600,000 or $27,000 and it is therefore recommended that this amount be set up to cover the cost of the work called for under this agreement. (February 19, 1958)

Abandonments-Route 6A, Sections 4B & 5

4. Approval is recommended of the attached Determination & Order abandoning that portion of the former Union Turnpike heretofore taken over as shown in red on the attached plan and described as follows:

[redacted]

> Beginning at about Station 18+25 (Route 6A, Sections 4B & 5), Stationing and extending northwestwardly to about Station 23+56 (Route 6A, Sections 4B & 5) Stationing.

(February 14, 1958)

Speed Limits

5. In accordance with the provisions of R.S. 39:4-98 (as amended), it is recommended that the attached regulation be adopted establishing legal speed limits along Route 84 (1953) 8N (1927), Sussex Borough and Wantage Township in Sussex County; and that Regulation LS-57-41, adopted December 29, 1957 and approved December 31, 1957, be rescinded. (February 19, 1958)

Route 25, Section 4

6. To accommodate the construction of Route 25, Section 4, in the Township of North Brunswick, County of Middlesex, it is necessary for the Transcontinental Gas Pipe Line Corporation to rearrange its facilities. It is recommended that the Utility Company be reimbursed for the actual cost of this work which is estimated at $19,306 to which should be added approximately 10% for contingencies bringing the total estimated cost to $21,200. (February 20, 1958) 2a

Route I-102-2

7. Approval and execution is recommended of attached Order No. 8-108-2 issued to the New Jersey Bell Telephone Company in connection with the rearrangement of their facilities to accommodate the construction of Freeway Interstate Route 108-2 in the Boroughs of Haddon Heights, Barrington and Lawnside, Camden County. The Utility Company is to be reimbursed for the actual cost of this work which is estimated at $35,940 plus a 10% contingency, making a total estimated cost of $39,534. (February 14, 1958)

8. Approval is recommended of acceptance and authorization of final payment of $39,504.20 as State's share to Warren County for repairs by contract to damages to County Bridge No. 50 resulting from the flood of August 18 & 19, 1955. This reimbursement is authorized by Chapter 228, P.L. 1955. (February 20, 1958)

Construction Items

Flood Damage-Warren County

9. Approval is recommended of the plans and specifications for submission to the Bureau of Public Roads and authority to advertise after approval has been received from the Bureau for the Revision of Down Ramp from North Bound Local to Route 21, Route 25 (1927), Section 32-H, Route U.S. 1 & 9 (1953), in the City of Newark, Essex County, Federal Project U-115(9). ~~Rt. 21, 25 (1927), Sec. 32H, Rt. U.S. 1 & 9 (1953)~~

10. Approval is recommended in making award of contract to Gaskill Construction Company, Inc., for the Pavement Reconstruction on Route 45, Section 29, from Broadway to Fenwick Creek and Shoulder Reconstruction from Pettit Lane to N.J. Inspection Station, in the City of Salem and Township of Mannington, Salem County, Federal Project No. F-37(2), at their bid the lowest of three bids received on February 11,1958, in the amount of $150,730.62. (February 25, 1958)

Rt. 21 Freeway Sec 1A

~~Route 45, Section 29~~

11. There is presented herewith a bill in the amount of $1,919.42 submitted by the Van Dyk Company, Inc., Belleville, New Jersey, for materials and labor furnished by their company during the reconstruction of their well pit and junction chamber in connection with the construction of Route 21 Freeway, Section 1A, which work was provided for under Contract Item 77 of the Supplementary Specifications under "Reconstruction of Well Pit and Junction Chamber" on sheet No. 144 of 204. It is, therefore, recommended that the Van Dyk Company be reimbursed in the amount specified for the work which was done to accommodate the construction of Route 21 Freeway, Section 1A. (February 13, 1958)

Route 4, Section 4H

12. Approval is recommended of request of Geo. M. Brewster & Son, Inc., Bogota, New Jersey, contractor for the construction of Route 4, Section 4H, Northwest Ramp Revision at Hackensack Avenue, City of Hackensack, Bergen County, to sublet Items 9, 13,14,25,26 & 27 of the Proposal, consisting of Subgrade, Curb & Pavement, in the amount of $20,525.45, or 26.953% of the total contract amount, to Frapaul Construction Company, Inc., 124 Essex Street, Rochelle Park, New Jersey. - - - - - - - -

13. Approval is recommended of request of Geo. M. Brewster & Son, Inc., Bogota, New Jersey, contractor for the construction of Route 4, Section 4H, Northwest Ramp Revision at Hackensack Avenue, City of Hackensack Bergen County, to sublet Items 10, 32,33,34,35,36 & 37 of the Proposal, consisting of Topsoiling, Mulching & Planting, in the amount of $9,084.75, or 40.377% of the total contract amount, to Mercer Contracting Company of Trenton, Inc., 53 Flock Road, Trenton, New Jersey. (February 25, 1958)

Route 30, Section 2A

14. The Barrett Roads Corporation contract for the construction of Route 30, Section 2A, from Parkway Avenue to Bull Run Road, Mercer County, Trenton, was recorded as having been completed as of November 4, 1957. However, there is a considerable amount of work to be done before this project will be finally accepted by the Maintenance Bureau. These exceptions are noted in the attached letter from the Main-Division. It is, therefore, recommended that semi-final acceptance be made of this contract authorizing semi-final payment withholding the amount of $21,907.52 of which $7,276.40 is being withheld as requested by the Maintenance Bureau. Also the amount of $14,631.12 representing 3% of the value of the completed work is being withheld pending final completion and as-built measurements. It is, however, recommended that 100% payment be made on all bridge items which were completed on May 24, 1957, after the necessary formalities have been observed. (February 20, 1958)

Route 25, Sections 5K & 6F

15. Under date of October 9, 1957 semi-final acceptance was made of Louis Zimmerman, Jr., contract for the construction of Bridge Approaches & Ramps at Amboy Avenue, Edison Township, Route 25, Sections 5K & 6F, Middlesex County. This project has now been finally completed as of October 23, 1957 and it is, therefore, recommended that this contract be finally accepted and a semi-final estimate issued the contractor withholding $600 to guarantee a satisfactory growth of grass; and it is further recommended that final payment be authorized the contractor when there is an acceptable growth of grass. (February 20, 1958)

Route S3, Section 3C

16. Franklin Contracting Company contractor for the Intersection Revision at U.S. Route 46 & Valley Road, Little Falls Township, and City of Clifton, Route S3, Section 3C, Passaic County, have satisfactorily completed the work under their contract as of December 3, 1957. It is recommended that this project be finally accepted and a semi-final estimate issued the contractor, withholding 1% of the estimated final cost of road items only pending receipt of as-built quantities or $3,526.95 plus the withholding of $7,500 of estimated completed work not included in the final estimate to cover the cost of various items of road work yet to be made acceptable to the Maintenance Bureau, making a total amount to be withheld of $11,026.95. It is, however, recommended that 100% payment be made on all bridge items which were completed on October 18, 1957. It is further recommended that final payment on road items be made to the contractor upon the receipt of the final certified as-built quantities and the correction of deficient work to the satisfaction of the Maintenance Bureau as mentioned in the attached memorandum from Mr. J.H. Driscoll, District Construction Engineer. (February 25, 1958)

Route 38, Section 1E

17. Pangia Construction Company contractors for the construction of Route 38, Section 1E, Chapel Avenue to Columbia Boulevard, Township of Delaware, Camden County, have completed the work under their contract as of August 22, 1957. It is recommended that this project be finally accepted and a final estimate issued the contractor withholding $350 to cover the cost of mudjacking the slabs to the required grade which work was done by our Maintenance Division but chargeable to the contractor, also withhold the amount of $200 to cover the cost of removing and replacing a 7'x10' cracked concrete slab which work will be done in the Spring making a total amount to be withheld on road items only $550. It is further recommended that because of the low core strengths and general map cracking in the surface of concrete surface pavement built during 1956 that the contractor be required to furnish a 5 year performance bond covering this work which amounts to 15,123 sq. yds. of concrete pavement surface, reinforced, at $6.10 per sq.yd. or a total of $92,250.30. Final payment on road items to be made to the contractor upon satisfactory completion of the above-mentioned work. It is recommended that 100% payment be made on all bridge items which were completed on July 5, 1957. (February 25, 1958)

SCHEDULE OF APPROVALS -- MARCH 7, 1958

Administration Items

Acct. - Claims-Settlements

1. There is presented a claim arising out of an accident occurring on April 27,1957 involving a vehicle owned by Elizabeth Holmes and operated by her son, Leroy Holmes. As the result of the aforesaid accident, Highway lighting pole was damaged and had to be repaired at a cost of $315.54, made up as follows: Labor, $149.47; Equipment, $33.00; Material, $109.70; Department Overhead, $23.37. Personal investigation by the Claims Bureau disclosed that at the time of the accident, the debtors did not have property damage coverage on their vehicle. From observation of their home, it would appear that these people are not too financially well off. Mrs. Holmes has advised that her son Leroy is married and has two small children. In an effort to dispose of the claim in an amicable manner, arrangements were made to offer the sum of $200 in full settlement of the State's claim. In view of the fact that there is no insurance involved in this case, and giving consideration to the debtors' financial circumbstances, it is recommended that this offer of settlement be approved in accordance with Mr. Levine's memorandum, attached hereto, and the recommendation of the Deputy Attorney General of the State Highway Department. (February 28, 1958)

Agreements-Engineering Services

2. Approval and execution is recommended of the attached agreement between Sherman, Taylor and Sleeper and the State of New Jersey relative to the performance of engineering services for the improvement of Interstate Route 108, specifically that part from Hollywood Avenue to the New Jersey Turhpike in Upper Penns Neck Township, Salem County, a distance of about 1.4 miles. The consultant's fee for this work is based on 4.75 per cent of a tentative estimate of cost of $1,250,000 or $59,375.00, and it is therefore recommended that this amount be set up to cover the work called for under this contract. (March 7, 1958)

Speed Limits

3. In accordance with the provisions of R.S. 39:4-98 (as amended), it is recommended that the attached regulation be adopted establishing legal speed limits along Route 7 (1953)(1927), Jersey City and Town of Kearny, Hudson County; North Arlington Borough, Bergen County; Towns of Belleville and Nutley, Essex County. (February 28, 1958)

(March 7, 1958)

Rt. 23, Secs. 16B & 17A, Bri. over Cleve River

9. Willis & Paul, Inc., contractors for the construction of Bridge Approach at Clove River and Pavement Reconstruction from Lake Rutherford Road to Bridge at Clove River, Route 23, Sections 16B & 17A, Sussex County, have satisfactorily completed the work under their contract as of February 6, 1958 with the exception of some road items which work cannot be done until next Spring. This uncompleted work amounts to $5,017.80. It is, therefore, recommended that this project be semi-finally accepted and a semi-final estimate issued the contractor, withholding 2% of the estimated cost of completed work in the amount of $3,287.99 (2% of $164,399.35). Further there is approximately $5,600 of estimated completed work not included in the aforementioned estimate. This amount should be withheld making a total amount to be withheld on road items of $8,887.99. With regard to the bridge work which was completed on October 7, 1957, it is recommended that the contractor be authorized final payment withholding $700. to guarantee final cleaning up which is expected to be done in the Spring and it is further recommended that final payment be made to the contractor for Bridge Items when this work has been completed to the satisfaction of the Bridge Division. (March 7, 1958)

10. Kingston Bituminous Products Company, contractors for the construction of Northwest Ramp Connection at Jamesburg Road on Route 25, Section 33B, in South Brunswick Township, Middlesex County, have satisfactorily completed the work under their contract as of November 7, 1957. It is recommended that this project be finally accepted and a final estimate issued the contractor, withholding $1,900 to guarantee a satisfactory growth of grass as requested by the Maintenance Bureau. It is further recommended that final payment be authorized the contractor when an approved growth of grass has developed. (February 28, 1958)

Palisades Interstate Parkway-Section 2H

11. Under date of September 3, 1955, final acceptance was authorized of D. Cutrupi & Sons, Inc., contract for the construction of Palisades Interstate Parkway, Section 2H, and subsequently on January 5, 1956 final invoice, in the amount of $561.46 which was the balance due the contractor plus extra work, reduction orders and guarantee bond form to effectuate final payment, were forwarded to Mr. D.F. DeLear, Trustee of the bankrupt contractor. They were forwarded for execution upon advice of the Deputy Attorney General. On April 16, 1957 we billed the Surety for $1,125.73 for repairs on the above mentioned contract which repairs were performed by the Maintenance Division. On July 11, 1957 the Surety forwarded the Highway Department a check for the difference between what was due the contractor on a final invoice and not yet paid and the amount billed which difference amounts to $564.27. The Surety is now requesting that he be released from all claims arising out of its bond. All claims against this contract have been satisfied with the exception of an amount of $2,262.43 filed by Frapaul Construction Company, Inc., but which claim is now nullified because of Statute of Limitations as affirmed by Mr. Joseph Lipkin, Deputy Attorney General. Therefore, in order that the contract record pertaining to this project be closed, it is recommended that the above settlement by the Surety be approved and that the contract be cleared without the extra work, reduction orders and guarantee bond provided by the specifications. (March 4, 1958)

Condemnation proceedings were previously authorized at which time our plan provided for the acquisition of slope rights only, and the owners were demanding in excess of $2,000. The plan was (cont'd)

(cont'd)
subsequently revised to include not only slope rights but the right to construct and maintain an extension to the existing culvert and headwall and the right to regrade and maintain the existing ditch. Continued negotiations have resulted in the execution of an agreement providing for conveyance of all of these rights at a consideration of $925. It is recommended that this agreement be approved and that condemnation proceedings previously authorized be discontinued. (March 24, 1958)

Right of Way-Route 38 Widening

49. There is presented again the matter of acquisition of property on Route 38, Section 1 Widening, from Connecting Road to Kings Highway, Parcels R1,R2A,R2B & 4, Ottavio J. Cinelli & wife. Condemnation proceedings were previously authorized because the owner was demanding in excess of $250,000. The map was subsequently changed to deny access to remainders adjacent to Parcels R1,R2A & R2B. An agreement has now been executed and submitted in the sum of $160,000. It is recommended that this agreement be approved and that condemnation proceedings previously authorized be discontinued. (March 21, 1958)

Right of Way-Route FAI-108-1-(12)

50. There is presented again the matter of acquisition of property on Route FAI-108-1-(12)/North-South Freeway (FAI-109) to Verga, Parcel 23, Industrial Fabricators Products, Inc. Condemnation proceedings were previously authorized because the owner's demand of $32,000 was considered excessive. 56. There are presented report and appraisal with map and description on Route FAI 108-2-(1), North-South Freeway (FAI 109) to Warwick Road, Parcel 40B, John F. Lafferty and wife. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing in the premises. The owner is demanding $12,000 which is considered excessive. (March 18, 1958)

Right of Way-Route FAI-108-2-(1)

57. There are presented report and appraisal with map and description on Route FAI-108-2-(1), North-South Freeway (FAI 109) to Warwick Road, Parcel 195, Harry Rowe and wife. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing in the premises. The owner refuses to enter into negotiations unless the State acquire his entire property. (March 18, 1958)

Right of Way-Route FAI-108-2-(1)

58. There is presented again the matter of condemnation of lands on Route FAI 108-2-(1), North-South Freeway (FAI 109) to Warwick Road. Condemnation proceedings were previously authorized for the acquisition of Parcel 39, David R. Jenkins and wife. The title search revealed that the Easterly portion of this parcel is owned of record by the Borough of Haddon Heights necessitating a subdivision of the parcel into Parcel 39A owned by David R. Jenkins and wife and Parcel 39B owned by the Borough of Haddon Heights. Negotiations were conducted with the owners of Parcel 39A for which they are asking the sum of $10,000. Negotiations are being conducted with the Borough of Haddon Heights for Parcel 39B. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of Parcel 39A in fee simple subject to any public utilities existing in the premises; and that condemnation proceedings previously authorized for Parcel 39 be rescinded. (March 24, 1958)

Right of Way-Route 6

59. There is presented again the matter of condemnation of lands on Route 6, Section 1K, from Teaneck Road to Grand Avenue, Parcel 2R9, Alfhild Mellor, et al. An award by condemnation commissioners in the sum of $10,200 plus interest from 7-7-52 was previously approved. However, the owner appealed. At the trial of appeal, the testimony on behalf of the State ranged from $9,130 to $9,250 and the testimony on behalf of the owner was in the sum of $47,000. The Jury rendered a verdict in the sum of $18,800 to which interest at 5% in the sum of $5,300.05 has been added from 7-7-52 the date of entry, to 2-25-58, the date Judgment was entered. It is recommended that authority be granted to pay the Judgment in the sum of $24,100.05, plus interest to the date of payment. (March 17, 1958)

- - - - - - - - -

60. There is presented again the matter of condemnation of lands on Route 6, Section 1K, from Teaneck Road to Grand Avenue, Parcel 2R9, Alfhild Mellor, et al. The Jury award in this case was previously reported as $18,800. (See below) 5% in the sum of $5,325.20 has been added from 7-7-52, the date of entry, to 2-25-58, the date Judgment was entered. It is recommended that the previous action of March 17, 1958, be rescinded and that authority be granted to pay the Judgment in the sum of $24,205.20, plus interest to the date of payment. (March 24, 1958)

Right of Way-Route 1 (1927)

61. There is presented again the matter of acceptance of two deeds on Route 1(1927), Section 16, Ridgefield Traffic Circle to Fairview Avenue from Bellman Brook Bleachery-Parcel RE20A (a permanent slope easement) and Parcel RE20B-an easement for the construction of a temporary right of way and release of claim for cost of water. Authority was previously granted to accept these two deeds and to pay a consideration of $1,650 therefor. The Title Bureau reports that there exists of record a $350,000 bond mortgage affecting this property. Inasmuch as the bulk of the $1,650 consideration agreed upon is for the temporary roadway and reimbursement for water purchased during construction, it is recommended that authority be granted to accept these two deeds endpay the consideratin of $1,650 without requiring the Company to secure a release of the $350,000 bond mortgage. (March 18, 1958)

Right of Way-Route 42 (No.-So. Freeway)

62. There is presented deed for conveyance of Parcel VR116B, Route 42 (North-South Freeway), Section 12, Morgan Boulevard to Route 45 (1927), together with report from the Title Officer. This conveyance is being made in accordance with an agreement approved of the State Highway Commissioner January 13, 1958, underthe terms of which Charles E. Shutter, et ux, has conveyed to the State Parcel E136 at a consideration of $2,500 plus conveyance of Parcel VR116B. It is recommended that the deed from the State to Charles E. Shutter, et ux, covering Parvel VR116B be executed, and authority granted to make delivery of same. The State Highway Commissioner does hereby determine that Parcel VR116B is no longer required for the use of the State of New Jersey in the improvement, betterment, reconstruction or maintenance of any State Highway.

Claims-Settlements

11. There is presented a claim arising out of an automobile accident on December 19, 1957, at the intersection of Browning Road and Kings Highway, Bellmawr, New Jersey, and involved a vehicle owned by the New Jersey State Highway Department and operated by Paul Mott, Jr. As the result of the abovementioned accident Highway vehicle 113HY was damaged and had to be repaired at a cost of $274.17. Investigation by the Claims Bureau indicated that the State Highway vehicle was traveling on Browning Road, which is a through street, and the vehicle operated by Mr. Wade was traveling on Kings Highway, which is a stop street. Further investigation disclosed that the stop sign at this intersection had been reversed the day before this accident occurred. Careless driving charges preferred against both drivers were dropped at a police court hearing on the grounds that the stop sign was reversed and Mr. Wade, who is a local resident and familiar with the intersection, was not aware that the reversal had taken place. Mr. Wade's vehicle was struck on the right side and rear by the front of the State highway vehicle. Recent nogtiation with the insurance company representing Mr. Wade resulted in their offering to compromise our claim, in view of the fact that their assured was traveling on a road known to him to be a through street and the fact that the front of the State Highway vehicle struck the extreme right rear of their assured's car. Continued negotiation resulted in an offer by the insurance company of 90% of our property damage claim in the amount of $274.17. In view of the fact that it would cost the State more than the sum of $27.42 in order to produce the necessary witnesses in the event of trial, it is recommended that this offer be accepted in accordance with Mr. Levine's memorandum, attached hereto, and the approval of the Deputy Attorney General for the State Highway Department. (April 17, 1958)

Route 1 (1927), Section 5B, Routs US 1 & 9 Truck (19

12. Approval is recommended of the attached print of the General Property Parcel Map for Route 1 (1927), Section 5B, Routes U.S. 1 & 9 Truck (1953), from Broadway to Communipaw Avenue (Improvement of Intersection at Duncan Avenue), showing Existing Right of Way & Parcels to be acquired in the City of Jersey City, County of Hudson, to be filed in Hudson County. (April 17, 1958)

Route 108, Section 2

13. There is presented herewith the matter of a change of plan and estimate of extra costs for the rearrangement of proposed sanitary sewer facilities now under construction by the Borough of Bellmawr Sewerage Authority to accommodate the construction of Freeway Interstate Route 108, Section 2, in the Borough of Bellmawr, Camden County, New Jersey. In connection with the attached proposition, it is recommended that the State Highway Commissioner approve the contract prices and also approve reimbursement to the Sewerage Authority for the additional construction costs in the amount of $13,655 plus engineering fees of 8% of the total construction cost involved ($18,754) being an amount of $1,500.32 making a total amount for which the Sewerage Authority is to be reimbursed $15,155.32. (April 11, 1958)

STATE OF NEW JERSEY
STATE HIGHWAY DEPARTMENT
TRENTON

SCHEDULE OF APPROVALS - APRIL 30, 1958

Administration Items

ABANDONMENTS-ROUTE U.S. 130

1. Approval is recommended of the attached request for the abandonment of a portion of Route U.S. 130 in North Brunswick Township and the City of New Brunswick in Middlesex County, as a U.S. Route and designated that portion of the abandonment as Route 171. (April 23, 1958)

Prequalification of Bidders

2. In accordance with the revised regulations covering prospective bidders in Class "Z" (Unlimited), the following contractors have specifically submitted questionnaires to bid on Route 101, Section 2C:

Geo. M. Brewster & Son, Inc.
Elmhurst Contracting Co., Inc.
F.A. Canuso & Sons, Inc.
S.J. Groves & Sons Co.
Frederick Snare Corp.
Gull Contracting Co., Inc.
The Weldon Contracting Co.
C.J. Langenfelder & Son, Inc.
Franklin Contracting Co.
Berlanti Construction Co., Inc.
Peter W. Kero, Inc.
Villa Contracting Corp.

Approval is recommended that the above contractors be classified as "General Construction" - "Z" (Unlimited) as approved by the Prequalification Committee. Bids will be received May 13, 1958, in the State Highway Building, 1035 Parkway Avenue, Trenton, at 10:30 a.m. (April 29, 1958)

Claims-Settlements

3. There is presented a claim arising out of an accident occurring on August 8, 1956, involving State Highway Department Chevrolet 393 HY, and a vehicle owned and operated by A.J. Deiss. As the result of the aforesaid accident, the State vehicle was damaged and had to be repaired at a cost of $305.45. The insurance carrier, upon receipt of the Highway Department's bill, offered the sum of $225.71 in full settlement of the claim, contending that our labor charges were excessive. Subsequent negotiations by the Claims Bureau have resulted in the insurance company's agreeing to meet us half way on the difference between our original labor charges and their original offer, and, therefore, increased the offer of settlement from $225.71 to $266.08. In the event we elect to institute a suit to collect the full amount of this claim, it would undoubtedly cost the State more than the sum of $39.37 to produce the necessary witnesses to prove our case. Giving due consideration to the cost involved, as well as the time of the witnesses, we feel the State would be justified in accepting the sum of $266.08 in accordance with Mr. Levine's memorandum, attached hereto, and the approval of the Deputy Attorney General for the State Highway Department. (April 25, 1958)

4. There is presented a claim arising out of an accident occurring January 20, 1957 at the Victory Bridge, involving the Tug "Chemung" owned by the Diesel Vessel Operators, Inc. As the result of the aforesaid accident, the Victory Bridge fender system was damaged and had to be repaired at a cost of $129.31. Upon the presentation of our billing covering the aforesaid damage, the debtor's insurance manager contended that the crew of the Tug "Chemung" had no knowledge of causing any damage to the Victory Bridge fender system on January 20, 1957. After considerable negotiations, the debtor has agreed to pay the sum of $100 in full settlement of this claim. Taking into consideration the cost of instituting a District Court Action, it is recommended that this offer be accepted and the remaining $29.31 be cancelled. (April 23, 1958)

Right of Way-Route 4 ✓

62. There is presented General Property Parcel Map on Route 4, Section 4, Arcola to Hackensack River, Federal Project U-189-(11), showing property to be acquired from the Jay Company, designated as Parcel 122; together with memorandum from Mr. F.L. Gerard which has been approved by Mr. Giffin and Mr. Fritzsche. It is recommended that this plan be approved subject to such changes as may be necessary in order to conform with the construction plans as finally adopted and approved, and that authority be granted to negotiate for the acquisition of Parcel 122, the estimated cost of which is $35,000. It is further recommended that authority be granted to set up the sum of $35,000 (of which $17,500 will be Federal Aid Funds and $17,500 will be State Funds.) (April 23, 1958)

Right of Way-Route 35 ✓

63. There is presented General Property Parcel Map on Route 35, Section 4, Federal Project F-26-(4), Eatontown to Red Bank; together with memorandum from Mr. F.L. Gerard which has been approved by Mr. Giffin and Mr. Fritzsche. It is recommended that this plan be approved subject to such changes as may be necessary in order to conform with the construction plans as finally adopted and approved, and that authority be granted to negotiate for the acquisition of the necessary Right of Way, the estimated cost of which is $135,000. It is further recommended that authority be granted to set up the sum of $135,000 (of which, $67,500 will be Federal Aid Funds and $67,500 will be State Funds.) (April 25, 1958)

Right of Way-Route FAI 108-2-(5) ✓

64. There is presented a sheet of the General Property Parcel Map on FAI Route 108-2-(5), from Warwick Road to Route 73, showing property to be acquired from the Tavistock Country Club designated as Parcels R43 & R45. The Federal Participation date for Stage "1" on this project is March 13, 1957. In order for the Tavistock Country Club to properly accomplish the extensive relocation of their facilities, which is estimated to take from twelve (12) to eighteen (18) months, it is recommended that this map be approved subject to such changes as may be necessary in order to conform with the construction plans as finally adopted and approved, and that authority be granted to acquire Parcels R43 & R45 from the Tavistock Country Club. The estimated cost of these Parcels is $125,000, and authority is requested to set up this amount. (April 21, 1958)

Right of Way-Routes 29 & 33

65. There is presented again the matter of setting up of funds on the following projects:

Route	Section	Federal Project	Location
29	8D & 9K	F-178-(16)	Turnarounds at Washington Ave., Rock Ave., West End Ave., Wilson Ave. & North Drive
33	17	F-66-(6)-Portion	Corlies Ave. from Stokes Ave. to Golf Course
33	18	F-66-(6)-Portion	Golf Course to Garden State Parkway

The funds previously set up were for the property values only, and did not include acquisition costs. It is therefore recommended that authority be granted to set up acquisition costs on the above projects as follows:

Route	Section	Federal Project	Estimated Acquisition Costs
29	8D & 9K	F-178-(16)	$ 30,000.00
33	17	F-66-(6)-Portion	1,375.00
33	18	F-66-(6)-Portion	860.00

66. On March 24, 1958 the State Highway Commissioner approved the General Property Parcel Map on IN-101-4-(2), from Passaic River to New York, Susquehanna & Western Railroad. The designation of the number was incorrectly stated. In order to correct the record, it is requested that the Commissioner authorize the changing of the official action to read as follows: "There is presented the General Property Parcel Map on FAI-101-4-(2), from Passaic River to New York, Susquehanna & Western Railroad ***." All other wording of the action of March 24, 1958 is to remain the same as approved. Since many records throughout the Department and the Bureau of Public Roads already bear the approval date of March 24, 1958 it is suggested that the date for the approval of the correction remain as March 24, 1958. (April 28, 1958)

It is recommended that this agreement be approved and that condemnation proceedings previously authorized be discontinued. (April 21, 1958)

Right of Way-Route FAI-104-2-(2)

81. There are presented report and appraisal with map and description on Route FAI-104-2(2), U.S. Route 22 to Easton Avenue, Parcel 365, Mary Kornishow Czarov and Joseph, her husband. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing in the premises. The owner is demanding $1,000 which is considered excessive. (April 25, 1958)

Right of Way-Route 37

82. There are presented reports with reference to the agreement previously approved with the Borough of Seaside Heights on Route 37, Section 16, Pershing Avenue, Dover Township to Seaside Heights; Parcels 13A,13B,13C & R13D, in the sum of $550,000. Examination of the search reveals that the title to a portion of Parcel R13D (now designated as Parcel R13D1) is complicated by the terms and conditions in the deed from the Manhasset Realty Company to the Borough of Seaside Heights; and further, that the Borough has granted to the County of Ocean an easement over and across a portion of the remainder of Parcel R13D (now designated as Parcel R13D2). It is recommended that authority be granted to accept a deed from the Borough of Seaside Heights for Parcels 13A,13B,13C and R13D2, subject to the easement affecting Parcel R13D2; and to pay the sum of $355,000 therefor. It is further recommended that authority be granted to institute friendly condemnation proceedings to acquire good title to Parcel R13D1, based on a valuation of $195,000 with the understanding that an agreed award shall be entered in this amount, without interest. (April 24, 1958)

83.

Electrical Items

Signals-Traffic, Middletown Township, Monmouth Co.

20. There is presented from the Bureau of Electrical Operations report, agreements and plan covering the installation of a semi-actuated traffic signal, with pedestrian push buttons, at the intersection of Route 35 and Middletown-New Monmouth Road, Middletown Township, in the County of Monmouth. The estimated cost for this installation is $7,200. The State's share of the estimated cost will be $5,400, and the Township of Middletown will pay the remaining $1,800. There will be an annual maintenance cost to this department of $240. The Township of Middletown will pay the electric current operating cost. It is respectfully recommended that authorization be given to the Electrical Bureau to make the installation as outlined in report dated May 6, 1958, and the agreements, which have been approved by the Attorney General, be signed by the proper officials of this department. (May 9, 1958)

Right of Way-Route FAI 102-2-(8)

54. There is presented purchase agreement on Route FAI 102-2-(8), from Still Valley to a point East of Central Railroad of New Jersey; Parcels R18A1, R18A5 & R18B, Annie Janosa, widow, consideration $29,250. Approval is recommended. (May 6, 1958)

Right of Way-Route FAI 108-2-(1)

55. There are presented the following purchase agreements for acquisition of property on Route FAI 108-2-(1), North-South Freeway (FAI 109) to Warwick Road:

Parcel	Name	Consideration
57	Katherine Denneler, widow	$ 200.00
168F	Richard Picou & wife	275.00

Approval is recommended. (May 6, 1958)

Right of Way-Route FAI-101-2-(2)

56. There is presented a grant of Easement in the name of the New Jersey Power & Light Company on Route FAI 101-2-(2), Mt. Hope-Rockaway Road to Route U.S. 46 at Denville; Parcel UE192, Harry Harris & wife, consideration $100. Approval of the consideration provided for in the grant of Easement is recommended; and authority is requested to transmit this grant of Easement to the New Jersey Power & Light Company, with the understanding that the State will reimburse the power company under R.S. 27:7A-7. (May 6, 1958)

57. There is presented a Grant of Easement in the name of the New Jersey Power & Light Company on FAI-101-2-(2), Mt. Hope-Rockaway Road to U.S. 46 at Denville; Parcel UE193, Fred Kitchen & wife, consideration $330. Approval of the consideration provided for in the Grant of Easement is recommended; and authority is requested to transmit this Grant of Easement to the New Jersey Power & Light Company, with the understanding that the State will reimburse the Utility Company under R.S. 27:7A-7. (May 6, 1958)

Right of Way-Route FAI 101-2-(2)

58. There is presented a Grant of Easement in the name of the New Jersey Power & Light Company on Route FAI 101-2-(2), Mt. Hope-Rockaway Road to Route U.S. 46 at Denville; Parcel UE197, Richard S. Haines & wife, consideration $2,000. Approval of the consideration provided for/in the Grant of Easement is recommended; and authority is requested to transmit this Grant of Easement to the New Jersey Power & Light Company, with the understanding that the State will reimburse the Power Company under R.S. 27:7A-7. (May 6, 1958)

Right of Way-Route 39 (1927), U.S. 206 (1953)

59. There is presented again the matter of acquisition of property on Route 39 (1927), Section 2B, Route U.S. 206 (1953), Mansfield Square to the Pennsylvania & Atlantic Railroad; Parcel 7, Robert A. Cook & wife. Condemnation proceedings were previously authorized at which time the owners were demanding $14,500. An agreement has now been executed and submitted in the sum of $9,000. It is recommended that this agreement be approved and that condemnation proceedings previously authorized be discontinued. (May 6, 1958)

Right of Way-Route 42 North-South Freeway

60. There is presented again the matter of acquisition of property on Route 42, North-South Freeway, Section 12, Morgan Boulevard to Route 45 (1927). Condemnation proceedings were previously authorized for the acquisition of Parcel R74, Thomas E. Casey & wife. Subsequently, the plan was revised to Parcel 2R74 to include an additional area within the taking. It is recommended that the previous action covering Parcel R74 be rescinded and that condemnation proceedings be authorized for the acquisition of Parcel 2R74 in fee simple subject to any public utilities existing in the premises. The owner's reduced demand is $36,250 which is considered excessive. (May 6, 1958)

Right of Way-Route FAI-102-2-(4)

61. There is presented again the matter of condemnation of a slope easement on FAI-102-2-(4), from West of Clinton in the Vicinity of Clinton Farms to East of Clinton at the Westerly End of Route 67 Interchange, Parcel E3C, Monroe F. Demott on which condemnation proceedings were previously authorized. As a change in construction now eliminates the necessity of acquiring this slope easement, it is recommended that the previous action authorizing condemnation be rescinded and that the easement be not acquired. (May 6, 1958)

NO. 14 - 1958

STATE OF NEW JERSEY
STATE HIGHWAY DEPARTMENT
TRENTON

SCHEDULE OF APPROVALS - MAY 19, 1958

Administration Items

Regulations-Excess of Retained Percentage

1. Approval is recommended for making payment, to the contractors, of excess of retained percentage in accordance with Chapter 7, P.L. 1958, on all current contracts above the 50% set forth by Law. The payment of this retained percentage is agreeable to the Bonding Companies on these contracts now in effect. It is further recommended that this procedure be placed into effect on the next current estimates of the respective contractors. (May 15, 1958)

Services-Engineering ✓

2. Approval and execution is recommended of the attached agreement between Howard, Needles, Tammen & Bergendoff and the State of New Jersey relative to the performance of Engineering Services for the improvement of a portion of State Highway Route 18 (Federal Aid Road 43) specifically a grade separation over Route U.S. 1 with adequate turning ramps and marginal road facilities at School House Lane in East Brunswick Township on the east to a jug handle at George Street in New Brunswick on the west. The engineer's fee for this work will be based on 4.5% of a tentative engineer's estimate of $1,520,000 making a total amount to be set up to cover the work called for under this contract of $68,400. (May 13, 1958)

Services-Engineering - P.R.R. Company ✓

3. Approval is recommended of request of the Pennsylvania Railroad Company for payment of engineering services performed in conjunction with engineering studies made by the State for the Bayonne Freeway (Route 1 Underpass at Jersey City). This request for payment in the estimated amount of $4,205.62 is based on correspondence between the Railroad and this Department which correspondence is mentioned in the attached letter from the Railroad Company. These engineering studies have been reviewed by the Director & Chief Bridge Engineer who is satisfied that the engineering work was performed in accordance with understandings reached between the Railroad and the State. It is, therefore, recommended that an amount be set up covering the estimated cost of $4,205.62 plus a contingency amount of $294.38 making a total of $4,500 to be set up to cover the Engineering Services. The Railroad Company to be notified to bill the department accordingly. (May 13, 1958)

Route 1 & 9 (1953) Truck, South Bound Ramp

4. To accommodate the construction of Route 1 & 9 (Truck) (1953) south bound ramp at Raymond Boulevard, it is necessary for the Public Service Electric & Gas Company to award the contract for test pit work to be done at State's expense in an estimated amount of $2,000 also a $500 contingency item should be added making the total amount to be set up for this test pit work $2,500. (May 13, 1958)

Route 25, Section 4 ✓

5. On account of the construction of the turnaround adjacent to the Raritan River Railroad on Route 25, Section 4, in the Township of North Brunswick, County of Middlesex, it is necessary for the Public Service Electric & Gas Company to relocate and replace two transmission line poles outside of the proposed turnaround roadway area. The Utility Company is to be reimbursed for the actual cost of this work which is estimated at $1,565 to which should be added approximately 10% making a total amount to be set up to cover the cost of this work $1,700. (May 13, 1958)

Route FAI 102 (Agreements) ✓

6. The construction of Freeway Interstate 102 in the Town of Clinton required the Town to rearrange some of its water facilities as covered by agreement dated July 25, 1957. In accordance with this agreement the State approved of the Town of Clinton awarding the contract for this rearrangement of water facilities to W.G. Fritz Company. After this work was completed by the Town's contractor the Town of Clinton was to continue the 6" pipe installation work with their own forces but due to the staging of the State's contractor's work the Town was unable to proceed with this work thereby exposing the end of the casing and plugged end of the 6" water main. This plugged end was braced by temporary timber thrust blocks. However, unusual heavy rains during this period caused the thrust blocks to fail and the water main pressure forced the last section of watermains to shift causing a leak in the last joint within the casing. It is, therefore, recommended that the Town of Clinton be reimbursed for the cost of repairing the water main within the casing and approval be

granted for the awarding of contract for this work to the W.G. Fritz Company on a cost plus basis and the work be done in accordance with Scheme "A" as indicated in the attached memorandum at an estimated cost of $700 and if this is unsuccessful then Scheme "B" should be attempted at an estimated cost of $1,200. To cover the work called for under this arrangement it is recommended that there be set up an additional amount of $1,995. (May 16, 1958)

Highway Planning-Statewide ✓

7. It is recommended that Project HPS-1(17), Statewide Highway Planning for planning, research & economics be submitted to the Bureau of Public Roads for program approval. Approval of this project will obligate 1-1/2% of the 1959 Fiscal Year Federal aid apportionments. The proposed set-up of funds for the project in each program follows:

Type of Funds	Item No.	Ratio	Total	Federal	State
Primary	138	50-50	155,362	77,681	77,681
Urban	177	50-50	287,510	143,755	143,755
Secondary	205	50-50	52,416	26,208	26,208
Interstate	39	90-10	798,478	718,630	79,848
			$1,293,766	$966,274	$327,492

Right of Way Items

Right of Way-Route 10 ✓

61. There is presented a print showing easements to be acquired on Route 10, Section 1, Hanover to Whippany, together with memorandum from Mr. H.N. Rigby which has been approved by Mr. Giffin and Mr. Fritzsche. It is recommended that this plan be approved subject to such changes as may be necessary in order to conform with the construction plans as finally adopted and approved, and that authority be granted to negotiate for the acquisition of the necessary right of way, the estimated cost of which is $500. It is further recommended that the sum of $500 be set up. (May 19, 1958)

Right of Way-Route 27 (Old Route 1) ✓

62. There is presented again the matter of approval of the General Property Parcel Map showing easements to be acquired on Route 27 (Old Route 1), Section 8, Leesville Avenue-Milton Avenue, Rahway, which map was previously approved and authority granted to negotiate for acquisition of the necessary right of way with no request for funds. It has been determined that the title as listed above is incorrect and should read as follows: Route 27 (Old Route 1), Section 8A, St. George's Avenue, Rahway. It is recommended that the previous action be rescinded and that the General Property Parcel Map on Route 27 (Old Route 1), Section 8A, St. George's Avenue, Rahway, be approved subject to such changes as may be necessary to conform with the construction plans as finally adopted and approved, and that authority be granted to negotiate for the acquisition of the necessary right of way. The owners verbally agreed to convey these easements without cost; therefore no right of way funds will be required. (May 12, 1958)

Right of Way-Route 39 Freeway ✓

63. There is presented a sheet of the General Property Parcel Map on Route 39 Freeway, Section 1, from abutment of Delaware River Bridge to Scotch Road, Federal Project F-203(2), showing property to be acquired from Sarah L. Perry, designated as Parcels 1A & 1B. In order that advertising the construction of the Main Bridge will not be delayed, it is recommended that this map be approved subject to such changes as may be necessary in order to conform with the construction plans as finally adopted and approved, and that authority be granted to acquire Parcels 1A & 1B from Sarah L. Perry. The estimated cost for these parcels is $50,000 and authority is requested to set up this amount. (May 12, 1958)

✓
Right of Way-Route 42 (1927), US 322 (1953)Wid.

64. There is presented General Property Parcel Map on Route 42 (1927), Section 6 Widening, Route U.S. 322 (1953), Weymouth to McKee City, together with memorandum from Mr. H.N. Rigby which has been approved by Mr. Giffin and Mr. Fritzsche, Federal Project F105-7. It is recommended that this parcel map be approved subject to such changes as may be necessary in order to conform with the construction plans as finally adopted and approved; and that authority be granted to negotiate for the acquisition of the necessary right of way. The estimated cost of this right of way is $72,000 and authority is requested to set up this amount from Item 33 of the 1957-58 construction program. (May 12, 1958)

Right of Way-Route FAI-101-2(7) ✓

16. Approval and execution is recommended of attached Order PUO-8-101-4 issued to the New Jersey Bell Telephone Company for the rearrangement of their facilities made necessary on account of the construction of Freeway Interstate 101-4 in the Borough of East Paterson, Bergen County. The Utility Company is to be reimbursed for the actual cost of this work which is estimated at $11,900.00 to which should be added a contingency of 10% making a total estimate cost of $13,090.00. (May 22, 1958).

Route 25, Section 4

17. Under date of March 18, 1958 the Commissioner approved of reimbursing the Sinclair Pipe Line Company for their pipe relocation to accommodate the construction of Route 25, Section 4, in the Township of North Brunswick, County of Middlesex, at an estimated cost of $32,175.00. It is now recommended that this Commission Action be rescinded in view of the fact that this estimate was based on highway planning which was done in 1956 and the approved estimates were based on estimates submitted by the company in September 1956. The company, however, now has a more detailed evaluation of the work and it is, therefore, recommended that the Sinclair Pipe Line Company be reimbursed for the cost of this work now known in the estimated amount of $52,697.02 to which an amount of approximately 10% should be added for contingencies bringing the total amount to be set up for this work to $57,900.00. (May 22, 1958).

Route S-28, Section 1

18. To accommodate the construction of proposed dualization of Route S-28, Section 1, in the Township of East Brunswick, County of Middlesex, it will be necessary for the East Brunswick Township Water Department to rearrange its existing 8" water main. It is recommended that the Township of East Brunswick be reimbursed for the cost of this work which is estimated at $550 to which should be added $250 for contingencies bringing the total amount to be set up at $800. Approval is further recommended in permitting the Township to award the contract for this work to C. F. Branco whose services are generally used by the Township of East Brunswick. (May 22, 1958)

FAI Route 101, Section 2

19. 75. There is presented a Grant of Easement in the name of the New Jersey Power & ✓ Light Company on FAI 101-2(2), Mt. Hope-Rockaway Road to Route U.S. 46 at Denville; Parcel UE200, Edward Utter and wife, consideration $2,800 - owner to retain and remove garage and bar-be-que pit. Approval of the consideration provided for in the Grant of Easement is recommended; and authority is requested to transmit this Grant of Easement to the New Jersey Power & Light Company with the understanding that the State will reimburse the Utility Company under R.S. 27:7A-7. (June 2, 1958)

Right of Way-Route U.S. 202 Freeway ✓

76. There is presented again the matter of condemnation of lands on Route U.S. 202 Freeway, Portion of Section 2 between Route 10 and Ridgedale Avenue; Parcels 13A & 13B1, Martha E. Cecere (widow). At the hearing before condemnation commissioners, the testimony on behalf of the State was in the sum of $45,000 and the testimony on behalf of the owner was in the sum of $74,000. The commissioners made an award in the sum of $46,200. As the owners still have beneficial use of this property, it is recommended that the award of $46,200 be approved, without interest. (May 30, 1958)

Right of Way-Route 37, Section 15 ✓

77. There is presented a report from the Title Officer on Route 37, Section 15, from Toms River Relocation at Washington Street to Thomas A. Mathis Bridge Approaches; Parcel 40, Shore Builders, Inc., on which an agreement in the sum of $1,500 was approved May 4, 1956. Examination of title has disclosed that the said Parcel 40 lies entirely within the bounds of Adams Avenue making it unncessary to acquire this parcel. It is therefore recommended that the agreement previously approved be rescinded and that the parcel be not acquired. Our plan has since been revised eliminating Parcel 40. (June 4, 1958)

Right of Way-Route FAI 104-2(2) ✓

78. There are presented report and appraisal with map and description on Route FAI 104-2(2), Route U.S. 22 to Easton Avenue, Parcel 357, George Wilson & Wife. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing in the premises. The owner is demanding $1,500 which is considered excessive. (June 2, 1958)

Right of Way-Route 37 ✓

79. There is presented a report of the public auction which was held for the sale of the buildings located on Route 37, Island Heights to Seaside Heights Bridge over Barnegat Bay & Approaches, Parcel R2, formerly George Benas. It is recommended that the bid in the amount of $200 which was made by George Benas of Toms River, New Jersey, be accepted and that authority be granted to have the successful bidder remove the buildings from within the highway right of way upon the payment of the full purchase price. (May 30, 1958)

83. There is presented again the matter of acquisiton of property on Route 26, Section 1, Project F-29(28) Trenton to D. & R. Canal, Parcel 114, Flint and Fulton Inc., successor by merger to Flint Frozen Food, Inc., Condemnation

proceedings were previously authorized at which time an agreement could not be reached. Subsequently information was made available concerning an existing lease to the National Dairy Association. It was determined that the contents of this lease had a definite bearing on the damages created and the appraisals were therefore revised to reflect this additional damage. Continued negotiations based on these revised appraisals have resulted in the execution and submission of an agreement in the sum of $2,000. It is recommended that this agreement be approved and that condemnation proceedings previously authorized be discontinued. (June 11, 1958)

Right of Way-Route 39 (1927), U.S. 206 (1953) ✓

84. There is presented again the matter of acquisition of property on Route 39(1927) Section 2B, Route U.S. 206 (1953) Mansfield Square to the Pennsylvania & Atlantic Railroad; Parcel 11, Alessandro Albanesi & wife. Condemnation proceedings were previously authorized at which time the owners were demanding $6,000.00. An agreement has now been executed and submitted in the sum of $3,800.00. It is recommended that this agreement be approved and that condemnation previously authorized be discontinued. (June 17, 1958)

Right of Way-Route FAI-108-2(1) ✓

85. There is presented again the matter of acquisition of property on Route FAI-108-2(1), North-South Freeway (FAI 109) to Warwick Road. Condemnation proceedings were previously authorized for the acquisition of Parcels 35A and 35B, Abe Morrovitz, at which time the owner was demanding $100,000.00. Title Search revealed that title to Parcel 35B is involved. Negotiations were continued however for the acquisition of Parcel 35A as a result of which an agreement has now been executed in the sum of $35,400.00. (The buildings on Parcel 35A have been demolished by the contractor). It is recommended that this agreement covering Parcel 35A be approved and that condemnation proceedings previously authorized on Parcels 35A and 35B be rescinded. (June 12, 1958)

Right of Way-Route FAI-108-2(5) ✓

86. There is presented again the matter of acquisition of property on Route FAI 108-2(5), Warwick Road to Route 73, Parcel 6, on which an agreement was previously approved with Edward W. Harmon and wife in the sum of $1,420.00. The Title Search revealed that this property is actually owned by Sumner G. Whittier as Administrator of Veterans Affairs. Negotiations with Mr. Whittier have resulted in the execution of an agreement in the sum of $1,420.00. It is therefore recommended that this agreement be approved and that the previous agreement with Edward W. Harmon and wife be rescinded. (June 12, 1958)

Right of Way-Route 25 (1927), U.S. 1 (1953) ✓

87. There are presented report and appraisals with map and description on Route 25 (1927), Section 5, Route U.S. 1 (1953) Amboy Ave. to Raritan River Bridge, Project U95 (24) Parcel 181, Estate of Michael Fox. Some of the heirs contacted are satisfied with our offer of $1,750.00. However, since approximately 24 heirs are involved and at this time there is no executor, it is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing on the premises. (June 11, 1958)

Right of Way-Route 35 ✓

88. There are presented report and appraisal with map and description on Route 35, Section 4, Project F26-(4) Eatontown to Red Bank, Parcel 12, William F. Noglows and wife. 91. There are presented report and appraisal with map and description on Route FAI-101-2(7) from a point west of Mt. Arlington Road to Union Turnpike, Wharton, Parcels 12A & 12B, Charles M. Bird and wife. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of these parcels in fee simple subject to any public utilities existing in the premises. The owner is demanding $12,000. which is considered excessive. (June 17, 1958).

Right of Way-Route FAI-104-2(2)

92. There are presented report and appraisal with map and description on Route FAI-104-2(2) Route U.S. 22 to Easton Avenue, Parcel 390, Edson Gardner and wife. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing in the premises. The owner is demanding $18,000. which is considered excessive. (June 17, 1958)

Right of Way-Route FAI-108-1(12)

93. There is presented again the matter of condemnation of lands on FAI-108-1(12) North-South Freeway (FAI-109) to Verga. Condemnation proceedings were previously authorized for the acquisition of Parcels 17B and 21, at which time the information available indicated both parcels to be owned by Bronislaw Czapkewicz and Mary Czapkewicz, his wife. Completion of the Title Search revealed these parcels to be owned as follows: Parcel 17B, Bronislaw Czapkewicz and Mary, his wife, owner's demand $47,000. Parcel 21, Bronislaw Czapkewicz, owner's demand $6,660. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of these parcels in fee simple subject to any public utilities existing in the premises, and that the previous action be rescinded. (June 17, 1958)

Right of Way-Route FAI-108-2(1)

94. There are presented report and appraisal with map and description on Route FAI-108-2(1) North-South Freeway (FAI-109) to Warwick Road, Parcel 2R174, Anna Burnett and James Burnett et als. It is recommended that authority be granted to institute condemnation proceedings for the acquisition of this parcel in fee simple subject to any public utilities existing in the premises. The owner is demanding $9,000.00 which is considered excessive. (June 12, 1958)

Right of Way-Route FAI-108-2(1)

95. There is presented again the matter of condemnation of lands on Route FAI-108-2(1) North-South Freeway (FAI-109) to Warwick Road. Parcel 35B, Abe Morrovitz. Condemnation proceedings were previously authorized for Parcels 35A and 35B. An agreement has since been secured for Parcel 35A. As title to Parcel 35B is involved, it is recommended that authority be granted to institute condemnation proceedings for the acquisition of Parcel 35B only in fee simple subject to any public utilities existing in the premises. (June 12, 1958)

101. There is presented a Grant of Easement in the name of THE NEW JERSEY POWER AND LIGHT COMPANY on Route FAI-101-2(2), Mt. Hope-Rockaway Road to Route U.S. 46 at Denville; Parcel UE-199, Estates, Incorporated, consideration $300.00. Approval of the consideration provided for in the Grant of Easement is recommended; and authority is requested to transmit this Grant of Easement to the NEW JERSEY POWER AND LIGHT COMPANY, with the understanding that the State will reimburse the Power company under R. S. 27:7A-7. (June 17, 1958)

Right of Way-Route S28

102. There is presented a report from the Title Officer together with a Release to Fred W. DeVoe and Joseph J. Messina, of drainage rights at above Station 97+85 and 103+28 on Route S-28, Section 1, Weston's Mill to Tanner's Corner. These drainage rights were previously included in a deed from the National Fireproofing Corporation to the State conveying Parcels 33A and 33B on Route S-28, Section 1. These drainage rights are no longer required and a Release is being given in accordance with the terms of an agreement with the successors in title, Fred W. DeVoe and Joseph J. Messina, covering Parcel E55 on Route S-28, Section 1. It is recommended that this Release be executed and authority granted to make delivery of same. (June 17, 1958)

- - - - - - - -

103. There is presented a report from the Title Officer concerning Route S28 (1927), Section 1, Weston's Mill to Tanner's Corner, Parcels 33A and 33B, on which a deed dated February 6, 1933 was previously delivered to the State

by the National Fireproofing Corp., owner of the property at that time. This deed included a clause relating to lateral support which right is no longer required by the State. The present owner of this property, 150-18 Realty Corp., et als., have requested that these rights be released. It is recommended that the additional release be executed and authority granted to transmit same to the present owner. (June 11, 1958)

Right of Way-Route 42 (No.-So. Freeway

104. There is presented an application for Riparian Grant from the Department of Conservation and Economic Development on Route 42, Section 12, (North-South Freeway), Morgan Boulevard to Route 45(1927), Parcel 2RT3K, tributary to the main branch of Newton Creek. It is recommended that this application be executed by the Commissioner so that the same can be formally presented to the Department of Conservation and Economic Development; and that authority be granted to make payment in the sum of $730.00 upon execution and delivery of this grant. It is further recommended that Parcel RT3K be deleted from our previous application. (June 12, 1958).

Right of Way-Route 4 Parkway

105. There is presented again the matter of acquisition of property on Route 4 Parkway, Section 22, connection from Rt. 4 to Rt. 4 Parkway at Dover Road, Parcel 4, Heirs of John Rumack et al. Condemnation proceedings were previously authorized because of title complications. The completion of Title Searches reveals that this parcel is owned by the New Jersey Highway Authority. There is some question as to the location of the line of the railroad mentioned in the description of Parcel 4. Therefore, the State secured allthe right, title, and interest, of the Pennsylvania and Atlantic Railroad Company in and to Parcel 4 when acquiring Parcels R2A1 and R2A2. As there are no outstanding rights held by any individual, it will not be necessary to institute condemnation proceedings. It is therefore recommended that the previous action authorizing condemnation be rescinded. (June 17, 1958)

Respectfully submitted,

Kenneth D Rice

Kenneth D. Rice,
Secretary

The Approvals as indicated in this Schedule
are hereby ratified and confirmed.

State Highway Commissioner

NO. 18 - 1958

STATE OF NEW JERSEY
STATE HIGHWAY DEPARTMENT
TRENTON

SCHEDULE OF APPROVALS - JUNE 30, 1958

Administration Items

Taking Over-Route 77 (1953), Pearl St. ✓

1. It is recommended that the Commissioner's action approved May 30, 1958 relative to the Determination & Order taking over a portion of Pearl Street, in the City of Bridgeton, be rescinded and the attached Determination & Order be substituted therefor, taking over for construction and maintenance after construction that portion of Route 77 (1953) namely, Pearl Street, in the City of Bridgeton, Cumberland County, extending southwestwardly from the Central Railroad of New Jersey to Broad Street together with such intersections of intersecting streets as shown on the attached plan. (June 17, 1958)

Federal Aid Highway Program-"D" Funds ✓

2. It is recommended that the attached projects be submitted to the Bureau of Public Roads for Program Approval and use of "D" Funds of Federal Aid Highway Act of 1958, Section 2(a), in accordance with the list submitted. (June 26, 1958)

Prequalification of Bidders

3. Approval is recommended of the attached list of assignment of classifications and/or reclassifications of prospective bidders as prepared by the Prequalification Committee in accordance with R.S. 52:35. The committee consists of the Comptroller, Director & Chief Road Engineer, Counsel, and the State Highway Engineer. (June 26, 1958)

Claims-Settlements ✓

4. There is presented claim arising out of an accident on February 18, 1958 at the intersection of Lexington Avenue Ramp, Route 46, Clifton, New Jersey, and involved a snow plow, license No. 4645 HY, operated by William Goodseer and vehicle license No. RK X61 NJ owned and operated by G.M. Thomson. As a result of this accident, the snow plow attached to vehicle 4645 HY was damaged and had to be repaied at a cost of $159.36. Investigation by the Claims Bureau disclosed that the State Highway vehicle was proceeding down the ramp from Lexington Avenue in order to make a U-turn at the turnaround where the ramp intersects with Route 46 northbound. The other vehicle driven by Mr. Thomson was proceeding north on Route 46. The collision occurred as the State Highway vehicle proceeded across the northbound lane of Route 46 in order to enter the turnaround. Negotiation with the insurance company representing Mr. Thomson resulted in their denial of legal liability on the part of their insured. The reason given was that the State Highway vehicle came down off the ramp, proceeded across the northbound lane of Route 46, and in essence cut off their assured's vehicle. Further investigation, followed by continued negotiation with the insurance company, resulted in the insurance company making an offer of $80.00, slightly over 50%, in full settlement of this claim. In view of the above and giving consideration of the cost to the State in order to produce necessary witnesses in the event of a suit, it would appear that the Department would be justified in accepting the offer of $80.00 in accordance with Mr. Charles I. Levine's report attached hereto and the recommendation of William J. McCormack, Deputy Attorney General, and the cancellation of the balance of the claim in the amount of $79.36. (June 26, 1958)

Services-Engineering ✓

5. It is recommended that an additional amount of $35,000 be set up to complete the engineering work on Routes 42 and 60 Freeway, which work is being performed under contract with Sherman, Tylor & Sleeper, Consulting Engineers. These additional funds to come out of the present year's Construction Funds. (June 26, 1958)

- - - - - - - - - ✓

6. Approval and execution is recommended of the attached agreement between Porter, Urquhart, McCreary & O'Brien, O.J. Porter & Company, Consultant, and the State of New Jersey covering understandings in connection with the performance of engineering work for the improvement of State Highway Route U.S. 1 from Stouts Lane to Colonial Lakelands, a distance of about 12.2 mile of 4-lane dualized roadway, New Jersey Project F-95(31). The Consultant's fee for this work will be based on 4% of a tentative estimate of costs of $3,800,000 or $152,000 and it is recommended that this amount be set up to cover the cost of the work called for under this agreement. (June 26, 1958)

Services-Engineering

7. Approval and execution is recommended of the attached agreement between John J. Kassner & Company, Consultant and the State of New Jersey relative to the performance of engineering services in connection with the improvement of State Highway Route 202 from Holland Brook in Branchburg Township to the Somerville Circle, a distance of about 5 miles. The Consultant's fee for this work will be based on 3.75 per cent of a tentative estimate cost of two million six hundred thousand ($2,600,000) or $97,500 and it is recommended that this amount be set up to cover the work called for under the agreeemtn. (June 23, 1958)

Agreements-Penna.-Reading Seashore Lines

8. Approval and execution is recommended of the attached Agreement between the State of New Jersey and the Pennsylvania-Reading Seashore Lines relative to the relocation and construction of track and the construction and maintenance of a bridge in the Boroughs of Mt. Ephraim and Bellmawr, Camden County, New Jersey, to carry said relocated track over Interstate Freeway Route 108. The proposed rearrangement of track caused by the construction of said bridge, affecting approximately 825 l.f. of track will necessitate certain work to be performed by the Railroad at the State's expense, which work is estimated at $10,470 less a salvage credit of $809 making a net estimated cost to the State of $9,661.00; to this should be added an amount of $20,000 which includes 10% contingency for Engineering and Railroad Inspection Service, making a total estimated cost to the State amounting to $29,661. (June 23, 1958)

Route 208 (1953)
Right of Way-Route 4, Sections 4F & 5C Widening ✓

138. There is presented again the matter of condemnation of lands on Route 4, Sections 4F & 5C Widening, Route 208 (1953) to Route 17; Parcel 6, Fiore Gorga & Wife. A Judgment in the sum of $11,415.84 was previously approved. Subsequently the owner appealed to the Appellate Division, which reversed the verdict. On appeal to the Supreme Court, the decision of the Appellate Division was affirmed, with some modifications as to Law. This resulted in a new trial before a Jury, at which the testimony on behalf of the State was $8,000 and the testimony on behalf of the owner ranged from $51,270 to $53,370. The Jury reduced the original verdict by $1,000, rendering a verdict in the sum of $9,750 plus interest at 5%, or a total Judgment of $11,096.04. It is recommended that this Judgment be approved, plus interest to the date of payment; and that the same be paid into Court to avoid the accruing of further interest, inasmuch as the owner is going to appeal to the Appellate Division. It is further recommended that the action of 1-9-57 approving the previous Judgment be rescinded. (June 27, 1958)

144. There is presented Deed of conveyance of Parcels V57B2,V57C2,V57D2,V57F2,57E on Route 2 (Rev. 1927), Section 7, Route 4 (Rev. 1927) to Wearimus Road, from the State of New Jersey to Emil Johannes Geering & Wife, together with report from the Title Officer. This conveyance is being made in accordance with an agreement approved by the State Highway Commissioner on 5/13/58 under the terms of which Emil J. Geering & Wife agreed to convey to the State Parcels E57G,E57H,E57K,E57L, E57M at a consideration of \$1.00 plus conveyance of Parcels V57B2, V57C2,V57D2,V57F2 57E. The search revealed that the Gerrings do not have good title to the land over which Parcel E57H is required. It is recommended that the agreement approved on 5/13/58 be consummated with this exception, inasmuch as Parcel E57H has only a nominal value of \$25.00; and that the Deed submitted herewith be executed, and authority granted to make delivery of same. The State Highway Commissioner does hereby determine that the above designated parcels of land are no longer required for the use of the State of New Jersey in the improvement, betterment, reconstruction or maintenance of any State Highway. (June 25, 1958)

Right of Way-Route 28-24 Connecting Link

145. STATE HIGHWAY DEPARTMENT
TRENTON

SCHEDULE OF APPROVALS - July 18, 1958

Administration Items

Prequalification of Bidders ✓

1. Approval is recommended of the attached list of assignment of classifications and/or re-classifications of prospective bidders as prepared by the Prequalification Committee in accordance with R. S. 52:35. The Committee consists of the Comptroller, Director and Chief Road Engineer, Counsel, and State Highway Engineer. (July 16, 1958)

Claims-Settlements ✓

2. This claim arises out of an accident occurring on October 6, 1956 at the intersection of Route 22 and Glenside Avenue, Scotch Plains, New Jersey involving a vehicle owned and operated by Joseph A. Gerwer. As the result of the aforesaid accident, an aluminum traffic light base was damaged and had to be repaired at a cost of $64.80.

Upon being presented with a bill, Mr. Gerwer advised that the accident in question occurred when the vehicle he was operating struck a stone on the highway which threw the wheel out of his hands causing him to lose control of the vehicle. He further advised that as the result of the accident his car had been damaged beyond repair and also he did not carry property damage insurance on his vehicle. Subsequent negotiations by the Claims Bureau resulting in Mr. Gerwer offering the sum of $35.00 in full settlement of his debt which amount would be paid on the installment basis in accordance with his financial ability to pay. The debtor has now completed his payments totaling $35.00.

In view of the circumstances under which the incident occurred and giving due consideration to the debtor's financial circumstances and the fact that his vehicle was not insured for property damage at the time of the accident, we feel that the department would be justified in accepting his offer of $35.00 and it is our recommendation that the offer be approved. (July 14, 1958)

Utilities-Route FI Route 108-2 ✓

3. Approval and execution is recommended of the attached Order issued to the Public Service Electric & Gas covering understandings in connection with the rearrangement of their facilities made necessary on account of the construction of Freeway Interstate Route 108-2 in the Borough of Mt. Ephraim, Camden County. The Utility Company is to be reimbursed for the actual cost of this work which including contingencies is estimated at $3,337.00. (July 14, 1958)

Utilities-Route 101-2 ✓

4. Approval and execution is recommended of Order No. PUO-9-101-2 issued to the New Jersey Power and Light Company covering understandings in connection with the relocation of their facilities made necessary on account of the construction of Freeway Route 101-2 in the Townships of Rockaway, Jefferson and Roxbury, Boroughs of Wharton and Mount Arlington, County of Morris. The Utility Company is to be reimbursed in the estimated amount of $451,000 which includes approximately 10% contingencies. (July 10, 1958)

Agreements-P.R. Seashore Lines ✓

5. It is recommended that the following correction be made on Commission Action approved on June 23, 1958 relative to the Agreement between the State of New Jersey and the Penna. Reading Seashore Lines: To the estimated cost for track work of $9,661.00 there should be added $10,339 which includes 10% approx. for contingency for Engineering and Inspection service, instead of the $20,000 mentioned in the original Action; thereby making a total estimated cost to the State amounting to $20,000 and not $29,661.00. (July 9, 1958)

Services - Engineering ✓

6. To accommodate the construction of State Highway Route 169, Point Breeze to Constable Hook, City of Bayonne, and Jersey City, County of Hudson it was necessary for the Pennsylvania Railroad Co. and Bayonne Industries Incorporated to perform certain engineering work in connection with the rearrangement of their facilities. The Design and Preparation of Drawings and Specification required by Bayonne Industries was done for them by Consulting Engineer, E. Lionel Pavlo and amounted to $7,665.78 (Bill Attached, payment to be made direct to Pavlo). The Electrical Engineering Work and Actual Electrical Rearrangement Work was done by the Pennsylvania Railroad Company and amounted to $13,055.14 (Bill Attached). It is therefore recommended that these two (2) bills be paid in the amounts indicated. (July 8, 1958)

7. Approval and execution is recommended of the attached Agreement between the State of New Jersey and Goodkind and O'Dea, Consultant, relative to the performance of engineering services in connection with the improvement of Route 208 from Goffle Road northwardly to an intersection with State Highway Route US. 202 at Oakland (Federal Aid Road 8) a distance of about 6.2 miles in length. The Consultant's fee for this work will be based on 4.45 per cent of a tentative estimate of cost of $2,000,000.00 or $89,000.00; and it is recommended that this amount be set up to cover the cost of the work called for under this agreement. (July 3, 1958)

Agreements - Route 39, Section 2B

8. Approval and execution is recommended of the attached agreement between the Owner, George G. Aaronson and the State of New Jersey in connection with the relocation and installation of 510 lineal feet of new field drain to be done by the owner at a cost of $150, and the State is to pay the owner this sum upon completion of the work. This condition resulted when Route 39, Section 2B was constructed and operating field drains belonging to the owner were inadvertently blocked. (July 3, 1958)

Route FAI Route 104

9. The proposed construction of Freeway Interstate Route 104 in the Twp. of Edison will cross a 24" force Main Sewer which is now under construction as a joint endeavor between the Borough of Metuchen and Twp. of Edison. In order that this construction of sewer force main conform with the Department's practice of Freeway construction, it is proposed to place the proposed sewer in a 48" reinforced concrete pipe and also provide a by-pass casing parallel to the said sewer as shown on the attached plan. This scheme will result in additional cost to the Borough in the estimated amount of $28,320 and it is recommended that the Borough of Metuchen be reimbursed for this amount. (July 10, 1958)

NO. 20 - 1958

SCHEDULE OF APPROVALS - JULY 25, 1958

Administration Items

Claims-Settlements

1. This claim arises out of an accident occurring on November 20, 1955 involving a vehicle owned and operated by John Henderson. As the result of the aforesaid accident, a highway traffic signal located at the intersection of Route 4N and Bangs Avenue, Asbury Park, New Jersey, was damaged and had to be repaired at a cost of $426.93. The accident occurred when the vehicle operated by John Henderson left the roadway, mounted the curb, struck the traffic signal and killed a pedestrian and seriously injured another. The pedestrians were standing at the corner and were personal acquaintances of the operator of the vehicle. It was contended that Henderson deliberately drove his car on the sidewalk with the intent of striking the pedestrians. He was indicted by the grand jury and on the advice of his counsel, pled guilty to manslaughter and received a sentence to 8 to 10 years in the New Jersey State Prison. Mr. Henderson is currently serving his term at the State Prison in Trenton. The vehicle involved was insured for property damage and liability insurance, but the insurance company refused to make any payment to the injured persons or the State on the grounds that the accident arose out of a deliberate act. As the result of the insurance company's stand with reference to our claim, the Claim Bureau instituted a District Court Action against Henderson. The insurance company recently defended an action brought by one of the injured pedestrians and were successful in their defense, having received a verdict of "no cause for action". The insurance company has agreed to offer the State 50% of its claim in order to eliminate the necessity of trying our District Court Action. In the event our District Court Action was tried and we were successful in obtaining a judgement, there is a very good possibility the insurance company would be let out on the grounds that our claim arose out of a deliberate act and that they would not be required to pay a judgment under the terms of the policy. Considering the fact that the defendant, John Henderson, is still in the State Prison and in all probability remain there for some time to come, our chances of collecting the judgment from him would appear remote. In view of the foregoing and giving due consideration to all the circumstances involved, we feel the department would be justified in accepting the offer of settlement and it is our recommendation that the offer be approved in accordance with Mr. Levine's report, attached hereto, and the recommendation of William J. McCormack, Deputy Attorney General. (July 21, 1958)

No Parking Zones ✓

2. In accordance with the provisions of s. 78, c. 23, L. 1951 (c.39:4-138.1), it is recommended that the attached regulations be adopted establishing "No Parking Zones" along Route 27 (1953) (1927) Borough of Metuchen in Middlesex County; and that Regulations RP-56-27 adopted 10/25/56 and approved 11/1/56 and RP-57-36 adopted 10/31/57 and approved 11/13/57, be rescinded. (July 23,1958)

No Passing Zones ✓

3. In accordance with the provisions of s. 114, c. 23, L. 1951 (c.39:4-201.1), it is recommended that the attached regulation be adopted establishing "No Passing Zones" along Route U.S. 40 and 45 (1953) 45 (1927) Pilesgrove Township and Woodstown Borough in Salem County. (July 23, 1958)

Agreements-Township of Neptune, Brighton Avenue ✓

4. Approval and execution is recommended of the attached agreement between the Township of Neptune and the State of New Jersey relative to the construction by the State of additional surface and drainage items at Brighton Avenue which is beyond the limits of State Highway contract on Route 33, Sections 17A and 18. The Township is to reimburse the State for the actual cost of this additional work which is estimated at $482.70. (July 24, 1958)

Agreements-County of Monmouth

5. Approval and execution is recommended of the attached agreement between the County of Monmouth and the State of New Jersey relative to the construction of drainage improvements at the intersection of New Jersey State Highway Route 35 and White Road in the Borough of Shrewsbury which improvement will be undertaken as a joint project. The State is to pay 25% of the actual cost to the County for the State approved work which is estimated at $5,831.80 but in no event is the State's share to exceed $1,500.00. (July 24, 1958).

Agreements-County ofCamden
Route 27, Section 23

6. Approval and execution is recommended of the attached agreement between the County of Camden and the State of New Jersey relative to the construction of a drainage facility on Route 108, Section 2A on Bell Road. The County of Camden, after construction by the State of a adequate drainage outfall, will connect its drain line with an inlet on Bell Road. The County is to pay the State an estimated cost of $1,120.00 which represents additional expenses incurred by the State by increasing the size of the drain pipe involved. (July 21, 1958)

Construction Items

Route 25A (1927), Section 2D, Route 58 (1953)

7. Approval is recommended in granting an extension of time of 23 working days to Halecrest Company, contractor for the construction of Route 27, Section 23. The reason for this request is that the contractor's operations were suspended from June 4 to July 7, 1958, during which time the Bureau of Maintenance raised and paved low sidewalk areas near the easterly end of the project where sidewalk areas ponded contributing to instability of the roadway pavement base course and following complaints of abutting property owners, it was determined to have the low sidewalk areas raised and paved by our Maintenance Bureau. (July 23, 1958)

Route S-40 (1927), Section 5-D, Route 72 (1953)

8. Approval is recommended of request of Standard Bitulithic Company of Newark, New Jersey, contractor for the construction of Route 25A (1927) Section 2-D, Route 58(1953) from Hamilton Street to Harrison Avenue, in the Town of Harrison, Hudson County; New Jersey, to sublet Items Nos. 7, 8, 9, 15, 16, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 32, 33, 34, 35 and 36 of the Proposal, consisting of Excavation, Concrete Pavement, Drainage, Monuments, Curb Removal and Electrical work, in the amount of $10,884.55, or 17.712% of the total contract amount to Central Construction Company, PO Box 797, Clark, New Jersey. (July 24, 1958)

STATE OF NEW JERSEY
STATE HIGHWAY DEPARTMENT
TRENTON

NO. 21 - 1958

SCHEDULE OF APPROVALS - JULY 31, 1958

Administration Items

Agreement-City of Trenton-Rt. 29 Pedestrian Overpasses

1. Approval and execution is recommended of the attached Agreement between the City of Trenton and the State of New Jersey relative to the sharing of responsibilities in connection with the construction of Pedestrian Overpasses on Route 29 Freeway, Section 13-C in the City of Trenton at South Hermitage and South Eastfield Avenues. (July 31, 1958)

Utilities-City of New Brunswick

2. It is recommended that Commission Action dated June 19, 1958 wherein $2,600.00 was set up for reimbursement to the City of New Brunswick for the rearrangement of its water facilities, be rescinded inasmuch as this estimated amount was incorrectly arrived at by the bidders because of an apparent misunderstanding of the two low bidders of the work involved which resulted in discrepancies and undetermined qualifications of work that might be involved and which were not properly covered in the lump sum amounts of original estimates. Therefore, the City of New Brunswick received new bids for this work, the low bidder being the Continental Construction Company whose bid was $2,850.00 plus contingencies bringing the total amount estimated to $3,500.00. It is, therefore, recommended that payment be made direct to the approved contractor, Continental Construction Company and that the City of New Brunswick and the contractor be so notified. (July 31, 1958)

Utilities-Edison Township, Middlesex County

3. On account of the construction of Turnarounds at Raritan River Bridge on Route 25, Sections 4G and 5L in the Township of Edison, County of Middlesex it is necessary for the Township to relocate a fire hydrant along the westerly side of Route 25. It is recommended that the Township of Edison be reimbursed for the actual cost of this work which is estimated at $411.66 plus a contingency of 10% making the total estimated amount to be set up for reimbursement to $450.00. (July 31, 1958)

Utilities-Route 104, Section 2

4. Approval and execution is recommended of attached Order No. PUO-3-104-2 issued to the New Jersey Bell Telephone Company relative to the rearrangement of their facilities made necessary on account of the construction of Freeway Route 104, Section 2 in the Township of Franklin and Borough of South Bound Brook, County of Somerset. The Utility Company is to be reimbursed for the estimated cost of this work which including contingencies, is estimated at $60,000. (July 31, 1958)

Utilities-Agreements-N.Y.S. & W.R.R. Company

5. Approval and execution is recommended of the attached Agreement between the New York, Susquehanna & Western Railroad Company and the State of New Jersey covering understandings in connection with the construction and maintenance of a 36" x 22" Corrugated metal pipe arch culvert, 10 gauge, bituminous coated, across the tracks and right of way of the Railroad and also for the construction of a headwall including ditches. The Railroad will derive no benefit from this construction and is, therefore, obligated to bear no part of the cost thereof. However, the State is to reimburse the Railroad in the estimated amount of $270.00 which includes contingencies which covers cost of track rearrangement and reconstruction work made necessary on account of the above construction. (July 31, 1958)

Claims-Settlements ✓

7. This claim arises out of an accident occurring on January 17, 1958 involving a vehicle owned by Harold R. Wesner, operated by Stanley Begonsky, and a vehicle owned by Nora F. Reed, operated by Donald J. Beemer. As the result of the aforesaid accident, traffic signal equipment was damaged and had to be repaired at a cost of $146.70. According to the police report, the driver of the vehicle owned by Nora F. Reed was charged with violation of a red traffic light signal. The other parties involved had a claim of approximately $5000.00 covering personal injury and property damage to their vehicle. The insurance carrier for the Reed vehicle disclaimed coverage on the grounds that their policy only covered vehicles owned by Mrs. Reed which were operated within a radius of fifty miles from Scranton, Pennsylvania. Inasmuch as the accident in question occurred in Middlesex County, there was no coverage on the vehicle. Investigation made by the Claims Bureau disclosed that, while the insurance company for Mrs. Reed could have disclaimed coverage for this accident, they have disposed of the other parties' claim of $5000.00 for $1000.00, representing 20% of their total claim. This figure was verified by David Kravitz, Esq., a local attorney who represents Messrs. Wesner and Begonsky. Negotiations by the Claims Bureau with the insurance carrier resulted in an offer of 50% in order to dispose of the State's claim. Subsequent negotiations by the Claims Bureau resulted in the insurance carrier offering the sum of $100.00 in full settlement. In view of the fact that the insurance company stated that they would disclaim coverage in the event of suit, and giving due consideration to the fact that the vehicles owned by Nora F. Reed are heavily mortgaged, it is our opinion that the State would be justified in accepting the offer of settlement rather than attempt to obtain a judgment which might very well be uncollectible. It is, therefore, recommended that the $100.00 offer of settlement receive favorable consideration in accordance with Mr. Levine's memorandum attached, hereto, and the recommendation of Deputy Attorney General William J. McCormack. (July 31, 1958)

8. This claim arises out of an accident occurring on February 23, 1958 at the 4 mile circle involving a vehicle owned and operated by John R. MacDonald. As the result of the aforesaid accident, electric directionary sign No. 966 was damaged and had to be repaired at a cost of $222.62. The Claims Bureau upon presenting the debtor with a bill for the Highway Department's damages, received a letter from an attorney representing Mr. MacDonald, advising that his client did not have insurance coverage at the time of the accident and was employed periodically in green houses as a laborer, receiving a weekly salary of approximately $50.00 a week. It was also pointed out that Mr. MacDonald was a widower with a young daughter four years old which he had to support. In order to dispose of the claim in accordance with his financial ability, a lumpsum offer of $115.00 was submitted. The vehicle involved was a 1951 Buick Sedan. In view of the circumstances under which the accident occurred and giving due consideration to the debtor's financial circumstances and his apparent conscientious effort to settle this claim in accordance with his financial ability to pay, we feel that the department would be justified in accepting his offer of settlement in accordance with Mr. Levine's memorandum attached, hereto, and the recommendation of Deputy Attorney General, Joseph Lipkin. NO. 23 - 1958

STATE OF NEW JERSEY
STATE HIGHWAY DEPARTMENT
TRENTON

SCHEDULE OF APPROVALS - AUGUST 15, 1958

Administration Items Acct. -

Claims-Settlement

1. The following relates to a claim of the New Jersey State Highway Department against one B. Van Doren Petroleum Carriers Inc. for damages to the Wilson Avenue Viaduct of the State Highway Department, U.S. Route #1-9, Newark, New Jersey caused by fire when the connecting assembly, known as the fifth wheel, between the tractor and trailer carrying gasoline pulled apart and as the result of the ensuing collision the trailer and its load were consumed by burning gasoline, which also caused the damage to the Highway structure. The total cost of repairs was estimated finally at $55,656.20.

Our investigation discloses that the carrier was insured by Traveler's Insurance Company, but the policy had a limitation of $20,000.00. The carrier itself, we have been advised by the attorney, J. Knox Felter, Esq. of Lebannon, New Jersey, owns a number of trailers and tractors which have been purchased over a period of several years. Most of these are a number of years old and have been subject to hard useage. It is a rather small company and its total assets do not permit the payment of more than about $10,000.00 toward this claim. Any greater payment, we are informed, would render the company insolvent and force it out of business. The insurance company has offered payment of almost all of the face value of its policy to the Highway Department. There are some obligations totalling somewhat less than $1000.00 to private individuals arising out of the same occurrence. These offers are made in order to settle the matter amicably and do not represent an admission of liability on the part of either the trucker or the insurance carrier.

We are thus in a position, if we accept the offer, to receive something over $29,000.00, or more than 50% of our actual costs without the need for litigation and without running the risk of an adverse decision in the event of suit. It is possible, in light of the information that the accident was caused by a latent defect of which presumably the owner of the trailer had no advance knowledge or notice and possibly no way of determining its presence through reasonable examination and tests, that we might not be successful in legal action against the owners of the trailer. It is also possible that even if we were successful, if such action resulted in bankrupting the debtor, that we would recover no more than the presently tendered amount.

Considering all of the circumstances, it is my recommendation that the offer in the sum of approximately $29,000.00 in full settlement of this claim be accepted and upon such acceptance the remainder of the claim be cancelled. (August 11, 1958)

2. This claim arises out of an automobile accident occurring on August 28, 1956, involving a vehicle owned and operated by George N. Romer and a locomotive of the Central Railroad of New Jersey. As a result of the collision of the above named vehicle and locomotive, traffic signal equipment was damaged and had to be repaired at a cost of $288.30.

Following the collision between Mr. Romer's vehicle and the locomotive, the vehicle continued on and struck the traffic signal pole. As a result of this accident, suit was started against the Railroad Company by Mr. Romer and was eventually settled out of court, whereby Mr. Romer signed a release in the amount of $1.00 to the Central Railroad of New Jersey. A passenger in the Romer' vehicle released the Railroad Company for the sum of $750.00. Mr. Romer's vehicle was not insured at the time this accident occurred.

Our investigation disclosed that Mr. Romer had no regular employment and was unemployed at the time our investigator called at his home. Subsequent negotiations by the Claims Bureau with Mr. Paul Anderson of the law firm, Jacob and Alfred Levinson, 265 Hobart Avenue, Perth Amboy, New Jersey, who represented Mr. Romer in his

(2. continued)
settlement with the Central Railroad of New Jersey, resulted in an offer by Mr. Anderson, on behalf of his client, of a 50% settlement of this claim. Mr. Anderson had previously advised this office that his client has current outstanding debts of nearly $900.00, and is employed at this time as a laborer with a weekly wage of $70,00 per week. Mr. Anderson further advised that his financial status is approaching that of a potential for bankruptcy.

In view of the circumstances under which this accident occurred, and the information received from Mr. Anderson concerning the financial status of George Romer, it is our opinion that the State would be justified in accepting the above offer of settlement, in accordance with Mr. Levine's memorandum attached, hereto, and the recommendation of William J. McCormack, Deputy Attorney General. (August 14, 1958)

Acct. Claims-Settlement

3. This claim arises out of an accident occurring on March 21, 1955 at the intersection of Jackson Avenue and Summit Street, North Plainfield, New Jersey, involving Ford Dept. 386 HY and a vehicle owned by Mary E. Lewis and operated by Raymond C. Lewis. As the result of the aforesaid accident, the Highway Department vehicle was damaged and had to be repaired at a cost of $53.80.

The insurance carrier for the Lewis vehicle originally turned down our claim on the basis that their assured's version of the accident indicated that the Highway Department operator was solely responsible for this accident. After subsequent negotiations by the Claims Bureau with the said carrier, they have agreed to pay 50% on our claim, namely, $26.90. It appears that the amount involved does not justify our instituting a District Court Action as it would cost the State more to obtain a judgment, if we were successful in obtaining a judgment, then the amount involved.

It is therefore our recommendation that the $26.90 offer be accepted in full settlement of our claim and the remaining like-amount be cancelled in accordance with Mr. Levine's memorandum attached, hereto, and the recommendation of illiam J. McCormack, Deputy Attorney General. (August 14, 1958)

Prequalification of Bidders

4. Approval is recommended of the attached list of assignment of classifications and/or re-classifications of prospective bidders as prepared by the Prequalification Committee in accordance with R.S. 52:35. The Committee consists of the Comptroller, Director and Chief Road Engineer, Counsel, and State Highway Engineer. (August 14, 1958)

I-A95-1(12)2, at their bid the lowest of seven (7) bids received on July 29, 1958 in the amount of $1,011,990.31. (August 14, 1958)

Route 37, Section 16, Mathis Bridge

12. Supplementing the action of August 4, 1958 which was lost, this action is resubmitted.

It is recommended that an extension of time of 58 working days be granted to Reid Contracting Company, contractor for the construction of Route 37, Section 16, Mathis Bridge to Seaside Heights. Approval of this extension is recommended for the following reasons:

1. Because of the extreme weather conditions during the Months of December, January and February, it is recommended that the contractor be allowed 30 working days. It is to be noted that recent specifications discontinue counting of working days during these Months.

~~Route 25 (1927), Sections 4G & 5L, Route U.S. 1 (1953)~~

2. Between March 1 and July 26, 1958, 13 working days were charged by the Bridge Division which would have not ordinarily have been counted by the Bureau of Roads Construction due to weather conditions. Thirteen (13) working days extension should be allowed for this.

3. An additional 15 working days should be allowed for Change Order No. 3 for which only 15 days were requested. This change involved 93,000 cu. yds. of material valued at $76,800. The work was at two widely separated locations and it was necessary to dredge in and out to reach these areas. Also unforeseen delays were encountered because of a submarine power cable which was replaced by an overhead line.

In summation, it is therefore recommended that a total extension of time amounting to 58 working days be granted to the contractor. (August 11, 1958)

Route 25 (1927), Sections 4G & 5L, Route U.S. 1(1953)
